At the Council Meeting held on Tuesday the 15th February 1955, three Council Resolutions were passed, one of the them being a Resolution on "The Mysore Public Service Commission (Conduct of Business and Additional Functions) Bill. 1955."

The relative Council file was submitted to the Minister for Law & Education at the Council Meeting for reference as desired by the Minister.

The Council Resolution on the subject has not yet been approved by the Minister for Law & Education, since the Minister wanted to go through the connected file once and then give his assent to the Resolution.

The Proceedings of this Council Meeting are kept in abeyance without submitting them to the Chief Minister and His Highness, for want of approval of the resolution on the above subject by the Minister for Law.

The Office copy of the Council Proceedings together with the original Council Resolution on the subject mentioned above are placed below.

Submitted for orders.

8) As the Minister for Law & Education desired to peruse the file again before subscribing his acceptance to the resolution, the main file was sent to the Council Meeting on 15. 2. 55. It appears that this file has some how got mixed up with other files and did not reach the Minister for Law & Edn. A search was effected in the Council section, in the establishment of the Minister for P. H. & L. S. G., and in the ~~Ma~~establishment of the Minister for Law & Edn, but the file could not be traced so far.

9) On account of the non-acceptance of this particular resolution by the Minister for Law & Edn without once going through the file, the entire Council Proceedings of the 15th Feby 55 has been held in abeyance, without its ~~forwarded~~ submission to the Chief Minister and then on to His Highness the Rajpramukh.

In view of the non-availability

17) With reference to the proviso to Sub-clause (3) of clause 1 of the First Schedule of the Bill, the P.S.C. have stated that there is no need for such a power being vested in Govt. as the Commission is required to invite the Head of the Department or his representative to be present at the interviews for selection of Candidates, as per Rule 4 of the Mysore P.S.C. (Functions) Rules, 1953. As per Rule 4, the Commission is required to invite the Head of the Department only when the interview is conducted as a part of the competitive examination for direct recruitment or when the written examination conducted for direct recruitment comprises only interview only. There is no obligation on the part of the P.S.C. to follow this procedure in cases where they have to interview candidates for purposes of promotion from one cadre to another, for e.g. from Non-Gazetted to Gazetted rank. 26/12
Remis

94) The matter under consideration on these papers is regarding legislation to regulate the conduct of business by the P.S.C. and to entrust to it certain additional functions.

95) There already exist three sets of rules relating to the composition and the working of the P.S.C. Viz.,

(1) "Mysore Public Service Commission Regulation, 1950", (Framed under Art.318 of the Constitution) relating to the composition of the Commission and the conditions of Service of the members thereof

(2) " Mysore Public Service Commission(Functions) ules, 1953", relating to the duties and unctions of the Commission.

(3) "Mysore Public Service Commission Regulation (Limitation of Functions) 1953" (Framed under Art 320(3) of the Constitution) relating to matters excluded from the purview of the Commission.

96) The rules mentioned above do not contain any provisions regarding the procedure to be followed by the Commission in the performance of its functions. It is now proposed to prescribe such a procedure and also to entrust the Commission with certain additional functions relating mainly to the conduct of examinations, which are under the present arrangements being conducted by the Mysore Local Service and Pleaders' Association and to the exercise by the Commission of functions in regard to services and posts under certain local bodies, in the same manner as in the case of posts and services under Government. The proposals in that behalf are as embodied in the Mysore P.S.C.(Conduct of Business and Additional Functions) Bill, 1955, which has once been approved by scrutinising Committee (consisting of the Minister for Revenue and Public Works, the Chief Secretary, the Secretary, Law Dept., the Additional Secretary to Govt., for Revision of State Laws and the Assistant Advocate General) and also by Government.

'A'

97) The Bill was to be placed before the Legislatur after being shown to the P.S.C. The Commission

however suggested deletion of the proviso to Sub-clause(3) of clause I and clause(7) of the First Schedule to the Bill. The matter was put up to the Council for consideration of the P.S.C.'s suggestions with reference to the decisions already taken and the Council decided that the matter may be held over pending reorganisation of the State.

98) The point now for consideration is whether the Bill should go the Legislature in the form as originally approved or should amended and if so, to what extent, in the light of suggestions made by the P.S.C. Before taking decision, it would be necessary again to place the matter before the Council of Ministers.

99) ~~Government has since appointed~~ The Officer on Special Duty in the G.A.D. is ~~to~~ considering the question of amending rules relating to the P.S.C. in the light of the rules in force is the integrating units. The Officer on Special Duty may be requested to scrutinise the draft rules in this case in the light of what is stated above and suggest further action to be taken.

B) A meeting of the Scrutinising Committee consisti of the Minister for Revenue and Public Works (Chairm the Chief Secretary, the Secretary to Government, Law Department, the Additional Secretary to Governmen for Revision of State Laws, the Assistant Advocate General and the Assistant Secretary to Government, Legislation Department (Secretary) was held on 15th January 1955 to consider the Mysore Public Service Commission (Conduct of Business and Exercise of Additional Functions) Bill, 1955. The enclosed Bill has been approved by the Committee and was place before a meeting of the Council of Ministers held on 15th February 1955 and the Council resolved that the Mysore Public Serv Commission (Conduct of Business and Additional Functions) Bill, 1955 be introduced in the ensuing Sessions.

As the enactment of the Bill appeared to involve additional expenditure from the consolidated Fund of the State a financial Memorandum had to be prepared

and hence a copy of the draft Bill was sent to Public Service Commission to send a financial Memorandum

Serial No.

While forwarding the financial memorandum the Secretary, Public Service Commission forwarded the opinion of the Commission with regard to deleting (i) the proviso to sub-clause (3) of Clause I in the first schedule and (ii) Clause 7 in the first Schedule of the Bill.

The opinion of the Public Service Commission is as follows:-

"While agreeing with most of the provisions made in the draft Bill, the Commission is surprised to find two clauses which were not in the original bill and which, if adopted, is sure to come in the way of the Commission functioning as an independent statutory body.

"The follow

(i) PROVISO TO CLAUSE I. Sub-clause (3) of Clause 1 in the 1st Schedule provides for the Commission requiring any Officer of Government or Specialist to sit with the Commission at the time of interview of candidates

any matter.

"But the proviso to this clause empowers Government to direct that any officer appointed by Government shall be present at any interview of candidates and at any meeting of the Commission held for selection of candidates interviewed.

"The Commission is of the opinion that ther is no necessity for such a power being vested in Government as provision has already been made in

the Mysore Public Service Commission(Functions) Rules, 1953, according to which the Commission is required to invite the Head of the Department or his representative to be present at the interviews for selection of candidates and to take part in its deliberations (Proviso to Clause 6 of the Mysore Public Service Commission(Functions) Rules, 1953).

"The Commission has always acted in accordance with this principle and has welcomed th presence of Officers of Government at such meetings of the Commission".

"The Commission, therefore, cannot understand the necessity for the exercise of such a power by Government and feels that by reserving such power, Government is trying to interfere with the independent functioning of the Commission.

(2) CLAUSE 7 IN THE IST SCHEDULE

According to this clause, the Commission can be compelled to furnish any record or information which may be required by Government.

"The implication of such a provision is that Government desire to treat the Commission not as an independent statutory body as contemplated in the Constitution; but as a subordinate body like any other Department of Government".

"In a number of cases, where Probationers have been selected by the Commission, it has been the experience of the Commission that requisitions have been received from Governmer for detailed information regarding the applicants, their community, their community

Seria No.

and in some cases even as regards the marks obtained by the candidates at the written or oral tests!".

"The Commission has always been willing to furnish any relevant information to Government, but have consistently refused to furnish information which is considered by the Commission to be of a confidential nature."

It is perhaps to get over this situation that the proposed clause is being introduced in the Bill. The implications of this clause are far reaching and are sure to result in complications. The Commission feels that this is the thin end of the wedge to have a handle over its working. Its import would be that Government would be definitely interfering with the detailed working of the Commission, which in effect would mean administrative control over its working and interference with its independent action."

" By the adoption of this clause , even proceedings of the Commission, and the minutes of individual members of the Commission, sometimes dissenting minutes, will all be available to Government."

"An examination of the provision of the Constitution in regard to Public Service Commissions would make it abundantly clear that it was never the intention of the Constitution that Government should interfere with the independent functioning of the Commissions."

The terms and conditions of service of members of the Commission and the functions of

the Commission are so indicated in the Constitution o ensure the Commission working as an independent staturory body - without being controlled in any matter by Government.'

"It is true that the functions of the Commission are of an Advisory nature. But it could never have been the intention of the Constitution to make the Commission just a Department of Government".

"With a view to ascertain the procedure followed in other States, the Commission made enquiries of other Commissions. The Commission has been definitely informed that the matters of a confidential nature are not disclosed to Government"

'Even in other democratic countries, there is no such parallel as is contemplated in this Clause of the bill."

In regard to the selections made by the Commission, the procedure that is followed by other Commissions is that the lists of selected candidates are notified by the Commission immediately after the selections are made simultaneously with the forwardal of the selected list, to Government for their information and necessary action."

This Commission, however, has been, inadvertently, adopting a slightly modified procedure, and has never notified the results before approval of Government."

As the conduct of examinations and the preparation of lists of successful candidates for appointment is, according to the Constitution, the

Serial No.

sole responsibility of the Commission, there can be no question of Government's approval of the selection made."

'There is, therefore, no statutory obligation on the part of the Commission to furnish any information or records, which are considered by the Commission to be of a confidential character either to Government or to any outside authority".

"The Commission will certainly be glad to give any relevant information to Government. But, it should not be compelled to disclose matters which are considered to be of a confidential nature by the Commission".

"In this connection, the Commission would like to bring to the notice of Government that only from the point of view of the Commission but also from the point of view of the Government, furnishing particulars which are of a confidential nature would work adversely to the interests of both the Government and the Commission, as illustrated by para 1(c) of the affidavit filed by Sri B.S. Keshava Iyengar, a candidate for the Munsiff's Selection Examination, in connection with his Writ Petition No.107/55 before the High Court of Mysore. The following para of the affidavit would bear out this statement:

> "It was also argued for me with reference to the reply given by the Hon'ble Law Minister on the floor of the Legislature on 20-4-1955 to the questions put by several members thereof that the first five according to rank were candidates belonging to the Brahmin community, the sixth to the Lingayet and the 8th to the Kurubar Community. By necessary implication, the 7th, 9th and 10th ranks must also have been annexed by candidates belonging to the Brahmin Community".

WD 03788-GPB—P. L. S. 50,000— 1-8-56.

This is an illustration, where disclosure of confidential information by Government has led to the use of such information by a party in the suit that has been filed against Government and the Commission.

"The Commission, therefore, urges that these two clauses now proposed in the Draft Bill be deleted from the Bill in the interest of independent working of the Commission and harmonious relationship with Government".

The Law Secretary pointed that if the Bill has to be revised the revised Bill will have to be approved by the Council of Ministers.

The then Chief Secretary has stated as follows:-

"The letter dated 17-10-1955 from the Secretary, Mysore Public Service Commission, requesting that the proviso under sub-clause (3) of Clause 1 and Clause 7 in the first Schedule of the Mysore Publ: Service Commission (conduct of business and additional functions) Bill 1955 be deleted for the reasons stated by them, is for perusal.

At the time the Bill was drafted by the Scruti nising Committee all these factors were considered and these clauses were included in the Draft Bill The same was approved by the Council of Ministers and the Bill was ordered to be placed before the Legislature.

But the Commission have now proposed to delet the above clauses [illegible] for favour of orders whether the two clauses mentioned by the

Serial No.

ublic Service Commission be deleted from the Draft Bill. If it is considered necessary to delete these clauses, this has to go again before the Council of Ministers"

The Minister for Revenue and Public Works ordered that it may be discussed in Commi... arly.

In this connection, reference may be invited to the High Court Order passed on the Writ Petition filed on 2-7-1955 under Article 226 of the Constitution by Sri S.K.Venkataranga Iyengar, Advocate for the petitioner Sri B.S.Keshava Iyengar, praying that a Writ of Certiorari may be issued declaring the Munsiffs Recruitment and Promotions Rules 1954 as unconstitutional.

4) The Judgment Order relating to the bonafides of the Commission reads as follows:-

"The bonafides of the Commission has been questioned by the petitioner in this petition. What he contends is that candidates who had not obtained the required number of marks in the written law papers have been awarded higher marks in the viva voce examination, that their marks were thus made upto 40% of the total, that respondents 9 and 11 who were not called for interview at the first instance have been called for interview on the second occasion and that the appointment of respondents 9 and 11 is bad. The undisputed attitude of the Commission in refusing to furnish separately the number of marks obtained by candidates in each subject and in their declining to disclose even to the State Government the number of marks secured by each candidate in each of the law

Serial No.

papers and viva voce examination separately and in their insisting on furnishing and in actually furnishing only the total marks obtained by each candidate has given sufficient room for the petitioner to attack the bonafides of the Commission So far as the refusal with respect to the request of the State Government is concerned, I am of opinion that the attitude of the Commission was unjustified. Being an advisory or a consultativ body to the State Government and in view of the fact that under Art.323 of the Constitution, the Rajpramukh shall have to explain to the Legislature the reasons why in particular cases the advice of the Commission could not be accepted, it is not open to the Public Service Commission to withhold any information wanted by Government".

A decision will have to be taken now as to whether the two clauses referred to above be retained or deleted as opined by the Public Service Commission.

The bill was placed before the Council of Ministers in the forty-third meeting of the Council held on 10th September 1956. The following decisio was taken by the then Council of Ministers in this regard.

"The Council is of the opinion that the questio may be considered after the new State comes into existence".

With the formation of the New Mysore State from 1-11-1956, the necessity of revising the Public Service Regulations taking into consideration

Serial No.

similar Rules and Regulations of the Public Service Commission obtaining in the integrated areas arose. A draft of the Mysore Public Service Commission (Functions) Rules, 1957, has been accordingly prepared which is now under consideration. The proposed draft covers most but not all of the provisions enunciated in the draft of the Mysore Public Service Commission (Conduct of Business and Additional functions) Bill 1955.

The following points contained in the Draft Bill are not covered by the Draft Public Service Commission (Functions) Regulations, which is now under consideration. The Bill proposes to entrust the Public Service Commission with certain additional functions relating mainly to the conduct of examinations which are under the present arrangements, being conducted by the Mysore Local Service and Pleaders' Association and to the exercise by the Commission of Functions in regard to services and posts under certain local bodies, in the same manner as in the case of posts and services under Government.

The point now for consideration is whether the Draft Bill should be placed before the Legislature in the form as originally approved or (1) whether a provision in regard to the conduct of examinations by Public Service Commission which are now conducted by the Mysore Lc[illegible]ice and Pleaders Association and (2) in regard to the exercise by the Commission of Functions in regard to services and posts under certain local bodies, in the same

Serial No.

manner as in the case of posts and services under Government, as embodied in the draft Mysore Public Service Commission (Conduct of Business and Additional Functions) Bill, 1955, may be incorporated in the proposed draft of the Public Service Commission(Functions) Rules, 1957, now under consideration. A char type copy of the draft Public Service Commission (Functions) Rules, 1957 is placed in the file (Flag X).

The file may be submitted to the Chief Minister for Orders whether this case should be discussed in Council again.

A draft bill had been prepared before 1.11.56 by the then Government called the "Mysore Public Service Commission (Conduct of Business and Additional Functions)Bill, 1955 for the of conferring on the Commission certain additional functions and regulating the manner in which the

Serial No.

Commission should discharge its functions,

159) The additional functions to be entrusted to the Commission are mentioned in clause 4 - to empower it to hold Departmental Examinations and to make recruitment to posts under the various local authorities

160) As far as departmental examinations are concerned, some other Public Service Commission are conducting them. As the Law Department had some doubts whether, in the absence of a law, the P.S.C. could be asked to undertake this work and as it is proposed to promote legislation conferring certain functions on the P.S.C. it is as well to make this point clear

61) To entrust to the P.S.C. recruitment to posts under local authorities is sound in principle, as the reasons which require appointments to Government posts to be made on the advise of the P.S.C. hold good in respect of appointments under local bodies too. These important points should, however, be provided for. (i) The P.S.C. is an advisory body and Government has the right to over-rule the advice of the P.S.C. It is for consideration whether in respect of local authorities the power to over-rule the P.S.C. should be with the local authorities themselves. Local authorities are of all categories and many of them are comparatively petty units. It is desirable to provide that where a local authority does not want to follow the advice of the Commission

it must obtain the previous approval of Government (ii) Provisions of this nature should not extend only to the Municipal Councils and District Boards in the old State, but to all local bodies through the new State. (iii) The Government should have power to make regulation excluding from the purview of the P.S.C. certain categories of posts under local authorities

The Commission has also been given the power to arrange inspection of offices to ascertain whether the provisions of the Constitution are being enforced. The Commission is primarily an advisory body and not an executive body. It is for consideration whether such a power should be entrusted to the Commission at all. The State has now four Divisional Commissioners who should be able to carry out the inspections and report to Government instances where the provisions of the law, whether they relate to recruitment or to any other matters, are not being followed. Even if the Commission makes a report, further action will still have to be taken by Government through its own officers who will have to investigate into the complaints.

The manner in which the Commission should function is prescribed in the First Schedule to the Bill. Previously, the procedure within the Commission was defined by the Mysore P.S.C. (Function Rules and the proposals are only to place the

Rules on a proper legal footing. The disadvantage in giving statutory authority to procedural matters is that persons may proceed to courts against alleged breach of the rules and challenge actions of the Commission - a tendency which shows every likelihood of increasing. The procedural rules themselves follow the usual pattern and have been accepted by the Commission, except that the Commission has objected to the proviso to para 1(3) and para 7.

164) Para 1(3) provides that Government may depute an officer to represent it when the Commission is interviewing candidates. This is a salutary provision and is in accordance with existing practice. The P.S.C.'s objection is that it always invites Government's representatives to be present and there is no reason to include such a statutory proviso which will jeopardise its independence. As regards the latter point, since a Statute is being framed, it is necessary to include this provision. I suggest, however, para 1(3) may be redrafted as follows:-

165) "When making recruitment by selection or interviewing candidates, the Commission shall invite Government to nominate an officer or a specialist to assist the Commission. The person so nominated can take part in the proceedings for recruitment and advise the Commission but shall not be entitled to vote."

TD 03788-GPB—P. Z. S. 50,000— 1-3-56.

The second objection of the Commission is with regard to paragraph 7 which enables Government to call for records of the deliberations among the Member of the Commission. This is a valid objection. But the Commission goes too far in being unwilling to supply information regarding the marks secured by candidates in competitive tests. A proviso may be added to para 7 as follows:

"Provided that the records of discussion of a meeting of the Members of the Commission shall be deemed to be confidential and need not be furnishe to Government."

This will be in conformity with para 5 which requires only the final decisions to be communicated to Government and not the minutes of dissent, if any.

The points for decision are:

(i) Should be Mysore Public Service Commission (Conduct of Business and Additional Functions) Bill 1955 be introduced in the Legislature and passed into law.

(ii) Should not recruitment to posts under local authorities throughout the new State, excep to the extent that posts may be excluded from the purview of the Commission by the Government be entrusted to the Commission.

(iii) Should not the law provide that where there is a difference of opinion between the Publi Service Commission and a local authority. Government should have the authority to decide.

Serial No.

(iv) Should the Commission be empowered by a Statute to carry out inspection of offices.

(v) Should para 1(3) and Para 7 of the Schedule to the draft Bill be modified as proposed in the draft or amended as suggested by the Commission.

The draft Bill provides for two things:

(a) establishment of certain Advisory funds

b) Procedure to be followed by the Commission

The wording in Para 176 subsequent wording is to say the least inept. Is therefore for all of this being made in the L.S.C. Dept Bill? Law Dept. forwarded the Bill was drafted & observed

He is of the view that it is not advisable to write to the P.S.Commission and invite proposals for extra expenditure. With regard to the Financial Memorandum, he feels that it can just as well be prepared here as even the P.S.C. will not have enough data for furnishing an estimate. In this connection he makes the following points:

(i) in regard to the ~~contemplated~~ conducted examinations, since these examinations are now being conducted by the Mysore Local Service Examinations Board, it is only a matter of transferring the provision;

(ii) in regard to the extension of the functions of the P.S.Commission to local bodies, these functions were actually being performed by the P.S.Commission in the past i.e., before the Corporation Act came in. Moreover, it would not be practicable to arrive at any estimate till the M.V.P & L.B. Bill goes through;

(iii) with regard to the extra expenditure, on ~~all~~ possible ~~expenditure re~~ expenditure on the P.S.Commission, it is not necessary to include this in the Financial Memorandum.

211) He therefore requires that a Draft Financial Memorandum may be drawn up in consultation with the Deputy Secretary, Finance(Budget) instead of asking the P.S.Commission to do so.

212) With regard to the Chief Secretary's marginal comments in the draft, Law Department will have to examine them. I shall explain them to the Law Secretary

Clause 4. - According to sub-clause (2) of clause 4, the State Public Service Commission shall, in respect of employees of local authorities established under any law, exercise such of the functions under Article 320 of the Constitution as may be specified in or under any such law.

SECRETARY TO GOVERNMENT 1493 14 MAY 1958 LAW DEPARTMENT

Functions which will have to be specified in the law relating to the establishment of Local Authorities are the functions enumerated in Article 320. The regulations made by the Governor as respects services and posts in connection with the affairs of the State of Mysore under the proviso to - clause (3) of Article 320 specifying the matters in which it shall not be necessary for the Public Service Commission to be consulted are operative only in respect of cases of State Government servants. They do not apply in respect of consultations to be made in the case of servants of local authorities. Cases to be excluded from the purview of the Public Service Commission will therefore be specified under the law governing the local authority concerned.

Clause 5.- As regards disciplinary matters, since the City of Bangalore Municipal Corporation Act does not confer power on a higher authority above the Corporation to exercise disciplinary powers in all cases of Corporation servants, the Corporation will have to consult the Public Service Commission except in respect of the matters which are excluded by rules made under the proviso.

NOTIFICATION.

The following Rules regulating the procedure of the Mysore Public Service Commission are published:

MYSORE PUBLIC SERVICE COMMISSION RULES OF PROCEDURE, 1957.

The Governor of Mysore is pleased to make t... following Rules regarding consultation with the Public Service Commission.

PART I - PRELIMINARY.

1. These Rules may be called the Mysore Public Service Commission (Functions) Rules, 1957.

2. In these Rules unless there is anything repugnant in the subject or context;

(a) "State" means the State of Mysore,

(b) "Constitution" means the Constitution of India,

(c) "Commission" means the Mysore Public Service Commission,

(d) "Member" means a Member of the Commission and includes the Chairman thereof,

(e) "Governor" means the Governor of Mysore,

(f) "Government" means the Government of Mysore,

(g) "Service" includes State and Subordinate Services as defined in the Civil Services (Classification, Control and Appeal) Rules, 1957, and

(h) "Appointing Authority" means the authority which makes appointment to any service or post in connection with the affairs of the State.

PART II.

Recruitment by Examination.

3. When any competitive examination is to be held for the purposes of recruitment to a service and consultation with the Commission is required, the Commission shall -

(1) advise the Government in regard to the regulations prescribed for the -

(a) conditions of eligibility of candidates,

(b) syllabus of the examination.

(2) after the Regulations to be prescribed have been approved by Government and a requisition for recruitment is received, invite applications from intending candidates after giving due publicity to conditions of eligibility, nature of competition, number of vacancies, where possible, and any other relevant material,

(3) make all arrangements for the actual conduct of the examination, at such centre or centres as may be decided by Government in consultation with the Commission,

(4) arrange the candidates in order of merit on the results of the examinations, and

(5) forward a list of the Candidates so arranged to the Government for further action.

Recruitment by Selection.

4. When recruitment to a service or post is to be made by selection and consultation with the Commission is required the Commission shall -

1) advise the Government in regard to the rules regulating the conditions of eligibility of candidates,

(2) after the Rules to be prescribed have been approved by Government and a requisition c...

recruitment is received, invite applications from intending candidates after giving due publicity to conditions of eligibility, nature of competition, number of vacancies, where possible, and any other relevant material,

(3) consider all applications received and when necessary interview such candidates as fulfil the prescribed conditions and it considers most suitable for appointment; and

4) forward to the Government a list consisting of such number as Government may fix, of the candidates whom it considers most suitable for appointment in the order of preference;

Provided that in suitable cases the Commission may consider a candidate possessing the prescribed qualifications brought to its notice by Government even if such a candidate has not applied in response to the advertisement of the Commission;

Provided further that the Government may, if it thinks fit, appoint an Officer to represent the service or Department for which recruitment is being made, to be present at the interview referred to in clause (3) to assis the Commission in its work of selection.

Recruitment by Promotion.

5. (1) When recruitment is to be made by promotion to any post and consultation with the Commission is required, the Commission shall -

(i) consider the claims of candidates nominated by the Government or the Head of the Department, as the case may be,

(ii) consider the case of every candidate senior to the candidates nominate

(iii) thereafter make a selection according as the appointment is to be by selection or by seniority subject to fitness, and advise the Government in respect of each candidate referred to in clause (i) and (ii) whether his qualifications are sufficient and whether his record proves him to have the requisite character and ability for the post or service to which it is proposed to appoint him, and

(iv) arrange the candidates in the order of preference.

(2) When considering the suitability of candidates under this rule if the Commission feels any doubt about the candidates' fitness, it may summon the candidates for an interview:

Provided also that when considering the claims of Officers nominated by Government or by the Head of a Department under this rule, and when the candidate is summoned for an interview, the Commission may invite Government to nominate a representative to be present on its behalf.

Recruitment by Transfer

6. When recruitment is to be made by transfer of an officer to any post in a service and consultation with the Commission is required, the Commission shall advise the Government in respect of any candidate nominated whether his qualifications are sufficient and whether his record proves him to have the necessary character and ability for the service to which it is proposed to transfer him.

DISCIPLINARY AND OTHER MATTERS.

7. In any case in which the advice of the Commission is sought in regard to disciplinary or other orders, appeals and memorials, a reference to the Commission shall be made by a letter along with all the relevant papers, records, etc. The opinion of the Commission shall form part of the record of the case and shall be considered before orders are passed by the authority empowered to pass orders in the case.

PART III.

PROCEEDINGS OF THE COMMISSION.

STATEMENT OF OBJECTS AND REASONS.

Article 320 of the Constitution of India specifies the functions of the Public Service Commission and Article 321 empowers the State Legislature by an enactment to provide for exercise of additional Functions by the Public Service Commission as respects the services of the State and also as respects to services of any local authority or other body corporate constituted by law or of any public Institution. In order to ensure that proper persons are appointed to the services of local authorities it is considered necessary to entrust the Public Service Commission with the same functions as it exercises as respects the services of the State. It is also considered necessary to entrust the Commission with the functions of conducting the Local Service Examinations and the inspection of offices of appointing authorities and of local authorities to ascertain whether such authorities have complied with the relevant provisions regulating recruitment and conditions of service of their staff. The procedure to be followed by the Commission for the performance of its functions has also to be regulated by an enactment. Hence the Bill.

A MEETING OF THE COUNCIL

Council Note circulated for information

SUBJECT: The Wyong Public Service Commission (Conduct of Business and Additional Functions) Bill, 1958.

A meeting of the Drafting Committee consisting of the Minister for Revenue and Public Works (Chairman), the Chief Secretary, the Secretary to Government, Leo Desmond, the Additional Solicitor to Government for Revision of State Laws, the Solicitor General and the Assistant Secretary to Government, Legislation (Government Secretary) was held on 15th January 1958 to consider the Wyong Public Service Commission (Conduct of Business and Use of Additional Functions) Bill, 1958. The enclosed Bill has been approved by the Committee and was placed before a meeting of the Council of Ministers held on 18th February 1958 and the Council resolved that the Wyong Public Service Commission (Conduct of Business and Additional Functions) Bill, 1958 be introduced in the Legislative Assembly.

As the enactment of the Bill appeared to involve additional expenditure from the Consolidated Fund of the State a financial memorandum had to be prepared and annex a copy of the draft Bill was sent to Public Service Commission to send a financial memorandum.

While formulating the financial memorandum the Secretary, Public Service Commission forwarded the opinion of the Commission with respect to definition (i) the proviso to sub-section (2) of clause 4 in the First Schedule and (ii) clause 7 in the First Schedule of the Bill.

The opinion of the Public Service Commission is as follows:-

"While agreeing with most of the amendments made in the draft bill, the Commission is concerned to find two clauses which were not in the original Bill and which, if adopted, is sure to cause an increase of the Commission's expenditure as superannuation authority.

The Followers are the two clauses:-

"But the proviso to this clause empowers Government to direct that any officer appointed by Government shall be present at any interview of candidates and at any meeting of the Commission held for selection of candidates interviewed.

The Commission is of the opinion that there is no necessity for such a power there to need in Government as provision has already been made in the Madras Public Service Commission(Functions) Rules 1953 which provides as which the Commission is required to invite the Head of the Department or his representative to be present at the interviews for selection of candidates and to take part in the deliberations(vide rule 5 of the Madras P.S.C.(Functions) Rules 1953).

"The Commission has always acted in accordance and has allowed the presence of officers of Government at such meetings of the Commission.

"The Commission, therefore, cannot understand the necessity for the exercise of such a power by Government and feels that by reserving such power, Government is trying to interfere with the independent functioning of the Commission.

(2) CLAUSE 7 IN THE BILL:- According to this clause, the Commission can be compelled to furnish any record or information which may be required by Government.

"The inclusion of such a provision in that Government wishes to treat the Commission [illegible] contemplated in the Constitution but as a subordinate body like any other Department of Government.

"In a number of cases, where recruitments have been selected by the Commission, it has been the experience of the Commission that requisitions have been received from Government for detailed information regarding the applicants, their community, qualifications and [illegible] marks obtained by the candidate at the interview and [illegible]

any relevant information to Government, but have consistently refused to furnish information which is considered by the Commission to be of a confidential nature.

"It is perhaps to gloss over this situation that the proposed clause is being introduced in the [illegible] implications of this clause are far reaching and are sure to result in complications. [illegible] over which was as the main bar of the wages to have a over its working. Its import would be that Government would be seriously interfering with the detailed working of the Commission which in effect would mean administrative control over its working and interference with its independent action.

"By the adoption of this clause, even recommendations of the Commission, and the minutes of individual members of the Commission [illegible] minutes, will all be available to Government.

An examination of the provision of the Constitution in regard to Public Service Commission would make it abundantly clear that it was never the intention of the Constitution that Government should interfere ~~with~~ with the independent functioning of the Commission.

"The terms and conditions of service of members of the Commission and the functions of the Commission are so indicated in the Constitution to ensure the Commission working as an independent advisory body without being controlled in any matter by Government.

"It is true that the functions of the Commission are of an advisory nature. But it could never have been the intention of the [illegible] to make the Commission [illegible]

"With a view to ascertain the procedure followed in other [illegible] the Commission made enquiries of other Commissions. The Commission has been definitely informed that the matters of a confidential nature

"When in other democratic [illegible] is no such parallel [illegible] in this clause 7 of the Bill.

the procedure that is followed by other commissions in that the lists of selected candidates are notified to the commission immediately after the selections are made simultaneously with the forwarding of the selected [illegible] to Government for their infor[illegible] necessary action.

"The Commission, however, has been, inadvertently, according a slightly modified procedure, and has never notified the results before approval of Government.

"As the conduct of examinations and the preparation of lists of successful candidates for appointment is, according to the Constitution, the sole responsibility of the Commission, there can be no question of Government approval of the selection made.

"There are, however, no statutory obligations on the part of the Commission to furnish any information or records, which are considered by the Commission to be of a confidential character either to Government or to any outside authority.

The Commission will certainly be glad to give any relevant information to Government. But, it should not be compelled to disclose matters which are considered to be of a confidential nature by the Commission.

"In this connection, the Commission would like to bring to the notice of Government that only from the point of view of the Commission but also from the point of view of the Government, furnishing particulars which are of a confidential nature would work adversely to the interests of both the Government and the Commission, as illustrated by [illegible]

"[illegible] by Mr. P. [illegible] Iyengar, a candidate for the Pleaders' Selection Examination, in connection with his [illegible] petition No. 107/55 before the High Court of [illegible]. The following part of the affidavit would bear out this statement:

> "I was also asked for me with reference to the reply given by the Hon'ble Law Minister on the floor of the Legislature on 20-4-1956 to the questions put by several members thereof that the first five according to each year qualified according to

This is an illustration, where disclosure of confidential information by Government has led to the use of such information by party in the suit that has been filed against Government and the Commission.

"The Commission, therefore, urges that these two clauses now proposed in the draft Bill be deleted from the Bill in the interests of independent working of the Commission and harmonious relationship with Government".

The Law Secretary pointed that if the Bill has to be revised revised Bill will have to be approved by the Council of Ministers.

The Chief Secretary has stated as follows:-

"A letter dated 17-10-1955 from the Secretary, Kerala Public Service Commission, requesting that the proviso [illegible] of the clause 1 and [illegible] the Kerala Public Service Commission (Conduct of Business and additional functions) Bill 1955 be deleted for the reasons stated by them, is for perusal.

At the time the Bill was drafted by the Consolidating Committee all these aspects were considered and these clauses were included in the Draft Bill. The same was approved by the Council of Ministers and the Bill was ordered to be passed under the Legislature.

But the Commission have now proposed to delete the above clauses of the Bill. For favour of orders whether the two clauses mentioned by the Public Service Commission be deleted from the Draft Bill. If it is considered necessary to delete these clauses, this has to be placed before the Council of Ministers."

The Minister for Revenue and Public Works stated that it be discussed in Council only.

A case connection reference may be invited to the [illegible] action raised on the Writ petition filed on 8-7-1955 under Articles [illegible] Constitution by Sri [illegible] Pedathanpan Kunhan, Advocate [illegible]

ay be issued declaring the Kunkaiffa Recruitment and promotions Rules 1954 as unconstitutional.

The Judgement Order relating to the bonafides of the Commission read s follows:-

"The bonafides of the Commission has been questioned by the petitio n this petition. What he contends is that candidates who had not btained the required number of marks in the written law papers have been awarded higher marks in the viva voce examination, that their marks were thus made upto 40% of the total, that respondents 9 and 11 who were not called for interview at the first instance were called for interview on the second occasion and that the appointment of respondents 9 and 11 had. The unintended attitude of the Commission in refusing to furnish separately the number of marks obtained by candidates in each subject and in their declining to disclose even to the State Government the number of marks secured by each candidate in each of the law papers and viva voce examination separately and in their insisting on furnishing and in deed furnishing only the total marks obtained by each candidate are grave aggravations more for the petitioner to attack the bona[illegible] [illegible] in consequence, I am of opinion that the attitude of the Commission was unjustified. Being an Advisory or a consultative body to the State Government and in view of the fact that under Art.320 of the Constitution the Government shall have to explain to the Legislature the reasons why particular cases the advice of the Commission could not be accepted, I do not open to the Public Service Commission to withhold any information wanted by Government.

decision will have to be taken now as to whether the two clauses referred to above be retained or deleted as opined by the Public Service Commission. Hence this Note.

Article 320 of the Constitution of India specifies the functions of
Public Service Commission and Article 321 empowers the State
Legislature by an enactment to provide for exercise of additional
Functions by the Public Service Commission as respects the services of
State and also as respects to services of any local authority or other
body corporate constituted by law or of any public Institution. In order
to ensure that proper persons are appointed to the services of local
authorities it is considered necessary to entrust the Public Service
Commission with the same functions as it exercises as respects the
services of the State. It is also considered necessary to entrust
the Commission with the functions of scrutinising the Local Service
Rules/Regulations and the inspection of offices of appointing authorities and
of local authorities to ascertain whether such authorities have complied
with the relevant provisions regulating recruitment and conditions of
service of their staff. The procedure to be followed by the Commission
for the performance of the functions has been laid down in the
enactment. Hence the Bill.

Sir,

Subject:-The Mysore Public Service Commission (Conduct of Business and Additional Functions) Bill, 1955.

I am directed to state that it has been proposed to introduce in the next Legislature Sessions "The Mysore Public Service Commission (Conduct of Business and Additional Functions) Bill 1955". The additional functions proposed in the Bill are as follows:-

Additional Functions of the Commission:--(1) The examinations which persons in the civil services of the State are required to pass under the conditions of their service and which are conducted by the Mysore Local Services and Pleaders' Examinations Board shall, with effect from such date as the Government may appoint, be conducted by the Commission in accordance with such rules as may be prescribed.

(2) The Commission shall as respects the service of the following Local authorities exercise the same functions as it exercise under Article 320 of the Constitution as respects the service of the State:--

(a) the City of Bangalore Municipal Corporation constituted under the City of Bangalore Municipal Corporation Act, 1949, (Mysore Act LXIX of 1949).

(b) the Municipal Councils constituted under the Mysore City Municipalities Act, 1933 (Mysore Act VII of 1933);

(c) the Municipal Councils constituted under the Mysore Town Municipalities Act, 1951, (Mysore Act XXII of 1951);

(d) the District Boards constituted under the Mysore Village Panchayets and District Boards Act, 1952, (Mysore Act IV of 1952)

The Commission shall have power to arrange for inspection of the offices of the Appointing Authorities and of the local authorities specified in Sub-section (2) with a view to ascertain whether the provisions of the Constitution or of any law for the time being in force in so far as they relate to consultation with the Commission or recruitment to the services of the State or of the local authorities concerned have been complied with. For the purposes of such inspection any Appointing Authority, or local authority specified in sub-section(2), shall, if so required by the Commission, furnish any record, report or information.

Provided that the power conferred by this Sub-section shall not extend to inspection of the Mysore Legislature Secretariat, or the Office Of the High Court of Mysore in respect of officers and servants appointed under article 229 of the Constitution

As the enactment of the bill may involve additional expenditure from the consolidated fund of the State, a Financial Memorandum relating to these additional functions may kindly be prepared and sent to Government at a very early date for taking further action.

Yours faithfully,

K. Khader Mohiddin

SIR,

Subject: The Mysore Public Service Commission (Conduct of Business and Additional Functions) Bill, 1955 - Financial Memorandum.

With reference to your letter No.E.5245 dated the 28th June 1955, on the above subject, I am directed to forward herewith in duplicate a Financial Memorandum as approved by the Commission.

Yours faithfully,

(S.Devaraj)
Secretary,
Public Service Commission.

BMP/1-10

Financial Memorandum relating to The Mysore Public Service Commission (Conduct of Business and Additional Functions) Bill, 1955.

1. The additional functions of the Commission as a result of the enactment of the proposed Bill would be the following:-

i) Conduct of all Local Service Examinations which are now conducted by the Local Service and Pleaders' Examinations Board;

ii) Extension of Functions of the Public Service Commission to all Local Bodies including the Corporation of the City of Bangalore; and

iii) Inspection of the offices of the appointing authorities and of all the Local Bodies.

2. So far as the conduct of the Local Service Examinations are concerned, the existing staff of the Local Service and Pleaders' Examinations Board, excluding the Secretary of the Board, would be transferred to the Commission and this staff would attend to this portion of work under the Secretary of the Commission.

3. Regarding inspection of Unit Offices, there are already two Inspectors for this work, but without any menial staff. Under the rules they are entitled for this staff, as they are Touring Officers.

4. The extension of the function on to all Local Bodies would also increase the normal work of the existing staff and the Secretary of the Commission.

5. In G.O.No.E.2616-18/R.&.P.S. 21-51-2 dated 6-6-1952 the re-organisation of the Secretariat of the Commission was sanctioned and in G.O.No.E.4783-4/R.&.P.S. 30-52-4 dated the 20th June 1953, the Commission was empowered to distribute and allocate its staff to such Branches or Sections at its discretion.

6. If the work relating to the Local Service Examinations, Competitive Examinations, etc., has to be taken by the

Commission, it may not be possible for the Secretary to cope with the increased responsibilities and duties. Hence another Gazetted post is necessary for the additional duties.

7. As for the staff for the additional items of work and also for the work relating to competitive examinations, the existing staff would be quite inadequate to cope with all the work. The present staff of the Local Service and Pleaders' Examinations Board that will be transferred could attend only to the work of the "Local Service Examinations". As for the work of the "Competitive Examinations", only a few posts are available at present out of the staff sanctioned for the Commission. Taking into account all the above, a statement is prepared and enclosed showing (1) the staff and the other expenditure sanctioned to the Commission, (2) to the Local Service and Pleaders' Examinations Board, (3) the additional staff and the other expenditure required due to the additional functions of the Commission and (4) the total staff and the other expenditure of the Commission including additional staff that is now proposed. This statement indicates an additional annual expenditure of Rs.35,040/- and this is exclusive of the expenditure for additional Gazetted appointment and also for stationery, typewriters, printing, etc., to be supplied by the Government Stationery and Printing Department. Apart from these, a non-recurring expenditure of Rs.10,000/- will be required for purchase of furniture, etc., for the use of the additional staff.

The additional recurring expenditure shown above is Rs.35,040/- and it is expected that by way of collection of fee to be levied for the examinations including competitive examinations, the revenue of the Commission is also likely to be increased. It may be more than the above additional expenditure.

8. The total additional expenditure indicated above is also exclusive of the expenditure that may be required to be made in case the work relating to "Departmental Examinations"

is transferred to the Commission as proposed in this office letter No.S.2042/55-56 PSC dated 21st July 1955. The probable expenditure in this connection has not been included in the statement.

The Chief Secretary to the
Government of Mysore, Bangalore.

SIR,

Subject: Draft Bill - The Mysore Public Service Commission (conduct of Business and Additional Functions) Bill, 1955.

In continuation of this office letter No.S.3242/55-56 PSC dated 3rd October 1955, forwarding a Financial Memorandum relating to the above Bill, I am directed to state that the Commission examined the Draft Bill.

The draft bill has evidently been prepared on the basis of a draft bill sent by the Commission and also recommendations made by it from time to time in respect of additional functions of the Commission.

While agreeing with most of the provisions made in the draft bill, the Commission is surprised to find two clauses which were not in the original bill and which, if adopted, is sure to come in the way of the Commission functioning as an independent statutory body.

The following are the two clauses:-

(1) PROVISO TO CLAUSE I. Sub-Clause (3) of Clause 1 in the 1st Schedule provides for the Commission requiring any Officer of Government or Specialist to sit with the Commission at the time of interview of candidates or for elucidation on any matter.

But the proviso to this clause empowers Government to direct that any officer appointed by Government shall be present at any

interview of candidates and at any meeting of the Commission held for selection of candidates interviewed

The Commission is of the opinion that there is no necessity for such a power being vested in Government as provision has already been made in the Mysore Public Service Commission (Functions) Rules, 1953, according to which the Commission is required to invite the Head of the Department or his representative to be present at the interviews for selection of candidates and to take part in its deliberations (Clause 5).

The Commission has always acted in accordance with this principle and has welcomed the presence of officers of Government at such meetings of the Commission.

The Commission, therefore, cannot understand the necessity for the exercise of such a power by Government and feels that by reserving such power, Government is trying to interfere with the independent functioning of the Commission.

(2) CLAUSE 7 IN THE 1ST SCHEDULE. According to this clause, the Commission can be compelled to furnish any record or information which may be required by Government.

The implication of such a provision is that Government desire to treat the Commission not as an independent statutory body as contemplated in the Constitution; but as a subordinate body like any other Department of Government.

In a number of cases, where Probationers have been selected by the Commission, it has been the experience of the Commission that requisitions have been received from Government for detailed information regarding the applicants, their community, qualifications and in some cases even as regards the marks obtained by the candidates at the written or oral tests.

The Commission has always been willing to furnish any relevant information to Government; but have consistently

Commission to be of a confidential nature

It is perhaps to get over this situation that the proposed clause is being introduced in the Bill. The implications of this clause are far reaching and are sure to result in complications. The Commission feels that this is the thin end of the wedge to have a handle over its working. Its import would be that Government would be definitely interfering with the detailed working of the Commission, which in effect would mean administrative control over its working and interference with its independent action.

By the adoption of this clause even proceedings of the Commission and the minutes of individual members of the Commission, sometimes dissenting minutes, will all be available to Government.

An examination of the provisions of the Constitution in regard to Public Service Commissions would make it abundently clear that it was never the intention of the Constitution that Governments should interefere with the independent functioning of the Commissions.

The terms and conditions of service of members of the Commission and the functions of the Commission are so indicated in the Constitution to ensure the Commission working as an independent statutory body without being controlled in any matter by Government.

It is true that the functions of the Commission are of an advisory nature. But it could never have been the intention of the Constitution to make the Commission just a department of Government.

With a view to ascertain the procedure followed in other States, the Commission made enquiries of other Commissions. The Commission has been definitely informed that matters of a

confidential nature are not disclosed to Government.

Even in other democratic countries, there is no such parallel as is contemplated in this clause 7 of the Bill.

In regard to the selections made by the Commission, the procedure that is followed by other Commissions is that the lists of selected candidates are notified by the Commission immediately after the selections are made simultaneously with the forwarding of the selected lists to Government for their information and necessary action.

This Commission, however, has been, inadvertently, adopting a slightly modified procedure; and has never notified the results before approval of Government.

As the conduct of examinations and the preparation of lists of successful candidates for appointment is, according to the Constitution, the sole responsibility of the Commission, there can be no question of Government's approval of the selections made.

There is, therefore, no statutory obligation on the part of the Commission to furnish any information or records, which are considered by the Commission to be of a confidential ~~nature~~ character, either to Government or to any outside authority.

The Commission will certainly be glad to give any relevant information to Government. But, it should not be compelled to disclose matters which are considered to be of a confidential nature by the Commission.

In this connection, the Commission would like to bring to the notice of Government that not only from the point of view of the Commission but also from the point of view of Government, furnishing particulars which are of a confidential nature would work adversely to the interests of both the Government and the Commission, as illustrated by para 1 (c) of the affidavit filed by Sri B.S.Keshava Iyengar, a candidate for the Munsiffs' Selection Examination in connection with his Writ Petition No.107/55 before the High Court of

Mysore. The following para of the affidavit would bear out this statement:

> "It was also argued for me with reference to the reply given by the Hon'ble Law Minister on the floor of the Legislature on 20-4-1955 to the questions put by several members thereof that the first five according to rank were candidates belonging to the Brahmin community, the sixth to the Lingayet and the 8th to the Kurubar Community. By necessary implication, the 7th, 9th and 10th ranks must also have been annexed by candidates belonging to the Brahmin Community".

This is an illustration, where disclosure of confidential information by Government has led to use of such information by a party in the suit that has been filed against Government and the Commission.

The Commission, therefore, urges that these two clauses now proposed in the draft Bill be deleted from the Bill in the interest of independent working of the Commission and harmonious relationship with Government.

Yours faithfully,

17/10/57

(By the Advocate-General)

WRIT PETITION filed on 22-7-1955 under Art.226 of the Constitution of India, by Sri S.K. Venkata Ranga Iyengar, Advocate for the Petitioner above-named praying that a Writ of Certiorari, Mandamus, Warranto or any other appropriate Writ or Order may be issued against the Respondents declaring such of the Rules in the Mysore Munsiff's, (Recruitment and Promotions Rules 1954

granting other reliefs as prayed for by him in detail in the Affidavit accompanying this Petition.

This petition coming on for final hearing on 11-10-1955, the Order of the Court was made by PADMANABHIAH J.:

O R D E R.

This is an application filed by the petitioner under Article 226 of the Constitution praying for the issue of a Writ of Mandamus, Certiorari and Quo warranto or any other appropriate writ or order or direction against the respondents.

This petition is directed against twelve respondents, the 1st respondent being the State of Mysore represented by their Chief Secretary, the 2nd respondent being the 'Commission' who were responsible to hold the examination under the "Mysore Munsiffs (Recruitment and Promotion) Rules, 1954", the other respondents being those that have been appointed as Munsiffs by the State Government. The grievance of the petitioner is that, according to the rules framed for the said examination, ten candidates had to be appointed as Munsiffs, that the examination was a competitive one, that he was successful in the examination held securing the third rank and was, therefore, entitled to be included in the approved list of candidates sent by the second respondent to the first, for being forwarded to the Naramukh, that the 2nd respondent omitted to include his name, that thereon he (petitioner) filed writ Petition No.80 of 1953 praying for the issue of an appropriate writ, that the said application was dismissed as premature and that he has filed this application in view of the fact that the appointments have

have ~~xxx~~ x now been made. It is further alleged in the petition that the examination being competitive, the first ten candidates should have been appointed as Munsiffs, that it has not been so done, that appointments have been made on the basis of communities, that some of those who have not come within the first ten have been appointed, that this offends the provisions of the Constitution, that many of the rules framed by the Rajpramukh for the holding of the examination are contrary to the spirit of the constitutional provisions, that there has been a delegation of the power vested in the State in favour of the "Commission" and that the appointments made on communal basis in the absence of provision for reservation as contemplated under Art.16(4) must be held invalid.

The respondents oppose the application. They contend in their counter-affidavit that the petitioner has ~~x~~ secured the seventh rank and not the third rank as alleged in the petition, in the examination held, that the provisions in the rules of appointment of persons belonging to backward classes is valid and not <u>ultra vires</u> of the Constitution, that there has been no delegation of power on the part of the State in favour of the "Commission" that the examination held was only selective and not competitive, that there is no substance in any of the contentions raised on the side of the petitioner and that the application should be dismissed.

The main point that arises for consideration is as to how far the various contentions urged by the petitioner are tenable. So far as his contention that the examination is competitive and not selective is concerned the same has to be repelled. The rules framed in this

laid down under Rules 10 and 11. The relaxation mentio in Rule 17(4) seems to refer to very minor and neglig matters and the Rule cannot be taken to be a discrimina against communities other than those mentioned therein. Rule 19(2) provides that the Rajpramukh may discharge any officer if, in his opinion, the work of the officer on probation is unsatisfactory or inefficient. The contention urged was that an arbitrary power has been conferred on the Rajpramukh and if he so chooses, he ca discharge on officer without reference to the High Cour under whose authority and supervision a judicial office works. It was further pointed out that the rule restri ing the power of the Rajpramukh and requiring him to appoint only such of the candidates whose names appeare vested in the Commission a power not contemplated under Art. 320 of the Constitution and that this offended the provisions of the said Article. It was again contended that the rule giving discretion to the Commission to fix the number of marks a candidate should get in the two la papers to entitle him to be called for viva voce will lead to arbitrary exercise of that power on the part of the Commission and that the rule is therefore bad. It was next contended that the rule fixing 125 marks for viva voce out of 375 in an examination meant to select judicial officers, and the rule directing the adding up of the marks obtained in viva voce to the marks obtained in the written papers in fixing the place of a candidate gave arbitrary power to the Public Service Commission in selection of candidates and that the said rules are invalid. I do not propose to say that the Rules framed are perfect nor are they claimed to be such. As a matte of fact, the learned Advocate General frankly admitted that there are certain flaws in the rules now framed and that the State would revise them in view of the observations made by this Court in the previous Writ Petitions viz. W.Ps. 24 and 80 of 1955. I can do nothi

this behalf are quite clear and there is nothing in the said rules to show or indicate that the examination was intended to be competitive. Rule 4 provides that appointments to be filled up by direct recruitment shall be by a selection examination conducted by the Commission in accordance with the rules. Again the words "selection examination" are repeated in Rule 6, which provides that a 'selection examination for direct recruitment to the cadre of Munsiffs shall be held at such place or places' etc. Considering the status of the parties before us, it appears to be unnecessary to point out the difference between the words 'competitive' and 'selective'. It was also not contended, and could not be contended, that the two words are synonymous. The employment of the term "selection examination" is very indicative and excludes the idea of a competitive examination. The learned counsel for the petitioner relied on Rule 17(1)(b) and argued that the words "having regard to the representation of backward classes and the ranks of candidates as a result of the selection examination" would go to indicate that the examination was intended to be competitive. But the words relied on do not, in my opinion, lend any support to the contention urged for the petitioner. Even in that rule, the words "selection examination" have been used. Further, the term "ranks of candidates as a result of the selection examination" does not indicate that the examination was intended to be competitive. Therefore I am of opinion that Rule 17(1)(b) does not support the contention of the learned counsel for the petitioner.

Article 320(1) of the Constitution provides that

'It shall be the duty of the Union and the State Public Service Commissions to conduct examinations for appointments to the services of the Union and the services of the State respectively.'

It does not stipulate whether the examinations should be competitive or selective. If it was the intention of the Constitution-makers that the examination to be held for appointments to the service should be competitive, they would have so stated in the Article itsel The object of holding an examination as embodied in th above Article is evidently for testing the capacity of the pupils and just to have an idea whether a particular candidate is fit for the proposed appointment or not. In a similar Writ Petition filed in this Court where these very rules were impugned, viz. W.P.24/55, ~~dx~~ it has been held that the examination contemplated under the rules was not competitive but selective and was not meant to determine the candidates to whom the appointments are to be given in order of merit but was intended mainxly to find out who were all eligible to be appointed. Again in Writ Petition 80/55, to which the present petitioner was a party, the same view has been taken i.e. that the examination under the rules is selective and that it was not possible for the Cour to issue a direction that an examination which under the rule was selective should be turned into a competitive one. It is further observed in that case that the rules as they stood did not entitle a candidate to be included in the list on the basis of the results in the examination even though he might be the very first in the order of merit. In the light of these findings in the two cases quoted above, I fail to see any substance in the contention of the petitioner that he and others who are similarly situated believed that the examination was competitive. I very much doubt whether a person who has secured the highest marks in a written examination could claim to be included in the list of candidates who are eligible for appointment

~~xxxxxx~~

appointment merely on that ground. Marks obtained in a particular examination cannot be the sole criterion in judging a candidate's ability for appointment. There are very many other considerations that have to be taken into account by those responsible for making the appointments, such as physical fitness, personality, family history, character, aptitude for the particular work and like factors. Instances are k not wanting where persons appointed merely on the basis of marks obtained in an examination have proved to be misfits, while persons of average intelligence and common sense have been highly successful and reached heights of fame. Therefore securing of high marks in the examination may not be a sufficient criterion in making the appointments. Hence I do not concede the contention of the petitioner that the ten appointments should go to the first ten according to merit. Under these circumstances, I am of opinion that the examination held under the rules was a "selection examination" and not a "competitive one" as contended on the side of the petitioner.

The second ground urged on the side of the petitioner is that the appointments have been made according to communities for the reason that the said communities come under the heading 'backward classes of citizens', that there is no provision or classification as to who are backward classes of citizens, that no reservation as contemplated under Art.16(4) of the Constitution has been made by the State, and that in the absence of such reservation the appointments of the various candidates other than respondents 3, 4 and 5 must be delcared invalid. Even in this contention, I do not see sufficient force. No doubt, it is true that nine out of the ten appointments have gone to the candidates belonging to the backward classes of citizens, but I am not ~~xxxxp~~ prepared t

to accept the contention that these appointments are invalid as offending the provisions of Art.16(4) of the Constitution. Art.16(4) provides as follows:-

> "Nothing in this article shall prevent the State from making any provision for the reservation of appointments of posts in favour of any backward class of citizens which, in the opinion of the State, is not adequately represented in the services under the State."

Rule 2(5) defines what is meant by 'backward classes'. According to that rule, 'backward classes' mean the communities that are treated as such from time to time in accordance with the orders in force. It is not correct to say that the State have not classified as to who are 'backward classes of citizens'. The learned Advocate-General appearing for the respondents drew our attention to the order of Government bearing No.1827-80/ E.A.G.308, dated 16-5-1921. Therein it is stated that the term 'backward communities' should be understood as including all communities other than Brahmins who are not adequately represented in service. According to this, all communities other than Brahmins are classed as 'backward communities'. Thus it is seen that what are backward classes of citizens have been declared by an order of Government cited above on the recommendation of a Committee known as 'Miller's Committee.' It was contended on the side of the petitioner that this order of Government has become obsolete by lapse of time, that many changes have occurred in the representation of communities in service ever since then, that the order cannot have any force and that no value can be attached to it. I do not see any force or substance in this contention. This order of Government admittedly stands unrevlised. No resh order in its place has passed by Government. So long as the order of 1921 stands undisturbed and so long as there is no

no constitutional provision made as to what are backward classes of citizens, the order of Government of 1921 defining them should stand. The very fact that the Government have not thought it fit to revise that order goes to show that the purpose with which that order was passed is not yet realised. Therefore, in view of the principle underlying Art.16(4) of the Constitution, it cannot be said that the order of Government classifying certain communities as backward classes of citizens is repugnant to the provisions of the Constitution nor can it be said to be unjust or arbitrary.

It was next contended that no provision for reservation of appointments for backward classes of citizens has been made as contemplated under Art.16(4) and that therefore the appointment of these candidates as belonging to backward classes of citizens is invalid. What the learned counsel for the petitioner contended was that the word 'provision' appearing in Art.16(4) means a 'legislative provision' and not a provision made by the Executive Government and that, in the absence of such a provision, the rules relating to this must be held unconstitutional. The learned counsel for the petitioner was not able to point out any provision or case law in support of this argument. In this connection, I would like to refer to a case reported in A.I.R.1951 S.C.229. In that case, appointments were made according to communities on the strength of what were known as Communal Government Orders issued by the State of Madras. reservation therein was not made by any legislative provision. In spite of it, their Lordships have held in that case that so far as the appointments made in accordance with the reservation by the State with respect to the members of backward classes were concerned, the same were valid. If there was any substance in the contention

contention of the learned counsel for the petitioner that the provision in Art.16(4) was meant to be a legislative provision, I am sure that their Lordships of the Supreme Court would not have upheld the appointment made by the State of Madras on the basis of the communal Government Orders. Further, it appears to me that Art.16(4) is an enabling provision and that it is not obligatory on the part of the State to make provision for reservation. What that clause says is that 'Nothing in this article shall prevent the State from making any provision' etc. Anyway, under the rules, no percentage of appointments has been fixed to the various communities coming under the definition of 'backward classes of citizens'. But from the actual appointments made, no ~~diso~~ discrimination has been shown to any single community and the nine appointments have been allotted to nine different communities all coming under the heading 'backward classes of citizens'. Therefore it cannot be said that the State has been arbitrary in making appointments according to the communities coming under the 'backward classes of citizens'.

It was further contemplated on the side of the petitioner that the major portion of the appointments i.e. 7 out of 10, has gone to the backward classes of citizens, that the meaning of the word 'reservation' appearing in ~~xxxx~~ Art.16(4) indicates that the reservation must be a fraction of the main and that 7 out of10 appointments cannot be allotted to backward classes of citizens. This argument was based on the provisions of Art.16(1) and (2) and the contention urged by the learned counsel for the petitioner was that Art.16(4) is in the nature of a proviso or an Exception to what is stated in ~~xxxx~~ Art.16(1) and (2) and that the reservation contemplated in Art.16(4) cannot be in excess of a small portion of the main. In

In other words, the argument advanced was that out of 10 appointments, one or two should have gone to the backward classes of citizens and the rest to others. The contention that cl.(4) of Art.16 is in the nature of a proviso or exception to the main Art.16(1) and (2) appears to be well-founded. I am not prepared to countenance the argument of the learned Advocate-General that Art.16(4) is an independent provision by itself and that it should be read independently of clauses (1) and (2) of Art.16. Art.16(1) provides that 'There shall be equality of opportunity for all citizens in matters relating to employment or appointment to any office under the State." Thus it is seen that Clause (4) of Art.16 (quoted supra) is subsidiary to the main Article and that it carves out a class or category to which the main Article 16(1) does not apply Likewise, clauses (3) and (5) of ~~xxxx16(xxx~~ Art.16 appear to be exceptions to what is contained in Art.16(2). Thus, there can be no doubt that Art.16(4) is in the nature of an exception to what is stated in Art.16(1) of the Constitution. No doubt, the word ~~xx~~ "reservation" signifies that it can be a small portion of the main. But this does not mean that the appointments made are irregular invalid. In this case, as stated already, seven out of ten appointments have gone to communities on consideration of their coming under the heading 'backward classes of citizens'. As observed earlier, these appointments have not gone to any particular community; but, on the other hand, each of these appointments has gone to each of certain communities of backward classes of citizens. Evidently what the petitioner wants is to club together all these various backward classes of citizens into one as against those not belonging to that category which, in my opinion, is against all principles of natural justice and the principle underlying Art.(16(4) of the Constitution.

Each

Constitution. Each backward class of citizens is an independent class whose claim for appointment can be sustained under Art.16(4) of the Constitution. In such a case, the reservation for each backward class of citizens must be considered as one out of ten which is a small fraction of the total appointments. For ten appointments to be filled up, if there are candidates belonging to ten backward classes of citizens who, in the opinion of the State, are inadequately represented in the service, it will not be wrong for the state to allot all the appointments to the ten communities coming under the heading 'backward classes of citizens'; A member belonging to a class which is well represented in a particular service cannot have, and should not have, any grievance as against such appointments. Communities which are well represented in services should not except a place for themselves in each selection of appointments when there are backward classes of citizens which are not at all represented or which are inadequately represented in services and when the appointments to be made are limited. With good grace they must make room for their less fortunate brethren. By saying this, I do not mean that efficiency should be ignored. Efficiency in all grades of service is of importance and it should weigh in making appointments and due consideration should be given to that aspect in making appointments as pointed out by this Court in Writ Petition Number 24 of 1955.....

Our attention was drawn to the case reported in A.I.R. 1951 S.C. 229 and it was contended that the decision in that case supports the case for the petitioner. No doubt, it is true that the petitioner therein succeeded in getting an appointment which was originally refused to him by the State of Madras. But the facts in that case can easily be distinguished from the facts of the present case. Their Lordships in that case have upheld the allotment of seats on the basis of communities coming under the heading 'backward classes of citizens' and they said that reservation of posts for other communities not falling under the category of Harijans and backward class Hindus was repugnant to the provisions of Art. 16 and therefore void and illegal and that the petitioner's application for appointment was directed to be considered in filli up the other vacancies that were still available for being filled up without reference to communal Government Order.

Another contention on which much stress was laid by the learned counsel for the petitioner was that the power to make provision for reservation vests in the State, that the State alone can exercise that power, that under the rules the said power has been delegated to the Commission and that therefore the appointments made by the Commission must be declared invalid. Even i this contention, I do not see any truth or substance. The proposition that subsidiary or delegated legislation has become inevitable and necessary owing to the increased pressure on legislation and the complexity of the subject-matter of the present day legislation is well-recognized. Due to the complexity of the modern social and economic conditions, the Legislature has been compelled to entrust the Department responsible for administering the law with the power of deciding administrative or quasi-judicial

issues. The usual test for finding out whether a delegation of power is permissible or not is to see if the delegation amounts to an abdication of legislative powers. For the present purpose, it may not be necessary for me to go deeply into this subject. It is not correct to say that the State have delegated their power in favour of the Commission. This leads us incidentally to the powers and functions of the Public Service Commission.

The functions of the Public Service Commission have been enumerated in Art.320 of the Constitution. According to that Article, (as quoted earlier), it shall be the duty of the Public Service Commission to conduct examinations for appointments to the services. Thus it is seen that the Commission has got a right to be consulted on all matters relating to the method of recruitment to civil services and civil posts and also on the principles to be followed in making the appointments, promotions and transfers and other matters mentioned therein. In this case, the State has not requested the Public Service Commission to allot a particular percentage of appointments to any single community. Rule 7(2) provides that backward classes of citizens who are not adequately represented in the Judicial Service shall be given due representation from among the qualified candidates. This direction in the Rules to the Commission does not amount to a delegation of power for reservation of seats to any particular community and is in accordance with the principle underlying Art.16(4) of the Constitution. In this connection, it has also to be remembered that the word of the Commission is not final in such matters; under the Constitution, the status of the Public Service Commission is only advisory and consultative. Mandatory powers have not been conferred on the Commission, and the Constitution goes to the extent of saying that it is not obligatory on the President, Governor or Rajpramukh o

of a State to accept the recommendation of the Commission. The final word rests with the State and therefore the direction in the Rules to the Public Service Commission as provided in Rule 7(2) does not amount to a delegation of power in its true sense

It was contended by the learned Advocate-General that even the Public Service Commission can make provision for reservation under Art.16(4) of the Constitution irrespective of the State Government or the Rajpramukh inasmuch as the State, as defined under Art.12 of the Constitution includes 'Public Service Commission'. I am of opinion that there is no force in this contention. Art. 12 of the Constitution runs as under:

> " In this Part, unless the context otherwise requires, "the State," includes the Government and Parliament of India and the Government and the Legislature of each of the States and all local or other authorities within the territory of India or under the control of the Government of India."

The contention of the learned Advocate-General was that the Public Service Commission comes within the category of 'other authorities' appearing in Art.12, with which contention I am unable to agree. 'Authority' means 'power to make laws, orders, regulations and bye-laws' etc., and also the power to enforce laws. The word 'authority' literally means 'a body exercising power'. Under the Constitution, the Public Service Commission has no such authority and it has not got even the power to implement its own decisions without reference to the State Government. Art.320(4) provides -

> Nothing in clause (3) shall require a Public Service Commission to be consulted as respects the manner in which any provision referred to in clause (4) of Article 16 may be made or as respects the manner in which effect may be given to the provisions of Article 335. "

In other words, what that clause says is that the Public

Service Commission need not be consulted with respect to the manner in which the provision referred to in clause 4 of Art. 16 may be made or with respect to the manner in which effect may be given to the provisions of Art.335. When the Article says that the State Government need not even consult the Public Service Commission with respect to the matter covered under Art.16(4) i.e. with respect to the making of provisions for reservation of appointments in favour of backward classes of citizens, there is no substance in the contention that the Public Service Commission is an authority within the meaning of that word in Art.12 and that it can make provision for reservation of appointments without reference to the State Government. Art.320(4) would have had no place in the Constitution if the Public Service Commission was intended to be an authority within the meaning of that word appearing in Art. 12 of the Constitution and if it was intended to possess the power to make provision for reservation. At any rate, it cannot be disputed in view of the above provisions that the Public Service Commission is not an authority within the meaning of Art.12 of the Constitution at leas for purposes of Art.16(4) thereof. This stand was taken by the present petitioner in his previous Writ Petition 80/55. It has been found therein that such a contention could not be put forth by him as he with full knowledge of the rules and their implications voluntarily subjecte himself to the operation of the rules for making selection. I do not know how the petitioner could be heard to say again that there has been a delegation of power and that the relevant rule in this behalf is void.

Rule 7(3) provides that in the event of the requisite number of qualified candidates belonging to scheduled castes and tribes not becoming available as a result of the examination, it shall be open to the

Rajpramukh to fill up the consequent vacancies by appointment of qualified candidates out of those belonging to backward classes. It was contended on the side of the petitioner that this rule makes discrimination in favour of backward classes. I do not think that on that score I can say that the rule is invalid or that it should be scrapped out. There is nothing wrong in a llotting the posts reserved for scheduled castes and tribes to other backward classes of citizens when there are no qualified candidates belonging to the former category or in preferring a candidate belonging to a more backward class to another candidate of the backward class which has got better representation in services. This does not offend the provisions of Art. 16(4). On the other hand, this rule is in consonance with those provisions.

It was argued that Rule 16, so far as it relates to appointment by promotion, is void and that it offends Art. 234 of the Constitution. I am not inclined to uphold this argument. Art. 234 deals with recruitment of persons other than District Judges to the judicial service. The word ' appointments' does not necessarily mean fresh appointments directly from the Bar. 'Appointments' referred to in Art. 234 must be intended to include 'appointments by direct recruitment and also appointments by promotion'.

Rule 17(4) provides that the Rajpramukh may relax all or any of these rules in regard to candidates belonging to backward communities or scheduled castes or scheduled tribes subject to their possessing the qualification prescribed in Rules 10 and 11. It was contended that the other communities have been discriminated against with which contention we do not concur. Rules 10 and 11 stipulate the requisite qualifications and conditions before an appointment could be made. The essential requisites to entitle a candidate for an appointment are

better than reproduce what is stated in the said cases. In W.P.24/55, it is observed as follows:

> " The procedure laid down for both these and conditions to be satisfied constitute an innovation in many respects the glaring effect of which is that the High Court, which so far used to make the selection of all persons to be appointed with the concurrence of Government has, by virtue of these no hand at all in regard to recruitment and has only a secondary and submordinate part in the choice of persons for promotion, the proportion of which visa vis recruitment is fixed as one to six. "

In W.P.80/55 the following observation is made:

> " This proceeding has served to bring to light several important factors which need careful attention on the part of the authority responsible for framing rules. "

The bona fides of the Commission has been questioned by the petitioner in this petition. What he contends is that candidates who had not obtained the required number of marks in the written law papers have been awarded higher marks in the 'Viva Voce' examination, that their marks were thus made up to 40% of the total, that respondents 9 and 11 who were not called for interview at the first instance have been called for interview on the second occasion and that the appointment of respondents 9 and 11 is bad. The undisputed attitude of the Commission in refusing to furnish separately the number of marks obtained by candidates in each subject and in their declining to disclose even to the State Government the number of marks secured by each candidate in each of the law papers and viva voce examination separately and in their insisting on furnishing and actually furnishing only the total marks obtained by each candidate has given sufficient room for the petitioner to attack the bona fides of the Commission. So far as the refusal with respect to the request of the State Government is concerned, I am of opinion that the at...

of the Commission was unjustified. Being an advisory or a consultative body to the State Government and in view of the fact that under Art. 323 of the Constitution the Rajpramukh shall have to explain to the Legislature the reasons why in particular cases the advice of the Commission could not be accepted, it is not open to the Public Service Commission to withhold any information wanted by Government.

It is not correct to contend that respondents 9 and 11 were first refused an interview. The explanation given by the 2nd respondent is that the first batch was called for viva voce examination and that in view of Rule 5, which provided that candidates who obtained not less than 40% of the total number of marks in the aggregate were eligible for selection, the second batch was called. I think this explanation is satisfactory and mrely because respondents 9 and 11 were called for the viva voce examination on the second occasion, it does not necessarily mean that the Commission had no right to exercise that discretion and that they had already spent it out. In my opinion, the defects in the rules pointed out are not so grave or serious as to warrant the cancellation of the appointments made or to render the procedure adopted void ab initio. I think that for these several reasons, the petitioner cannot succeed.

In the result, this Writ Petition fails and the same stands dismissed but without costs.

HOMBE GOWDA J.

I have had the advantage of perusing the order prepared by my learned brother Sri K.N. Padmanabhiah and agree with his decision that this petition should be dismissed. I wish to add a word or two in support of the conclusions arrived at by my learned brother on some of the contentions raised by the Petitioner.

The claim of the Petitioner for inclusion in t list of candidates prepared and forwarded by the second Respondent to the first Respondent for being submitted to the Rajpramukh for approval and for being appointed as Munsiffs in preference to some of the candidates that were selected and appointed as Munsiffs is based on the ground that the examination conducted by the "Commission" was a competitive one. It was asserted by the Petitioner that he had secured the rhird rank in the examination and as such had a right to be includ in the list. The first and the second Respondents hav admitted in their counter-affidavits that the Petitione had secured the seventh rank in the examination. The main question, therefore, for consideration is whether the examination conducted by the "Commission" was a competitive one or a selective one. The examination for selection of candidates to be included in the list of candidates eligible for being appointed as Munsiffs is, it is disputed, held under the rules called "Mysore Munsiffs (Recruitment and promotion) Rules 1954". It is not disputed that these rules are framed under Articles 234 and 309 of the Constitution of India. A cursory perusal of the several provisions of these rules will make it abundantly clear that the examination conducted by the "Commission" under the rules is no competitive but selective. The examination, as could

gathered from the rules, is one meant to find out the competency of candidates for being appointed as Munsiffs. The petitioner, who is a practising Advocate of this Court, should be presumed to have read the rules and taken the examination with full knowledgeof all the rules and their implications and he cannot, therefore, in my opinion, now be heard to contend that he had any misconception about the nature or the scope of the examination that was being conducted by the "Commission". It was held by this Court in W.P.No.80/55 filed by this very Petitioner that it is not possible for this Court to issue a direction that an examination which under the rules is selective should be turned into being a competitive one. There is, therefore, no substance in the contention of the Petitioner that he understood the examination to be a competitive one and as such he has a right to be included in the list of eligible ~~xxxxx~~ candidates in preference to Respondents 3 to 12. It is not disputed that Respondents 3 to 12 are among the list of candidates published in the Mysore Gazette dated 30-12-1954 as successful in the examination. So long as the selection of the candidates for inclusion in the eligibility list is made from the list of candidates that have passed in the examination conducted by the "Commission", the Petitioner, in my opinion cannot have any valid grievance against the list.

It was contended by the Petitioner that the "Commission" had called for Viva Voce examination some of the candidates who had failed to secure the minimum number of marks in the two law papers in the written examination and that it was done so to show favouritism or to enable some of their favourite candidates to become eligible for selection on the strength of the marks awarded to them in the Viva Voce examination. In the

~~xxxxxxxxxxxxxxxx~~

counter-affidavit filed by the Secretary of the Publi Service Commission, on behalf the second Respondent, the Secretary while admitting that some of the candidates who were not summoned for oral examination at first were subsequently summoned has explained the reasons for such a course as follows:- "It is true that at one stage the Commission called for Viva Voce examination only some of the candidates. Later, however, the Commission felt that in the light of Rule 5 of the Regulations for the conduct of examinations, it was desirable that all the candidates should be called for Viva Voce examination. The said rule reads as follws: "Candidates should obtain not less than 40% of the total number of marks in the aggregate will be eligible for selection". As the marks obtained in Viva Voce forms part of the total number of marks in the aggregate, it was thought that it would be unfair to the candidates to exclude them from the Viva Voce and the Commission therefore calle the remaining candidates in another batch. It is no correct to state or to suggest that only Respondents 9 and 11 had not been called for Viva Voce in the first instance. The first batch that was called for viva Voce was 52 in number. The 2nd batch that was called for Viva Voce is 29 in number. The decision of the Commission to call for all the candidates was not exercised arbitrarily and was well within its power. Allegations of malafide are baseless and are denied. I refute the suggestion that Respondents 9 and 11 (along with other candidates) were given marks in the interview other wise than in any objective manner." I do not see any valid reasons to doubt the bona fides of the statements made on behalf of the "Commission", particularly when the action of the

"Commission", particularly was consistent with the Rules-It was urged by Sri S.K. Venkata Ranga Iyengar, the learned counsel for the Petitioner that the attitude adopted by the second Respondent in refusing to send the details of the marks obtained by the several candidates in the written and oral examinations separately clearly indicated want of bona fides on the part of the "Commission". The learned Advocate-General on the other hand contended that no useful purpose would be served by compelling the second respondent to submit the details of the marks obtained by the several candidates, inasmuch as, this Court is not competent to sit in judgement and to assess the correctness of the -- valuation of the papers and the marks given to each candidate to either of the written or of the Viva Voce examination. I do not think it is necessary to examine the arguments bearing on this question. This Court, in my opinion, cannot take upon itself the function of the "Commission" or of the examiners selected by the "Commission" and revalue the papers or scrutinise the marks given by the "Commission" to the several candidate in the Viva Voce examination and modify the results. Doubtless it is the "Commission" constituted under the Rules that had the authority to conduct the Viva Voce examination and to assess the relative merits of the several candidates. There is thus no substance in t contention of the petitioner also.

The other objection raised by Sri S.K. Venkata Rang Ivengar. the learned Counsel for the Petitioner is to th representation of the castes or communities being a consideration for the selection of the candidates. It was urged that the selection of respondents 4 to 12 as cand dates belonging to the backward classes without making

necessary provision for reservation in their favour under Article 16(4) of the Constitution of India and without determining as to what classes or communities of the State are backward and are inadequately represented in the public services so as to entitle them to claim that concession is ultra vires the Constitution. Article 16 of the Constitution reas thus: "(1) There shall be equity of opportunity for all citizens in matters relating to employment or appointment to any office under the State. (2) No citizen shall, on grounds only of religion, race, caste, sex, descent, place of birth, residence or any of them, be eligible for, or discriminated against ~~the~~ in respect of, any employment or office under the State. (3) Nothing in this article shall prevent Parliament from making any law prescribing, in regard to a class or classes of employment or appointment to an office under any State specified in the First Schedule or any local or other authority within its territory, any requirement as to residence within that State prior to such employment or appointment. (4) Nothing in this Article shall prevent the State from making any provision for the reservation of appointments or posts in favour of any backward class of citizens which in the opinion of the State is not adequately represented in the services under the State. (5) Nothing in this article shall affect the operation of any law which provides that the incumbent of an offic in connection with the affairs of any religious or denom national institution or any member of the governing body thereof shall be a person professing a particular religi or belonging to a particular denomination". It is clea from the above that clause (4) is an exception to the general provisions of the main article. This clause empowers the State to make such provision as it may deem

necessary for the purpose of securing adequate represent tion to the backward classes of the State. Two conditi are necessary for the application of this clause (1). The Community or class for which the State makes provisi is backwward in the opinion of the State. (2) That community or class in the opinion of the State is not adequately represented in the services under the State. The term "Backward class" has not been defined anywhere in the Constitution of India. In my opinion it is wide enough to include all kinds of backwardness, social, ~~xxxx~~ educational, economical or any other kind. Doubtless the State is the sole authority to classify the communiti as "backward classes". It was submitted that in the rules annexed to the "Mysore Munsiffs (Recruitment an Promotion) Rules, 1954" it has been stated that backward classes for the purposes of the rules are those that are treated as such by the orders issued by the Government from time to time. The learned Advocate-General submitted that the order of the Government of Mysore determining the backward communities was passed in the year 1921 and was based on the Miller Committee Report and the same is still in force. He submitted further that the State Government have been awaiting the orders of the Central Government on the report of the Backward Cla Commission (appointed by the President of India under Article 340 of the Constitution of India) to have a sound and reasonable basis to reclassify the backward classes under Article 16 (4) of the Constitution of India. The need to determine the communities that are backward and are inadequately represented in the services of the State to avoid unnecessary bickerings and to avoid the possibility of the present uncertain provision being used by any particular authority to the advantage of a particular community and to the detriment of the less fortunate community, has been pointed out by this Court previously

in the course of the orders passed in the other Writ Petition filed challenging the validity of the Mysore Munsiffs (Recruitment and Promotion) Rules, 1954. It is necessary that specific provision is made for reser tion of appointments for backward classes to be in con formity with the provisions of the Constitution of Ind and to avoid unnecessary confusion. There is no substan in the contention of the learned Advocate for the Peti tioner that in the absence of specific provision for reservation made under Article 16 (4) of the Constitut of Indis in favour of backward and inadequately repre- sented classes no reservation can be made in favour of any of the backward classes. The learned Counsel for the Petitioner tried to support his contention by -- referring to the decision of the Supreme Court in Venkataramana Vs. State of Madras (A.I.R. 1951 S.C.229) This decision, in my opinion, does not support the con- tention of the Petitioner. What all this decision lai down is that provision for reservation of posts in the Communal G.O. for those communities other than Harijans and Backward Hindus was void and illegal. As a matter of fact reservation of posts for Harijans and backward Hindus in the Communal G.O. of Madras was held to be valid. Therefore, there is no substance in this conten tion of the Petitioner.

The several other contentions raised by the Peti- tioner's counsel are deal th at length by my learned Brother in the course of his order. I have nothing more which I can usefully add. I therefore agree with my learned Brother that this petition should be dismiss

10-11-1955

Subject:- The Mysore Public Service Commission (Conduct of Business and Additional Functions) Bill, 1955.

A meeting of the Scrutinising Committee consisting of the Minister for Revenue and Public Works (Chairman), the Chief Secretary, the Secretary to Government, Law Department, the Additional Secretary to Government for Revision of State Laws, the Assistan Advocate General and the Assistant Secretary to Government, Legislation Department (Secretary) was held on 15th January 1955 to consider the Mysore Public Servic Commission (Conduct of Business and Exercise of Additional Functions)Bill, 1955. The enclosed Bill has been approved by the Committee and was placed before a meeting of the Council of Ministers held on 15th February 1955 and the Council resolved that the Mysore Public Service Commission (Conduct of Business and Additional Functions) Bill, 1955 be introduced in the ensuing Sessions.

As the enactment of the Bill appeared to involve additional expenditure from the consolidated Fund of the State a financial Memorandum had to be prepared and hence a copy of the draft Bill was sent to Public Service Commission to send a financial Memorandum.

While forwarding the financial memorandum the Secretary Public Service Commission forwarded the opinion of the Commission with regard to deleting (i) the proviso to sub-clause(3) of clause I in the first schedule and (ii) clause 7 in the first Schedule of the Bill.

The opinion of the Public Service Commission is as follows:-

While agreeing with most of the provisions made in the draft bill, the Commission is surprised to find

find two clauses which were not in the original bill and which, if adopted, is sure to come in the way of the Commission functioning as an independent statutory body.

he following are the two clauses:-

(1) PROVISO TO CLAUSE I. Sub-clause (3) of Clause 1 in the 1st Schedule provides for the Commission requiring any Officer of Government or Specialist to sit with the Commission at the time of interview of candidates or for elucidation on any matter.

" But the proviso to this clause empowers Government to direct that any officer appointed by Government shall be present at any interview of candidates and at any meeting of the Commission held for selection of candidates interviewed.

" The Commission is of the opinion that there is no necessity for such a power being vested in Government as provision has already been made in the Mysore Public Service Commission(Functions) Rules, 1953, according to which the Commission is required to invite the Head of the Department or his representative to be present at the interviews for selection of candidates and to take part in its deliberations (Proviso to Clause 5) of the Mysore P.S.C. (Functions) Rules 1953)

The Commission has always acted in accordance with this principle and has welcomed the presence of officers of Government at such meetings of the Commission.

The Commission, therefore, cannot understand necessity for the exercise of such a power by Government and feels that by reserving such power, Government is trying to interfere with the independent functioning of the Commission.

(2) CLAUSE 7 IN THE 1ST SCHEDULE. According to this clause, the Commission can be compelled to furnish any record or information which may be required by Government.

" The implication of such a provision is that Government desire to treat the Commission not as an independent statutory body as contemplated in the Constitution; but as a subordinate body like any other Department of Government.

In a number of cases, where Probationers have been selected by the Commission, it has been the experience of the Commission that requisitions have been received from Government for detailed information regarding the applicants, their community, qualifications and in some cases even as regards the marks obtained by the candidates at the written or oral tests.

The Commission has always been willing to furnish any relevant information to Government, but have consistently refused to furnish information which is considered by the Commission to be of a confidential nature.

It is perhaps to get over this situation that the proposed clause is being introduced in the Bill. The implications of this clause are far reaching and are sure to result in complications. The Commission feels that this is the thin end of the wedge to have a handle over its working. Its import would be that Government would be definitely interfering with the detailed working of the Commission, which in effect would mean administrative control over its working and interference with its independent action.

ne adoption of this clause, even

the proceedings of the Commission, ~~some-~~ and the minutes of ~~the~~ individual members of the Commission, sometimes dissenting minutes, will all be available to Government.

" An examination of the provisions of the Constitution in regard to Public Service Commissions would make it abundently clear that it was never the intention of the Constitution that Governments should interefere with the independent functioning of the Commissions.

The terms and conditions of service of members of the Commission and the functions of the Commission are so indicated in the Constitution to ensure the Commission working as an independent statutory body without being controlled in any matter by Government.

It is true that the functions of the Commission are of an advisory nature. But it could never have been the intention of the Constitution to make the Commission just a department of Government.

With a view to ascertain the procedure followed in other States, the Commission made enquiries of other Commissions. The Commission has been definitely informed that the matters of a confidential nature are not disclosed to Government.

Even in other democratic countries, there is no such parallel as is contemplated in this clause 7 of the Bill.

In regard to the selections made by the Commission, the procedure that is followed by other Commissions is that the lists of selected candidates are notified by the Commission immediately after the selections are made simultaneously

with the forwardal of the selected list, to Government for their information and necessary action.

This Commission, however, has been, inadvertently, adopting a slightly modified procedure, and has never notified the results before approval of Government.

As the conduct of examinations and the preparation of lists of successful candidates for appointment is, according to the Constitution, the sole responsibility of the Commission, there can be no question of Government's approval of the selectio made.

There is, therefore, no statutory obligation on the part of the Commission to furnish any information or records, which are considered by the Commission to be of a confidential ~~nature~~ character either to Government or to any outside authority.

The Commission will certainly be glad to give any relevant information to Government. But, it should not be compelled to disclose matters which are considered to be of a confidential nature by the Commission.

In this connection, the Commission would like to bring to the notice of Government that only from the point of view of the Commission but also from the point of view of Government, furnishing particulars which are of a confidential nature would work adversely to the interests of both the Government and the Commission, as illustrated by para 1(c) of the affidavit ~~filled~~ filed by Sri B.S.Keshava Iyengar, a candidate for the Munsiffs' Selection Examination, in connection with his Writ Petition No.107/55 befor the High Court of Mysore. The following para of

ıra of the affidavit would bear out this

ıatement:

> "It was also argued for me with reference to the reply given by the Hon'ble Law Minister on the floor of the Legislature on 20-4-1955 to the questions put by several members thereof that the first five according to rank were candidates belonging to the Brahmin community, the sixth to the Lingayet and the 8th to the Kurubar community. By necessary implication, the 7th, 9th and 10th ranks must also have been annexed by candidates belonging to the Brahmin Community".

This is an illustration, where disclosure of confidential information by Government has led to the use of such information by a party in the suit that has been filed against Government and the Commission.

The Commission, therefore, urges that these two clauses now proposed in the draft Bill be deleted from the Bill in the interest of independent working of the Commission and harmonious relationship with Government."

The Law Secretary pointed that if the Bill has to be revised the revised Bill will have to be approved by the Council of Ministers.

The Chief Secretary has stated as follows:-

The letter dated 17-10-1955 from the Secretar Mysore Public Service Commission, requesting that the proviso under sub-clause (3) of clause 1 and clause 1 in the first Schedule of the Mysore Public Service Commission (conduct of business and additional functions)Bill 1955 be deleted for the reasons stated by them, is for perusal.

At the time the Bill was drafted by the Scrutinising Committee all these factors were considered and these clauses were included in the Draft Bill. The same was approved by the

the Council of Ministers and the Bill was ordere to be placed before the Legislature.

But the Commission have now proposed to delete the above clauses of the Bill. For favou of orders whether the two clauses mentioned by the Public Service Commission be deleted from the Draft Bill. If it is considered necessary to delete these clauses, this has to go again before the Council of Ministers.

The Minister for Revenue and Public Works ordered that it may be discussed in Council early.

In this connection reference may be invite to the High Court Order passed on the Writ petition filed on 2-7-1955 under Art.226 of the Constitution by Sri S.K.Venkataranga Iyengar, Advocate for the petitioner Sri B.S.Keshava Iyengar praying that a writ of Certiorari, Mandamus, Quowarrants or any other appropriate writ or order may be issued declaring the Munsiffs Recruitment and promotions Rules 1954 as unconstitutional.

The Judgement Order relating to the bonafides of the Commission reads as follows:-

"The bona fides of the Commission has been questioned by the petitioner in this petition. What he contends is that candidates who had not obtained the required number of marks in the written law papers have been awarded higher marks in the viva voce examination, that their marks thus made up to 40% of the total, that respondents 9 and 11 who were not called for interview at the first instance have been called for interview on the second occasion and that the appointment of respondents 9 and 11 is bad

The undisputed attitude of the Commission in refusing to furnish separately the number of marks obtained by candidates in each subject and in their declining to disclose even to the State Government the number of marks secured by each candidate in each of the law papers and viva voce examination separately and in their insisting on furnishing and in actually furnishing only the total marks obtained by each candidate has given sufficient room for the petitioner to attack the bona-fides of the Commission. So far as the refusal with respect to the request of the State Government is concerned, I am of opinion that the attitude of the Commission was unjustified. Being an Advisory or a consultative body to the State Government and in view of the fact that under Art.323 of the Constitution the Rajpramukh shall have to explain to the Legislature the reasons why in particular cases the advise of the Commission could not be accepted, it is not open to the Public Service Commission to withhold any information wanted by Government."

~~In view of this it appears desirable to retain clause 7 in the 1st Schedule and also the proviso to sub-clause (3) of clause I in the 1st Schedule.~~

A decision will have to be taken now as to whether the two clauses referred to above be retain or deleted as opined by the P.S.C. Hence this note.

16/1

Chief Secretary to Govt.

16/1

3/1

The Commission urge that the proviso to sub-clause (3) under clause I, and also clause 7 in the first schedule proposed in the draft Bill be deleted in the interest of the independent working of the Commission and harmonious relationship with Government

Sub clause (3) and its proviso under clause 1 of 1st Schedule read as follows:-

> "(3) The Commission may, if necessary, call any Officer ~~appointed~~ of Government or specialist fo elucidation of any matter at a meeting or to be present at an interview of candidates:
>
> Provided that if the Government by order so directs any officer appointed by the Government shall be present at any interview of candidates and at any meeting of the Commission held for selection of the candidates interviewed."

The Commission are of opinion that there is no necessity for such a power being vested in Government, as per the provision referred to above, since provisio has already been made in the Mysore Public Service Commission (Functions) Rules 1953 according to which the Commission is required to invite the Head of the Department or his representative to be present at the interviews for selection of candidates and to tak part in the ~~di~~ deliberations (clause 5). They are further of opinion that by the addition of this proviso Government are trying to interfere with the independent functioning of the Commission.

Clause 7 of 1st Schedule reads as follows:-

> "Not withstanding anything contained in clause the Commission shall furnish any record or information, as may be required by the Government"

The Commission are of the following opinion -

According to this clause. the Commission can compelled to furnish any record or information which may be required by Government. The ~~information~~ implication of such

such a provision is that Government desire to treat the Commission not as an independent statutory body as contemplated in the constitution, but as a subordinate body like any other department of Government."

From their trend of argument it could be seen that they do not want to furnish any record or informatio even to Government, which they consider as confidential. They are of opinion that this is the thin end of the wedge to have handle over the working of the Commission by the Government and that by this clause 7, even the proceedings of the Commission and the minutes of the individual members, sometimes the dissenting minutes will be available to Government and that the terms and conditions of service of members of the Commission and the functions indicated in the constitution are to ensure the Commission as an independent statutory body without being controlled in any matter by Government and that there is no statutory obligation on the part of the Commission to furnish any record or information called for by the Government or by any outside authority.

The Commission therefore urge that these two clauses may be deleted from the draft Bill.

These suggestions of the P.S.C. may be placed before the scrutinising Committee and after obtaining their views in the matter, it may be treated as a Council matter and decided.

COUNCIL NOTE.

S E C R E T.

OSD7PSC57.

Subject:- C.166/57-58.

Public Service Commission Regulations, 1957.

The various draft Public Service Commission Regulations having been prepared by General Administration Department and agreement of the Public Service Commission to these various draft Regulations having been obtained also, Government in their Order No. GAD(S.1)44 SPN57 dated 27-5-1957 constituted a Committee consisting of Shri P.V.R.Rao, I.C.S., as Chairman and with Shri M.S.Patil, B.A.,LL.B., J.P., and Shri K.Narayanaswami, I.A.S., as Members, to go into this question and to make suitable recommendations to Government. A copy of the Report of the Committee is annexed to this note. This Committee having considered the various draft Regulations and after making such modifications as it considered necessary, met the Chairman and Members of the Mysore Public Service Commission on 8-7-1957 and discussed the various draft Regulations with them. The Public Service Commission while agreeing with most of the recommendations of the Committee did not agree on a few of the recommendations of the Committee which are mentioned below.

2. The following draft Public Service Commission Regulations as recommended by the Committee are appended and are for approval or orders:

(1) Mysore Public Service Commission (Consultation) Regulations.

(2) Mysore Public Service Commission (Conditions of Service) Regulations.

(3) Mysore Public Service Commission (Functions) Regulations.

(4) Mysore Public Service Commission (Conduct of Business and Additional Functions) Bill.

3. The following points require special consideration:

(a) Recruitment to all non-Gazetted posts is proposed to be excluded from the purview of the Public Service Commission as per item 14 in Annexure II of the draft Public Service Commission (Consultation) Regulations, except such posts in the Secretariat in the offices of Heads of Departments located in Bangalore. For such excluded posts recruitment is proposed to be made on a Regional Districtwise basis by Staff Selection Committees approved by Government and strictly subject to Rules of Recruitment including reservation for Backward Classes, Scheduled Castes and Scheduled Tribes. This method is in conformity with the practice in most other States in India except in Andhra and Madras where recruitment even to such posts is done by the Public Service Commission.

(b) The advantages of recruitment through Public Service Commission are that there will be impartial selection not subject to political influence to a degree not attainable under a system of recruitment by Staff Selection Committees. The enforcement of Government orders regarding reservation of vacancies can also be better checked.

(c) The disadvantages of this method as compared with a system of decentralised recruitment through Staff Selection Committees are -

(i) In the larger State, Public Service Commission re-

recruitment to such posts will be costly and dilatory as there will be much time lag between occurrance of vacancies and their filling up. Concensus of opinion obtained from Divisional - Commissioners and other Heads of Department and Unit officers confirms this conclusion.

(ii) Recruitment through a Centralised agency will be inconvenient to candidates and will act to the disadvantage of candidates from areas not near to Bangalore. Candidates for these minor posts could not reasonably be expected to incur the trouble and expenditure involved in coming over to Bangalore for purposes of interview, which is often necessary.

(iii) Recruitment through a Central agency will require greater publicity than the present method of publication of minor posts in the Mysore Gazette only, involving extra cost.

(iv) If Public Service Commission has to do such recruitment in the new State the strength of the Public Service Commission - both of Members and its staff may have to be increased, involving extra cost.

(v) The Government of India have suggested that greater use should be made of Employment Exchanges in State Recruitment. It would be easier to associate Employment Exchanges with recruitment if recruitment is made regionally by Staff Selection Committees than if it is done by a centralised agency like the Public Service Commission.

(vi) Recruitment to non-Gazetted posts Regionally or District wise by Staff Selection Committees will reduce or avoid most of the difficulties.

(d) The Commission is of the view that recruitment to Class II non-Gazetted posts i.e., II Division and III Division clerical and equivalent posts should not be made through it while recruitment to Class I - non-gazetted posts i.e., I Division clerical staff and equivalent posts, should be made through it. If this via media is adopted, the non-Gazetted posts to be included within the purview of the Commission will have to be carefully defined as pay scales in different integrating areas vary. Also, it will be necessary to review all recruitment made before 1-11-1956 in the State where consultation with Public Service Commission was not necessary or properly made.

(e) The posts are included in the Schedules to the Mysore Public Service Commission (Consultation) Regulations.

4. It is suggested that the salary of the Chairman should be Rs.2,500 per month and that of other Members of the Public Service Commission should be Rs.2,000 per month as against Rs.2,000 per month for Chairman and Rs.1,500 per month for Members as at present. The salaries in some other States are as under:

STATE	CHAIRMAN Rs. P.M	MEMBERS. Rs. P.M.
Madras.	2,000/-	-,500/-
Andhra Pradesh	2,000/-	-,500/-
One Member (of the Ex-Hyderabad P.S.C) now Member of Andhra Pradesh P.S.C.		-,750/-
Bombay	2,750/-	2,000/-
Old Mysore State	2,000/-	1,500/-

STATE.	CHAIRMAN Rs. P.M.	MEMBERS. Rs. P.M.
Uttar Pradesh	2,500/-	2,000/-
Bihar	2,500/-	1,750/-
Orissa	2,000/-	1,500/-
East Punjab	2,250/-	1,800/-
West Bengal	3,000/-	2,000/-
Assam	1,250/-	1,000/-

5. It is proposed that a pension scheme for Chairman and Members as provided in regulation 11 of the draft Public Service Commission (Conditions of Service) Regulations should be introduced. At present only Bihar Government provides pension for Members other than official-members. But it is understood that representations have been made for such grant of pension in other States also. The main justification for grant of pension is the existing bar against further employment under Government for Members of the Public Service Commission.

6. It is proposed that there should be a Secretary to the Public Service Commission/the Senior scale and an Assistant Secretary in the Assistant Commissioners grade pay viz., Rs.300-25-550-30-700 as provided in regulations 13 and 14 of the Public Service Commission (Conditions of Service) Regulations.

7. Finance Department who were consulted regarding paragraphs 4, 5 and 6 are against the proposals to create the post of an Assistant Secretary in addition to the post of a Secretary in the senior scale and also to the grant of pension to Members and enhancement of salary both to the Chairman and Members of the Public Service Commission. Finance Department have, however, been again requested to reconsider their views.

8. Under regulation 4(1) of the draft Public Service Commission (Conduct of Business and Additional Functions) Bill all Departmental examinations will be conducted by the Public Service Commission.

9. Under Regulation 4(2) of the same Bill appointments to posts under the local authorities is proposed to be entrusted to the Public Service Commission. A decision accepting this principle is necessary at this stage. The exact provisions as applicable to the whole State will be drafted by the Law Department in the light of the decisions taken after the scheme of uniform Laws to govern local bodies is decided upon.

10. To summarise, the points for consideration and decisions are -

(1) The four draft Public Service Commission Regulations as finalised by the Committee in consultation with the Public Service Commission may be approved including -

(i) the method of recruitment to non-Gazetted posts as recommended by the Committee.

(ii) the creation of the post of an Assistant Secretary in the scale of Rs.300-25-550-30-700 as provided for in regulation 13 of the Public Service Commission (Conditions of Service) Regulations and the proposal to have the post of a Secretary in the senior duty scale,

SECRET.

(iii) the enhancement in the salary payable to the Chairman and Members as suggested in regulation 4 of the Public Service Commission (Conditions of Service) Regulations,

(iv) the scheme of pension to the Chairman and Members as proposed in regulation 11 of the draft Public Service Commission (Conditions of Service) Regulations, and

(v) the proposal to entrust the Public Service Commission with recruitment to certain posts under local authorities.

STATEMENT OF OBJECTS AND REASONS.

Article 320 of the Constitution of India specifies the functions of the Public Service Commission and Article 321 empowers the State Legislature by an enactment to provide for exercise of additional Functions by the Public Service Commission as respects

the services of the State and also as respects the services of ~~any~~ local authority or other body corporate constituted by law or of any public Institution. In order to ensure that proper persons are appointed to the services of local authorities it is considered necessary to entrust the Public Service Commission with the same functions as it exercises as respects the services of the State. It is also considered necessary to entrust the Commission with the functions of conducting the departmental examinations which Government servants are required to pass either to secure confirmation or promotion. The procedure to be followed by the Commission in the performance of its functions has also to be regulated by an enactment. Hence the Bill.

9. In matters for which no provision is made in this Schedule, Government may make rules in consultation with the Commission; and subject to the provisions of such rules, the Commission may regulate its proceedings in such manner as it thinks fit.

Statement of Objects and Reasons.

Article 320 of the Constitution of India, specifies the functions of the Public Service Commission and Article 321 empowers the State Legislature by an enactment to provide for exercise of additional functions by the Public Service Commission as respects the services of the State and also as respects the services of any local authority or other body corporate constituted by law or of any public institution. In order to ensure that proper persons are appointed to the services of local authorities it is considered

..considered necessary to entrust the Public Service Commission with the same functions as it exercises as respects the services of the State. In respect of Taluk Boards, provision has been made separately in the Mysore Village Panchayats and Local Boards Bill, 1958. In respect of Municipalities, it is proposed to make provision in the uniform law relating to Municipalities which is under consideration of Government. Provision has beem made in the Bill for amendment of the City of Bangalore Municipal Corporation Act, 1949, to enable the Commission to exercise functions in respect of the staff of the Corporation

It is also considered necessary to entrust the Commission with the function of conducting the departmental examinations which Government servants are required to pass either to secure confirmation or promotion. The procedure to be followed by the Commission in the performance of its functions has also to be regulated by an enactment. Hence the Bill.

CHIEF MINISTER.

Financial Memorandum relating to the Mysore Public Service Commission (Conduct of Business and Additional Functions) Bill, 1958.

The additional functions of the Commission as a result of the enactment under the proposed Bill would be —

(i) extension of functions of the Commission to all Local Bodies including the Corporation of the City of Bangalore;

(ii) inspection of Unit Offices of local authorities;

(iii) the conduct of Local Service Examinations which are now being conducted by the Local Service Examination Board.

Some additional staff has already been sanctioned for the Office of the Public Service Commission in December 1957 and the proposals of the Public Service Commission for some more additional staff involving a recurring extra expenditure of Rs.46,000/- per annum, recently received, are under examination. For the conduct of the Local Service Examinations, the staff now attending to this work will continue under the Public Service Commission, and the provision for the contingent and other items of expenditure now incurred on the above account will also be placed at the disposal of the Public Service Commission.

In view of the above, no extra cost specifically for these additional functions will be necessary.

The Mysore Public Service Commission (Conduct of Business and Additional Functions) Bill, 1958.

The former Ministry had approved a proposal to enact legislation extending the jurisdiction of the Public Service Commission to local bodies and also to entrust the Commission with the conduct of Departmental Examinations. The draft Bill placed below embodying the decision taken by the former Ministry provides for:

i) statutory authority to enable Government to frame rules for the procedure to be followed by the Commission;

ii) the entrustment to the Commission the conduct of Departmental Examinations;

iii) and the entrustment to the Commission duties in respect of employees of local authorities to the same extent as in respect of Government servants.

The present Ministry will have to pilot the Bill in the Legislature, and steps to introduce the Bill in the Legislature have to be taken. Hence the Bill is placed before the Council for consideration.

- - -

The Bill was considered clause by clause.

It was agreed that instead of having a Schedule containing the provisions relating to the procedure to be followed by the Commission, a separate Chapter may be included in the Bill relating to conduct of business of the Commission. Accordingly the Bill was divided into three chapters. The provisions relating to the conduct of business being included in Chapter II.

Clause I. - It was agreed that chapter II should come into force at once and hence sub-clause (2) of this clause was suitably modified.

Clause 2.- Sub-clause (a) - As the expression "appointing authority" does not occur in the Bill it was agreed to omit this sub-clause.

Sub-clause (e).- It was agreed that for the words, "by the Government, by notification in the official Gazette", the words "under this Act"

may be substituted.

Sub-clause (f).- As the schedule has been omitted, the definition of 'schedule' in sub-clause(f) was omitted.

The definition of 'Secretary' was modified as follows:-

'Secretary' means the Secretary to the Commission, or, in his absence, such other person discharging the duties of the Secretary for the time being".

Sub-clause (g). - was omitted as the expression "Constitution" is defined in the Mysore General Clauses Act.

Clause 3,- The wording of this clause was slightly modified.

The provisions included in the schedule with the modifications indicated thereunder were inserted as separate clauses after clause 3

Two new clauses numbered as clause 4 and 5 which run as follows were inserted.-

4. Decision of questions.- All questions arising for decision by the Commission shall be decided either at a meeting of the Members of the Commission or by circulation among the Members of the Commission:

Provided that if any member desires that any question should be decided at a meeting, such question shall be considered and decided at a meeting of the Commission:

Provided futher that it shall not be necessary to circulate the papers relating to any question to

to Member who is on leave other than casual leave.

5. Agenda for meetings.- The Secretary shall prepare the agenda and convene the meetings of the Commission after giving notice to all the members.

Clause 10.-(that is Rule 5 of the Schedule). It was agreed that the decision of the Commission should be recorded by the Secretary and the necessary modification was made in the clause

After clause 12, it was agreed that a new clause may be inserted as follows:-

13. Interviews.- When candidates for appointments have to be interviewed by the Commission, the interview may be conducted by one or more Members authorised by the Commission, and the results of such interview shall be placed before the Commission for decision.

It was agreed that sub-clause (2) of clause 5, may be inserted as a separate clause relating to rule making powers of the Government with necessary modifications.

The other clauses were approved without any change.

A copy of the Bill as modified by the Committee is annexed.

(iii) any matter which is incidental to, or necessary for, the purpose of consultation with the Commission;

(iv) any matter for which rules have to be made under this Act.

STATEMENT OF OBJECTS AND REASONS.

Article 320 of the Constitution of India specifies the functions of the Public Service Commission an Article 321 empowers the State Legislature by an enactment to provide for exercise of additional functions by the Public Service Commission as respects the services of the State and also as respects the services of any local authority or other body corporate constituted by law or of any public institutio... In order to ensure that proper persons are appointed to the services of local authorities it is considered necessary to entrust the Public Service Commission with the same functions as it exercises as respects the services of the State.

It is also considered necessary to entrust the Commission with the function of conducting the departmental examinations which Government servants are required to pass either to secure confirmation or promotion. The procedure to be followed by the Commission in the performance of its functions has also to be regulated by an enactment. Hence the Bill.

FINANCIAL MEMORANDUM.

The additional functions of the Commission as a result of the enactment under the proposed Bill would be

(i) extension of functions of the Commission to all Local Authorities including the Corporation of the City of Bangalore;

(ii) the conduct of Local Service Examinations which are now being conducted by the Local Service Examinations Board.

Some additional staff has already been sanctio for the office of the Public Service Commission in December 1957 and the proposals of the Public Service Commission for some more additional staff involving recurring extra expenditure of Rs.46,000/- per annum, recently received are under examination. For the conduct of the Local Service Examinations, the staff now attending to this work will continue under the Public Service Commission; and the provision for the contingent and other items of expenditure now incurred on the above account will also be placed at the disposal of the Public Service Commission.

In view of the above, no extra cost, specifieally for these functions will be necessary.

8. Vacancy, etc., not to invalidate proceedings.—The proceedings of the Commission shall not be invalidated by any vacancy or by the absence of a Member.

9. **Quorum.**—The quorum for a meeting of the Commission shall be two but the Presiding Officer may adjourn any business at a meeting if he is of opinion that it cannot conveniently be transacted owing to the non-attendance of any Member.

10. **Recording of decisions.**—All decisions of the Commission shall be recorded by the Secretary in such manner as the Commission may direct. It shall be open to any Member who dissents from a decision, to record his dissent and if he thinks fit, also his reasons for such dissent.

11. **Communications to be signed by Secretary.**—Whenever the Commission is required to be consulted by or to give advice or forward proposals to, or to be consulted by, any authority, the opinion or the decision of the Commission shall be communicated in a letter signed by the Secretary, and, in a case where the opinion or the decision is not unanimous, neither the fact of, nor the grounds for, dissent shall be communicated unless the commission so directs.

12. **Deputation of Members.**—The Commission may depute one or more of its Members to be associated with any Committee or Board which may be set up to deal with problems relating to recruitment or promotion:

Provided that where consultation with the Commission is required on any point, the recommendations of the Committee or Board shall be forwarded to the Commission for advice.

13. **Interviews.**—When candidates for appointments have to be interviewed by the Commission, the interview may be conducted by one or more Members authorised by the Commission, and the results of such interview shall be placed before the Commission for decision.

14. **Action in urgent cases.**—The Chairman, or in his absence the next Senior Member, may deal with any urgent matter appearing to him to require immediate action. Such action shall be reported to the Commission as early as possible.

15. **Procedure in other cases.**—In matters for which no provision is made in this Chapter, Government may make rules in consultation with the Commission; and subject to the provisions of such rules, the Commission may regulate its proceedings in such manner as it thinks fit.

CHAPTER III.

ADDITIONAL FUNCTIONS.

16. Conduct of Service Examinations.—Such examinations which persons serving in connection with the affairs of the State are required to pass under the conditions of recruitment or service applicable to them and which may be notified by Government under this section, and such other examinations as may be notified by Government from time to time shall, with effect from such date as the Government may appoint, be conducted by the Commission in accordance with such rules as may be prescribed.

17. Functions in respect of services of local authorities.—(1) Notwithstanding anything contained in any law relating to the appointment and conditions of service of employees of local authorities—

(*a*) the Commission shall be the authority competent to conduct examinations for appointments to the services of local authorities and it shall be the duty of the Commission to conduct such examinations;

(*b*) the Commission shall be consulted—

(i) on all matters relating to methods of recruitment to services and posts under a local authority;

(ii) on the principles to be followed in making appointments to services and posts under a local authority and in making promotions from one service to another and on the suitability of candidates for such appointments or promotions;

(iii) on all disciplinary matters affecting a person serving under a local authority including memorials and petitions relating to such matters;

(iv) on any claim by or in respect of a person who is serving or has served under a local authority that any cost incurred by him in defending legal proceedings instituted against him in respect of acts done or purporting to be done in the execution of his duty should be paid out of the funds of the local authority concerned;

(v) on any claim for the award of a pension in respect of injuries sustained by a person while serving under a local authority and any question as to the amount of such award;

and it shall be the duty of the Commission to advise on any matte so referred to them and on any other matter relating to employee of local authorities which the Government may refer to them

Provided that the Government may make rules specifying the matters in which either generally or in any particular class of case or in any particular circumstances, it shall not be necessary for the Commission to be consulted.

(2) In the case of any difference of opinion between the Commission and a local authority on any matter, the local authority concerned shall refer the matter to the Government and the decision of the Government thereon shall be final.

(3) For purposes of this section, 'local authority' means a municipal council, municipal committee, municipal corporation, town committee, notified area committee, town board, sanitary board, district board, village panchayat or other authority by whatever name called, constituted under any law for the time being in force for the purpose of local self-government or village administration.

18. Rules.—(1) The Government may, in consultation with the Commission by notification in the Official Gazette make rules for carrying out the purposes of this Act.

(2) In particular and without prejudice to the generality of the foregoing power, such rules may be made for the following matters, namely:—

(i) the procedure to be follo[illegible] Commission in advertising posts, inviting applications, scrutinising the same, conducting examinations and selecting candidates to carry out the purposes of section 17;

(ii) the procedure to be followed by the local authority or any other competent authority for consultation with the Commission;

(iii) any matter which is incidental to, or necessary to [illegible] purpose of consultation with the Commission;

(iv) any matter for which rules have to be made under this Act.

(3) All rules made under this Act shall be laid as soon as they are made before each House of the State Legislature while it is in session, for a total period of thirty days which may be comprised in one session or in two or more sessions and if before the expiry of that period, either House of the State Legislature makes any modification in the rules or directs that any rule shall not have effect, and if the modification or direction is agreed to by the other House the rules shall thereafter have effect only in such modified form [illegible] effect, as the case may be.

Statement of Objects and Reasons.

Article 320 of the Constitution of India, specifies the functions of the Public Service Commission and Article 321 empowers the State Legislature by an enactment to provide for exercise of additional functions by the Public Service Commission as respects the services of the State and also as respects the services of any local authority or other body corporate constituted by law or of any public institution. In order to ensure that proper persons are appointed to the services of local authorities it is considered necessary to entrust the Public Service Commission with the same functions as it exercises as respects the services of the State.

It is also considered necessary to entrust the Commission with the function of conducting the departmental examinations which Government servants are required to pass either to secure confirmation or promotion. The procedure to be followed by the Commission in the performance of its functions has also to be regulated by an enactment. Hence the Bill.

Financial Memorandum.

The additional functions of the Commission as a result of the enactment under the proposed Bill would be—

(i) extension of functions of the Commission to all Local Authorities including the Corporation of the City of Bangalore;

(ii) the conduct of Local Service Examinations which are now being conducted by the Local Service Examination Board.

Some additional staff has already been sanctioned for the Office of the Public Service Commission in December 1957 and the proposals of the Public Service Commission for some more additional staff, involving recurring extra expenditure of Rs. 46,000 per annum, recently received are under examination. For the conduct of the Local Service Examinations, the staff now attending to this work will continue under the Public Service Commission; and the provision for the contingent and other items of expenditure now incurred on the above account will also be placed at the disposal of the Public Service Commission.

In view of the above, no extra cost, specifically for these additional functions, will be necessary.

1. Short title and commencement.—(1) This Act may be called the Mysore Public Service Commission (Conduct of Business and Additional Functions) Act, 1958.

(2) Section 2 and Chapter II of this Act shall come into force at once ; and the remaining provisions shall come into force on such date as the State Government may, by notification in the official Gazette, appoint.

2. Definitions.—In this Act, unless the context otherwise requires—

(a) "Commission" means the Mysore Public Service Commission ;

(b) "Government" means the State Government ;

(*c*) "Member" means a Member of the Commission and includes the Chairman thereof;

(*d*) "prescribed" means prescribed by rules made under this Act;

(*e*) "Secretary" means the Secretary to the Commission; or in his absence, such other person discharging the duties of the Secretary for the time being;

CHAPTER II.

CONDUCT OF BUSINESS BY THE COMMISSION.

3. Procedure for performance of functions of the Commission.—The provisions of this Chapter shall be applicable for the performance of the functions of the Commission under the Constitution or under any law for the time being in force.

4. Decision of questions.—All questions arising for decision by the Commission shall be decided either at a meeting of the Members of the Commission or by circulation among the Members of the Commission:

Provided that if any Member desires that any question should be decided at a meeting, such question shall be considered and decided at a meeting of the Commission:

Provided further that it shall not be necessary to circulate the papers relating to any question to a Member who is on leave other than casual leave.

5. Agenda for meetings.—The Secretary shall prepare the agenda and convene the meetings of the Commission after giving notice to all the Members.

6. Decision by majority of votes.—Every question at a meeting of the Commission shall be determined by a majority of the votes of the members present and voting on the question: and in the case of an equal division of votes, the Chairman shall have a second or casting vote.

7. Procedure during absence of Chairman.—If the Chairman is unable to be present at a meeting of the Commission, the seniormost Member present shall act on his behalf:

Provided that where the Chairman so requires, no action shall be taken upon any decision arrived at in a meeting at which he was not present, until he has been informed of such decision, and upon being so informed, he may require that any such decision shall be reconsidered at a meeting at which he is present.

8. **Vacancy, etc., not to invalidate proceedings.**—The proceedings of the Commission shall not be invalidated by any vacancy or by the absence of a Member.

9. **Quorum.**—The quorum for a meeting of the Commission shall be two but the Presiding Officer may adjourn any business at a meeting if he is of opinion that it cannot conveniently be transacted owing to the non-attendance of any Member.

Recording of decisions.—All decisions of the Commission shall be recorded by the Secretary in such manner as the Commission may direct. It shall be open to any Member who dissents from a decision, to record his dissent and if he thinks fit, also his reasons for such dissent.

11. **Communications to be signed by Secretary.**—Whenever the Commission is required to be consulted by or to give advice or forward proposals to, or to be consulted by, any authority, the opinion or the decision of the Commission shall be communicated in a letter signed by the Secretary, and, in a case where the opinion or the decision is not unanimous, neither the fact of, nor the grounds for, dissent shall be communicated unless the commission so directs.

12. **Deputation of Members.**—The Commission may depute one or more of its Members to be associated with any Committee or Board which may be set up to deal with problems relating to recruitment or promotion:

Provided that where consultation with the Commission is required on any point, the recommendations of the Committee or Board shall be forwarded to the Commission for advice.

13. **Interviews.**—When candidates for appointments have to be interviewed by the Commission, the interview may be conducted by one or more Members authorised by the Commission, and the results of such interview shall be placed before the Commission for decision.

14. **Action in urgent cases.**—The Chairman, or in his absence the next Senior Member, may deal with any urgent matter appearing to him to require immediate action. Such action shall be reported to the Commission as early as possible.

15. **Procedure in other cases.**—In matters for which no provision is made in this Chapter, Government may make rules in consultation with the Commission; and subject to the provisions of such rules, the Commission may regulate its proceedings in such manner as it thinks fit.

CHAPTER III.

ADDITIONAL FUNCTIONS

16. Conduct of Service Examinations.—Such examinations which persons serving in connection with the affairs of the State are required to pass under the conditions of recruitment or service applicable to them and which may be notified by Government under this section, and such other examinations as may be notified by Government from time to time shall, with effect from such date as the Government may appoint, be conducted by the Commission in accordance with such rules as may be prescribed.

17. Functions in respect of services of local authorities.—(1) Notwithstanding anything contained in any law relating to the appointment and conditions of service of employees of local authorities—

(*a*) the Commission shall be the authority competent to conduct examinations for appointments to the services of local authorities and it shall be the duty of the Commission to conduct such examinations;

(*b*) the Commission shall be consulted—

(i) on all matters relating to methods of recruitment to services and posts under a local authority;

(ii) on the principles to be followed in making appointments to services and posts under a local authority and in making promotions from one service to another and on the suitability of candidates for such appointments or promotions;

(iii) on all disciplinary matters affecting a person serving under a local authority including memorials and petitions relating to such matters;

(iv) on any claim by or in respect of a person who is serving or has served under a local authority that any cost incurred by him in defending legal proceedings instituted against him in respect of acts done or purporting to be done in the execution of his duty should be paid out of the funds of the local authority concerned;

(v) on any claim for the award of a pension in respect of injuries sustained by a person while serving under a local authority and any question as to the amount of such award;

and it shall be the duty of the Commission to advise on any matter so referred to them and on any other matter relating to employees of local authorities which the Government may refer to them.

Provided that the Government may make rules specifying the matters in which either generally or in any particular class of case or in any particular circumstances, it shall not be necessary for the Commission to be consulted.

(2) In the case of any difference of opinion between the Commission and a local authority on any matter, the local authority concerned shall refer the matter to the Government and the decision of the Government thereon shall be final.

(3) For purposes of this section, local authority means a municipal council, municipal committee, municipal corporation, town committee, notified area committee, town board, sanitary board, district board, village panchayat or other authority by whatever name called, constituted under any law for the time being in force for the purpose of local self-government or village administration.

18. Rules.—(1) The Government may, in consultation with the Commission by notification in the Official Gazette make rules for carrying out the purposes of this Act.

(2) In particular and without prejudice to the generality of the foregoing power, such rules may be made for the following matters, namely:—

(i) the procedure to be followed by the Commission in advertising posts, inviting applications, scrutinising the same, conducting examinations and selecting candidates to carry out the purposes of section 17;

(ii) the procedure to be followed by the local authority or any other competent authority for consultation with the Commission;

(iii) any matter which is incidental to, or necessary for, the purpose of consultation with the Commission;

(iv) any matter for which rules have to be made under this Act.

(3) All rules made under this Act shall be laid as soon as they are made before each House of the State Legislature while it is in session, for a total period of thirty days which may be comprised in one session or in two or more sessions and if before the expiry of that period, either House of the State Legislature makes any modification in the rules or directs that any rule shall not have effect, and if the modification or direction is agreed to by the other House the rules shall thereafter have effect only in such modified form or be of no effect, as the case may be.

Statement of Objects and Reasons.

Article 320 of the Constitution of India, specifies the functions of the Public Service Commission and Article 321 empowers the State Legislature by an enactment to provide for exercise of additional functions by the Public Service Commission as respects the services of the State and also as respects the services of any local authority or other body corporate constituted by law or of any public institution. In order to ensure that proper persons are appointed to the services of local authorities it is considered necessary to entrust the Public Service Commission with the same functions as it exercises as respects the services of the State.

It is also considered necessary to entrust the Commission with the function of conducting the departmental examinations which Government servants are required to pass either to secure confirmation or promotion. The procedure to be followed by the Commission in the performance of its functions has also to be regulated by an enactment. Hence the Bill.

Financial Memorandum.

The additional functions of the Commission as a result of the enactment under the proposed Bill would be—

(i) extension of functions of the Commission to all Local Authorities including the Corporation of the City of Bangalore;

(ii) the conduct of Local Service Examinations which are now being conducted by the Local Service Examination Board.

Some additional staff has already been sanctioned for the Office of the Public Service Commission in December 1957 and the proposals of the Public Service Commission for some more additional staff, involving recurring extra expenditure of Rs. 46,000 per annum, recently received are under examination. For the conduct of the Local Service Examinations, the staff now attending to this work will continue under the Public Service Commission; and the provision for the contingent and other items of expenditure now incurred on the above account will also be placed at the disposal of the Public Service Commission.

In view of the above, no extra cost, specifically for these additional functions, will be necessary.

Report of the Select Committee on the Mysore Public Service Commission (Conduct of Business and Additional Functions) Bill, 1958.

I, the Chairman of the Select Committee to which the Mysore Public Service Commission (Conduct of Business and Additional Functions) Bill, 1958, as passed by the Legislative Council, was referred, having been authorised to submit the report on their behalf, present this report, with the Bill as amended by the Committee annexed thereto.

2. The Bill was introduced in the Legislative Council on 6th November 1958 and was passed on 24th November 1958. The Bill as passed by the Legislative Council was discussed by the Legislative Assembly on 9th and 11th December 1959. The motion to refer the Bill to a Select Committee was adopted on 11th December.

3. The Committee held a sitting on 17th December 1959.

4. The observations of the Committee with regard to the principal changes proposed in the Bill are detailed in the succeeding paragraphs.

5. *Clause* 7.—The Commi [illegible] opinion that the wording of the proviso should be modified to clarify the intention. A modified proviso has accordingly been inserted.

6. *Clause* 13.—The Committee consider that at least two Members should interview candidates for appointment. The clause has accordingly been amended.

7. *Clause* 17—(1) *Sub-clause* (1).—Under the proviso to this sub-clause matters to be excluded from the purview of the Commission have to be specified by rules; and under clause 18 the rules have to be made in consultation with the Commission.

The Committee are of the opinion that for excluding any matter from the purview of the Commission, it is not necessary to consult the Commission. The proviso has accordingly been amended by substituting the word "orders" for the word "rules".

(2) *Sub-clause* (3).—In order to bring within the purview of the Commission, the staff employed under the Improvement Trust Boards of the City of Bangalore and Mysore, sub-clause (3) has been amended.

8. The Bill was published in a Gazette Extraord [illegible] ed 30th October 1959.

9. The Select Co [illegible] be passed.

CHAPTER II.

CONDUCT OF BUSINESS BY THE COMMISSION.

3. Procedure for performance of functions of the Commission.—The provisions of this Chapter shall be applicable for the performance of the functions of the Commission under the Constitution or under any law for the time being in force.

4. Decision of questions.—All questions arising for decision by the Commission shall be decided either at a meeting of the Members of the Commission or by circulation among the Members of the Commission :

Provided that if any Member desires that any question should be decided at a meeting, such question shall be considered and decided at a meeting of the Commission :

Provided further that it shall not be necessary to circulate the papers relating to any question to a Member who is on leave other than casual leave.

5. Agenda for meetings.—The Secretary shall prepare the agenda and convene the meetings of the Commission after giving notice to all the Members.

6. Decision by majority of votes.—Every question at a meeting of the Commission shall be determined by a majority of the votes of the members present and voting on the question : and in the case of an equal division of votes, the Chairman shall have a second or casting vote.

7. Procedure during absence of Chairman.—If the Chairman is unable to be present at a meeting of the Commission, the seniormost Member present shall act on his behalf :

Provided that the Chairman shall be informed of such decisions arrived at in such a meeting in respect of any case which he may specify ; and if on being so informed he is of the opinion that any such decision should be reconsidered at a meeting of the Commission at which he is present, such decision shall be reconsidered accordingly, and until such reconsideration no action shall be taken on such decision.

8. **Vacancy, etc., not to invalidate proceedings.**—The proceedings of the Commission shall not be invalidated by any vacancy or by the absence of a Member.

9. **Quorum.**—The quorum for a meeting of the Commission shall be two but the Presiding Officer may adjourn any business at a meeting if he is of opinion that it cannot conveniently be transacted owing to the non-attendance of any Member.

10. **Recording of decisions.**—All decisions of the Commission shall be recorded by the Secretary in such manner as the Commission may direct. It shall be open to any Member who dissents from a decision, to record his dissent and if he thinks fit, also his reasons for such dissent.

11. **Communications to be signed by Secretary.**—Whenever the Commission is required to be consulted by or to give advice or forward proposals to, or to be consulted by, any authority, the opinion or the decision of the Commission shall be communicated in a letter signed by the Secretary, and, in a case where the opinion or the decision is not unanimous, neither the fact of, nor the grounds for, dissent shall be communicated unless the commission so directs.

12. **Deputation of Members.**—The Commission may depute one or more of its Members to be associated with any Committee or Board which may be set up to deal with problems relating to recruitment or promotion:

Provided that where consultation with the Commission is required on any point, the recommendations of the Committee or Board shall be forwarded to the Commission for advice.

13. **Interviews.**—When candidates for appointments have to be interviewed by the Commission, the interview may be conducted by two or more Members authorised by the Commission, and the results of such interview shall be placed before the Commission for decision.

14. **Action in urgent cases.**—The Chairman, or in his absence the next Senior Member, may deal with any urgent matter appearing to him to require immediate action. Such action shall be reported to the Commission as early as possible.

15. **Procedure in other cases.**—In matters for which no provision is made in this Chapter, Government may make rules in consultation with the Commission; and subject to the provisions of such rules, the Commission may regulate its proceedings in such manner as it thinks fit.

CHAPTER III

ADDITIONAL FUNCTIONS.

16. Conduct of service examinations.—Such examinations which persons serving in connection with the affairs of the State are required to pass under the conditions of recruitment or service applicable to them and which may be notified by Government under this section, and such other examinations as may be notified by Government from time to time shall, with effect from such date as the Government may appoint, be conducted by the Commission in accordance with such rules as may be prescribed.

17. Functions in respect of services of local authorities.—(1) Notwithstanding anything contained in any law relating to the appointment and conditions of service of employees of local authorities—

(*a*) the Commission shall be the authority competent to conduct examinations for appointments to the services of local authorities and it shall be the duty of the Commission to conduct such examinations;

(*b*) the Commission shall be consulted—

(i) on all matters relating to methods of recruitment to services and posts under a local authority;

(ii) on the principles to be followed in making appointments to services and posts under a local authority and in making promotions from one service to another and on the suitability of candidates for such appointments or promotions;

(iii) on all disciplinary matters affecting a person serving under a local authority including memorials and petitions relating to such matters;

(iv) on any claim by or in respect of a person who is serving or has served under a local authority that any cost incurred by him in defending legal proceedings instituted against him in respect of acts done or purporting to be done in the execution of his duty should be paid out of the funds of the local authority concerned;

(v) on any claim for the award of a pension in respect of injuries sustained by a person while serving under a local authority and any question as to the amount of such award;

and it shall be the duty of the Commission to advise on any matter so referred to them and on any other matter relating to employees of local authorities which the Government may refer to them.

Provided that the Government may make orders specifying the matters in which either generally or in any particular class of case or in any particular circumstances, it shall not be necessary for the Commission to be consulted.

(2) In the case of any difference of opinion between the Commission and a local authority on any matter, the local authority concerned shall refer the matter to the Government and the decision of the Government thereon shall be final.

(3) For purposes of this section, 'local authority' means a municipal council, municipal committee, municipal corporation, town committee, notified area committee, town board, sanitary board, taluk board, village panchayat or other authority by whatever name called, constituted under any law for the time being in force for the purpose of local self-government or village administration and includes the Board constituted under the City of Mysore Improvement Act, 1903 (Mysore Act III of 1903), and the City of Bangalore Improvement Act, 1945 (Mysore Act V of 1945)

18. Rules.—(1) The Government may, in consultation with the Commission by notification in the Official Gazette make rules for carrying out the purposes of this Act.

(2) In particular and without prejudice to the generality of the foregoing power, such rules may be made for the following matters namely:—

(i) the procedure to be followed by the Commission in advertising posts, inviting applications, scrutinising the same, conducting examinations and selecting candidates to carry out the purposes of section 17;

(ii) the procedure to be followed by the local authority or any other competent authority for consultation with the Commission;

(iii) any matter which is incidental to, or necessary for, the purpose of consultation with the Commission;

(iv) any matter for which rules have to be made under this Act.

(3) All rules made under this Act shall be laid as soon as they are made before each House of the State Legislature while it is in session, for a total period of thirty days which may be comprised in one session or in two or more sessions and if before the expiry of that period, either House of the State Legislature makes any modification in the rules or directs that any rule shall not have effect, and if the modification or direction is agreed to by the other House the rules shall thereafter have effect only in such modified form or be of no effect, as the case may be ; so however that any such modification or annulment shall be without prejudice to the validity of anything previously done under that rule.

THE MYSORE PUBLIC SERVICE COMMISSION (CONDUCT OF BUSINESS AND ADDITIONAL FUNCTIONS) BILL, 1959.

A Bill to prescribe the procedure to be followed by the Mysore Public Service Commission for the performance of its functions and to provide for the exercise of certain additional functions by the Commission.

WHEREAS it is expedient to prescribe the procedure to be followed by the Mysore Public Service Commission for the performance of its functions and to provide for the exercise of certain additional functions by the Commission;

BE it enacted by the Mysore State Legislature in the Tenth Year of the Republic of India as follows:—

CHAPTER I.

PRELIMINARY.

1. Short title and commencement.—(1) This Act may be called the Mysore Public Service Commission (Conduct of Business and Additional Functions) Act, 1959.

(2) Section 2 and Chapter II of this Act shall come into force at once ; and the remaining provisions shall come into force on such date as the State Government may, by notification in the official Gazette, appoint.

2. Definitions.—In this Act, unless the context otherwise requires—

(*a*) "Commission" means the Mysore Public Service Commission ;

(*b*) "Government" means the State Government ;

(*c*) "Member" means a Member of the Commission and includes the Chairman thereof ;

(*d*) "prescribed" means prescribed by rules made under this Act ;

(*e*) "Secretary" means the Secretary to the Commission; or in his absence, such other person discharging the duties of the Secretary for the time being.

CHAPTER II.

CONDUCT OF BUSINESS BY THE COMMISSION.

3. Procedure for performance of functions of the Commission.—The provisions of this Chapter shall be applicable for the performance of the functions of the Commission under the Constitution or under any law for the time being in force.

4. Decision of questions.—All questions arising for decision by the Commission shall be decided either at a meeting of the Members of the Commission or by circulation among the Members of the Commission :

Provided that if any Member desires that any question should be decided at a meeting, such question shall be considered and decided at a meeting of the Commission:

Provided further that it shall not be necessary to circulate the papers relating to any question to a Member who is on leave other than casual leave.

5. Agenda for meetings.—The Secretary shall prepare the agenda and convene the meetings of the Commission after giving notice to all the Members.

6. Decision by majority of votes.—Every question at a meeting of the Commission shall be determined by a majority of the votes of the members present and voting on the question : and in the case of an equal division of votes, the Chairman shall have a second or casting vote.

7. Procedure during absence of Chairman.—If the Chairman is unable to be present at a meeting of the Commission, the seniormost Member present shall act on his behalf:

Provided that the Chairman shall be informed of such decisions arrived at in such a meeting in respect of any case which he may specify; and if on being so informed he is of the opinion that any such decision should be reconsidered at a meeting of the Commission at which he is present, such decision shall be reconsidered accordingly, and until such reconsideration no action shall be taken on such decision.

8. Vacancy, etc., not to invalidate proceedings.—The proceedings of the Commission shall not be invalidated by any vacancy or by the absence of a Member.

9. Quorum.—The quorum for a meeting of the Commission shall be two but the Presiding Officer may adjourn any business at a meeting if he is of opinion that it cannot conveniently be transacted owing to the non-attendance of any Member.

10. Recording of decisions.—All decisions of the Commission shall be recorded by the Secretary in such manner as the Commission may direct. It shall be open to any Member who dissents from a decision, to record his dissent and if he thinks fit, also his reasons for such dissent.

11. Communications to be signed by Secretary.—Whenever the Commission is required to be consulted by or to give advice or forward proposals to, or to be consulted by, any authority, the opinion or the decision of the Commission shall be communicated in a letter signed by the Secretary, and, in a case where the opinion or the decision is not unanimous, neither the fact of, nor the grounds for, dissent shall be communicated unless the commission so directs.

12. Deputation of Members.—The Commission may depute one or more of its Members to be associated with any Committee or Board which may be set up to deal with problems relating to recruitment or promotion:

Provided that where consultation with the Commission is required on any point, the recommendations of the Committee or Board shall be forwarded to the Commission for advice.

13. Interviews.—When candidates for appointments have to be interviewed by the Commission, the interview may be conducted by two or more Members authorised by the Commission, and the results of such interview shall be placed before the Commission for decision.

14. Action in urgent cases.—The Chairman, or in his absence the next Senior Member, may deal with any urgent matter appearing to him to require immediate action. Such action shall be reported to the Commission as early as possible.

15. Procedure in other cases.—In matters for which no provision is made in this Chapter, Government may make rules in consultation with the Commission; and subject to the provisions of such rules, the Commission may regulate its proceedings in such manner as it thinks fit.

CHAPTER III.

ADDITIONAL FUNCTIONS.

16. Conduct of Service Examinations.—Such examinations which persons serving in connection with the affairs of the State are required to pass under the conditions of recruitment or service applicable to them and which may be notified by Government under this section, and such other examinations as may be notified by Government from time to time shall, with effect from such date as the Government may appoint, be conducted by the Commission in accordance with such rules as may be prescribed.

17. Functions in respect of services of local authorities.—(1) Notwithstanding anything contained in any law relating to the appointment and conditions of service of employees of local authorities—

(*a*) the Commission shall be the authority competent to conduct examinations for appointments to the services of local authorities and it shall be the duty of the Commission to conduct such examinations;

(*b*) the Commission shall be consulted—

(i) on all matters relating to methods of recruitment to services and posts under a local authority;

(ii) on the principles to be followed in making appointments to services and posts under a local authority and in making promotions from one service to another and on the suitability of candidates for such appointments or promotions;

(iii) on all disciplinary matters affecting a person serving under a local authority including memorials and petitions relating to such matters;

(iv) on any claim by or in respect of a person who is serving or has served under a local authority that any cost incurred by him in defending legal proceedings instituted against him in respect of acts done or purporting to be done in the execution of his duty should be paid out of the funds of the local authority concerned;

(v) on any claim for the award of a pension in respect of injuries sustained by a person while serving under a local authority and any question as to the amount of such award ;

and it shall be the duty of the Commission to advise on any matter so referred to them and on any other matter relating to employees of local authorities which the Government may refer to them :

Provided that the Government may make orders specifying the matters in which either generally or in any particular class of case or in any particular circumstances, it shall not be necessary for the Commission to be consulted.

(2) In the case of any difference of opinion between the Commission and a local authority on any matter, the local authority concerned shall refer the matter to the Government and the decision of the Government thereon shall be final.

(3) For purposes of this section, 'local authority' means a municipal council, municipal committee, municipal corporation, town committee, notified area committee, town board, sanitary board, taluk board, village panchayat or other authority by whatever name called, constituted under any law for the time being in force for the purpose of local self-government or village administration and includes the Board constituted under the City of Mysore Improvement Act, 1903 (Mysore Act III of 1903), and the City of Bangalore Improvement Act, 1945 (Mysore Act V of 1945).

18. Rules.—(1) The Government may, in consultation with the Commission by notification in the Official Gazette make rules for carrying out the purposes of this Act.

(2) In particular and without prejudice to the generality of the foregoing power, such rules may be made for the following matters namely :—

(i) the procedure to be followed by the Commission in advertising posts, inviting applications, scrutinising the same, conducting examinations and selecting candidates to carry out the purposes of section 17 ;

(ii) the procedure to be followed by the local authority or any other competent authority for consultation with the Commission ;

(iii) any matter which is incidental to, or necessary for, the purpose of consultation with the Commission ;

(iv) any matter for which rules have to be made under this Act.

(3) All rules made under this Act shall be laid as soon as they are made before each House of the State Legislature while it is in session, for a total period of thirty days which may be comprised in one session or in two or more sessions and if before the expiry of that period, either House of the State Legislature makes any modification in any rule or directs that any rule shall not have effect, and if the modification or direction is agreed to by the other House the said rule shall thereafter have effect only in such modified form or be of no effect, as the case may be; so however that any such modification or annulment shall be without prejudice to the validity of anything previously done under that rule.

The Bill has been passed by both Houses of the Legislatur.

23) The point for consideration is whether the office of the City Improvement Trust Board is within the purview of the P.S.C. From the Chairman's letter dated 11.2.59 it will be seen that the City of Bangalore Improvement Act does not provide that the recruitment to the office of the Board should be through the P.S.C. The order under which recruitment of the staff required by the Board is made through the P.S.C. is dated 20-9-1947. Obviously this order so far as it relates to recruitment through P.S.C. should be deemed to have been repeale under Rule 20 of the General Recruitment Rules. The latter Rules may not also apply to the Board's office in view of the sub-rule 1(3)(i) because the City of Bangalore Improvement Act provides for recruitment of staff for the Board's office. If this view is correct, the Board need not hereafter be treated as Unit Office and it may make its own appointments independent of the P.S.C. Law Dept. may see these papers and state whether this view is correct.

Under Article 320 (3) of the Constitution, the State P.S.C. shall be consulted only in respect of matters enumerated in clauses (a) to (e) relating to recruitment etc. to State civil services. Article 321 gives power to the Legislature of a State to provide for the exercise of additional functions by P.S.C. as respects the services of any local authority or other body corporate constituted by law. The City of Bangalore Improvement Act does not make any provision in this matter and there is no other law so far enacted by the Legislature as regards the staff of the City Improvement Trust Board. It appears therefore that the P.S.C. need not be consulted in the matter of recruitment etc., of the staff of the Trust Board.

NO. 181
3-JUN 1959
GENERAL ADMINISTRATION DEPTT.

Serial No. 32.

September 1958 the Chairman, City Improvement Trust Board, Bangalore stated that Smt.R.Chandra has been working as II Division Clerk as a local candidate for over two years and that as she has gained experience and is doing good work her appointment may be regularised. Otherwise she will have to make room for a candidate on the approved list received from the P.S.C.

The City Improvement Trust Board being a Local Body, it was considered necessary to find out how the Board came to be within the purview of the P.S.C. On enquiry it was learnt that the staff required by the Board was recruited through the P.S.C. on the basis of the orders in G.O. No.L.9821-25/M.I. 13-4(140, dated 20-9-1947. However, these orders stand repealed under Rule 20 of the General Recruitment Rules. But these latter Rules do not also apply to the Board's staff, because the City of Bangalore Improvement Act provides for recruitment of staff for the Board's Office. It is, therefore, open to the Board to make its appointments independent of the P.S.C. The Law Department has confirmed this view. The appended draft letter may issue.

37. According to the Mysore P.S.C. (Conduct of Business and Additional Functions) Bill, 1958, it is proposed to entrust the recruitment of personnel required by the local authorities to the P.S.C. The term "Local authority" as defined in the Bill means a Municipal council, municipal committee, municipal corporation, town committee, notified area committee, town board, sanitary board, distric board, village panchayat or other authority by whatever name called, constituted under any law for the time being in force for the purpose of local self-government or village administration. It is doubtful whether the City Improvement Trust Board, Bangalore falls within the definition of the term "Local Authority" as stated above. Law Department may see for remarks.

C.M. may please see. The question at issue is of recruitment of a II Division Clerk in the office of the City Improvement Trust. The then Chairman, City Improvement Trust, made a representation that one Smt.R.Chandra, not selected by the PSC should be continued in appointment. An examination of the

question showed that there was no provision whereby the staff of the City Improvement Trust should be recruited through the PSC. Therefore, as far as the present case is concerned, the City Improvement Trust will have to be informed that there is no provision requiring appointments under the Trust to be made through the Commission and it is for the Trust to dispose of Smt.Chandra's case

Government, however, have already decided as a matter of policy that all appointments to local bodies should be made through the PSC and a Bill is pending before the Legislature to give effect to this purpose viz. the Mysore P.S.C.(Conduct of Business and Additional Functions) Bill. 1958. The L.D. which was consulted has given the opinion that even the provisions of this Bill are not wide enough to cover appointments to the Improvement Trust. Obviously, this cannot be the intention of Government. Therefore, it will be necessary to move a suitable amendment to the Bill to ensure that the Improvement Trusts also are governed by the provisions of the proposed Bill. Once that is done, recruitment to Improvement Trusts will have to be done through the PSC.

Dear Sir,

2716

I am enclosing herewith the representatinn of Smt.R.Chandra, who is at present working as a local candidate in a II Division Clerk's vacancy, requesting to regularise her appointment. She has now to be retrenched as the Public Service Commission has assigned separate names for the II Divisinn Clerk's posts.

T16/24.9.58

In this connection, I wish to state that Smt.R.Chandra has passed the I and II Parts in B.Sc. and comes from a poor but respectable family. She is working in this office for the last 2 years and 2 months and has gained much experience and also is ~~doing~~ doing good work. Her request to regularise her appointment since she has put in a continuous service of more than 2 years deserves sympathetic consideration. I recommend that her appointment may kindly be ordered to be regularised.

Sir

I submit the following for your kind consideration and favourable orders:-

I was appointed as a II Division Clerk in the Office of the Chairman, City Improvement Trust Board, Bangalore, on 20th July 1956, as a local candidate and ever since then I am working ~~xxx~~ hard to the entire satisfaction of my superiors.

As regards my qualification, I have passed Parts I and II of B.Sc. only. Due to family circumstances I had to discontinue my further studies. I am aged 26 years, my date of birth being 14-3-1932. I have also applied to the Public Service Commission, Bangalore, to assign my name ~~as~~ II Division Clerk to the Unit of the City Improvement Trust Board, Bangalore, where I am working ~~xxx~~ but some how I am not fortunate in getting an assignment. Now I understand that I will be thrown out of employment, which means my parent and other family members have to face much adverse circumstance in the day to day life.

I therefore most respectfully submit that my case may kindly be requested to be considered sympathetically by the Public Service Commission, and my name assigned to the unit of the City Improvement Trust Board, Bangalore, and to regularise my appointment.

For which act of kindness I shall be ever thankful,

To

The Chairman,
City Improvement Trust Board,
Bangalore.

Sir,

Subject:- Recruitment of staff for the office of the Trust Board.

With reference to correspondence resting with your letter No. Ac-2/Est.SD.60 dated 31st March, 1959 on the above subject, I am directed to state that Government is advised that as the City of Bangalore Improvement Act does not make any provision for recruitment through the Public Service Commission and as there is no law enacted under Article 321 of the Constitution, for the exercise of additional functions by the Public Service Commission, the Public Service Commission need not be consulted in the matter of recruitment of the staff of the Trust Board It is for the Trust Board, therefore, to dispose of the case of Smt. Chandra. Steps are under active consideration to amend the law to bring appointments under the Trust Board within the purview of the Public Service Commission along with appointments to other local authorities.

Public Service Commission

As regards the additional paras 4 and 5 to the Schedule proposed by the Public Service Commission, the said provisions had been included in the first draft received from the administrative Secretariat, but were omitted in the Legislative Department since while purporting to regulate the procedure of the Commission under clause 3 of the Bill, the Legislature cannot modify the Regulations made by the Rajpramukh under Article 318 of the Constitution. These Regulations fix the number of members of the Commission and unless the Regulations are modified by the Rajpramukh, the Commission cannot function when there is a vacancy.

31 **Modification of para 5 of the Schedule suggested by the Public Service Commission.** - The Administrative Secretariat has to take a decision in the matter.

24) **Para 6(a) suggested by the Public Service Commission.** - The implication of this modification would be that all reference to the Public Service Commission in respect of the matters referred to therein will have to be made by Government itself. The administrative Secretariat has to consider whether this is necessary and whether Heads of Departments should not be authorised to consult the Public Service Commission on matters in which they function without a reference to the Government. Otherwise, the Government will have to be forwarding office in such cases without any other function in respect of such references to the Public Service Commission.

STATEMENT OF OBJECTS AND REASONS.

The proviso to Article 309 of the Constitution provides for the framing of rules for regulating the recruitment and conditions of service of persons in the State Service. Clause (3) of Article 320 requires consultation with the State Public Service Commission on certain matter such as, the appointment, promotion and transfer of persons in service. In order to secure proper compliance of the provisions it is considered necessary to provide for the exercise of the additional function of Inspection of Offices by the Commission, and as this has to be done by legislation as required by Article 321, this Bill has been brought forward.

Provisions are also made for regulating the procedure to be followed by the Commission fc the performance of its functions, as this has als to be regulated by an enactment.

9/12

The Rajpramukh of Mysore is pleased to make the following Rules with regard to the inspection of offices by the Public Service Commission:-

"Inspection of offices: (1) For the proper observance of the service Rules by the Appointing officers, the Commission shall inspect, or arrange for inspection, of any of the offices from time to time.

(2) The Officer or Officers concerned should promptly submit all records, registers and other information required by the Commission in connection with the inspection referred to in clause (1) above.

(3) The Commission may, if necessary, invite the appointing officer or any other officer concerned for discussion on the points raised in the Inspection Report".

RULES ~~AND~~ OF PROCEDURE FOR THE WORKING OF THE PUBLIC SERVICE COMMISSION.

The Rajapramukh of Mysore is pleased to make the following rules with regard to the procedure to be followed by the Public Service Commission for its functioning.

The Commission shall meet as often as necessary under the Presidency of the Chairman, for the transaction of such business as cannot be settled by circulation of files.

Notes:- i) The Secretary or in his absence, the person acting for him shall attend these meetings of the Commission.

ii) The Commission may call any Officer of Government or specialist for elucidation of any matter at the meetings, if necessary.

iii) The term "Business" in this rule does not include interview of candidates in connection with recruitment to service.

(3) The Commission shall not, without the previou sanction of the Rajpramukh grant any premature incr ment of pay to a person holding the post of Secretary.

10. Subject to the provisions of clause 9, the Secretar to the Commission shall, in the matter of his pay allowances including travelling allowances, leave, leav salary, pensions and other conditions of service b governed by the Mysore Service Regulations and the Publi Servants' Conduct Rules for the time being in force.

For the purpose of the above Regulation and rules th Chairman of the Commission shall be head of the department, provided that he may delegate such functions a he deems fit to any other Member.

11. (1) Subject to the provisions of clause 12, the Commission may in its discretion employ, in addition to the Secretary, such persons as it may deem necessary for the effective discharge of its functions and on such scales of pay as it may determine.

(2) The initial salary of any person so employed shall be fixed in accordance with the provisions of the Mysore Service Regulations for the time being in force and the previous sanction of the Rajpramukh shall be necessary for fixing the initial salary of any such person otherwise than in accordance with those Regulations

(3) The conditions of service of persons employed by the Commission under this clause shall, save as expressly provided therein, be the same as those prescribed by the State Government in respect of Government servants holding corresponding appointments elsewhere than in the office of the Commission.

(4) The Chairman shall be the person competent to make appointments, promotions and transfers subject to the provisions of the Mysore Service Regulations and to sanction leave, travelling allowance and pension in

respect of all members of the staff of the Commission other than the Secretary.

12. The Commission may, and it is hereby empowered to, incur expenditure in any financial year up to an aggregate sum determined by the State Government from time to time,—

(*a*) for the employment of the persons whom it is authorised to employ under clause 11 ;

The excess expenditure over the allotment under item (*a*) above was due to enhancement of the salaries of the Chairman and Members of the Commission from Rs. 1,500 and Rs. 1,200 to Rs. 2,000 and Rs. 1,500 per month respectively with effect from the 16th December 1953 *vide* Notification No. L.D. 781—Legis. 38-53-1, dated 16th December 1953.

The savings under the heads (*b*), (*c*) and (*d*) are due to certain posts sanctioned for the Examination Branch of the Secretariat of the Commission having been kept unfilled

6. *Correspondence.*— During the year under report, th Commission dealt with 15,589 references from Government, Heads o Departments and other Unit Officers and 34,412 applications fron candidates for various services. Apart from the above, 487 case were referred to the Commission by Government for opinion. The number of letters issued from the Commission was 13,698.

Meetings of the Commission.—Apart from the meetings of the Commission held for the transaction of business which could not be disposed of by circulation, the Commission held 89 meetings during the year for interview of candidates for selection for various categories of services and posts advertised by it.

8. *Regulations and Rules.*—The following Regulations and Rules were issued by Government :—

(i) In consultation with the Commission, Government issued orders reserving 33 1/3 per cent of appointments to be filled up by direct recruitment for Merit, 50 per cent for Backward Classes and 16 2/3 per cent for Scheduled Castes and Scheduled Tribes. The Commission brought to the notice of Government certain difficulti-- in giving effect to this order. But Government have ordered tha pending issue of further instructions in the matter, the reservatic of 16 /3 per cent of appointments to Scheduled Castes and Schedule Tribes be given effect to immediately. The Commission have sinc issued instructions to all the Unit Officers of Recruitment for givin effect to this reservation.

(ii) In Government Order No. E.D.S. 4660-64 Elecl 105-50-20, dated 19th January 1954, revised rules were issued ir the matter of recruitment and promotion to the executive establish nent of the Electrical Department, in consultation with the Com- nission. According to these rules the entire executive establishment of the department has been bifurcated into Graduate and Non- Graduate cadres for purposes of recruitment and promotion.

(iii) Orders of Government have not yet been received on the roposed amendments to the Mysore Public Service Commission egulations and Rules (Functions and Limitations of Functions) letter No. S 695—53-54 P.S.C., dated 23rd July 1953).

9. *Functions of the Commission.*—(1) *Recruitment by competitive aminations.*—The scheme for holding competitive examinations oth written and oral) for recruitment to different categories of oordinate services for which proposals were sent up to Govern- nt on 25th November 1952 was under consideration till the end the year under report. No examinations were therefore held ing the year.

(2) *Recruitment by selection after interview by the Commission.*— ointments in the Gazetted, Upper-Subordinate and Subordinate vices of the State as detailed in Appendix II were advertised and

candidates were selected by the Commission after interview. The Commission advertised 386 such posts, received 2,350 applications, interviewed 1,115 candidates and recommended 320 candidates. There were no suitable candidates for the remaining posts as per details given in Appendix II.

(3) *Recruitment by selection without advertisement but after interview.*—The post of a Technical Assistant to the Superintendent, Central Jail, Bangalore, in grade Rs. 200—10—300 was sanctioned by Government to supervise the various Jail Industries, the post being filled up by selection from among the suitable and qualified officers of the Department of Industries and Commerce. In pursuance thereof, a list of 12 eligible and qualified officers of the Department of Industries and Commerce was obtained and these officers were interviewed by the Commission and the most suitable officer among these was selected.

(4) *Recruitment by selection after advertisement but without interview.*—(*a*) In respect of posts advertised individually other than those referred to in the preceding paras, applications received from qualified candidates in response to the advertisement were forwarded to the Unit Officers concerned with instructions as to their disposal. Six hundred and ninety-four such posts were advertised and 4,084 applications received from qualified candidates were forwarded to the Unit Officers for selection, detaining those from ineligible candidates, as per details given in Appendix III. There was no response from qualified candidates for some posts and the response was poor in respect of some other categories as could be seen from the Appendix.

(*b*) *Approved lists.*—In respect of appointments to be filled up from approved lists of candidates, applications were invited and approved lists were prepared and issued by the Commission on the basis of the forecast of vacancies furnished by the several Unit Officers as per details given in Appendix IV.

(5) *Recruitment by promotion.*—The Commission was consulted during the year on the suitability of 13 persons in service for promotion from lower to higher services/grades. Details of these cases are given in Appendix V. The recommendations of the Commission in all these cases were made on the principle of seniority-*cum*-merit and all the recommendations were accepted.

(6) *Consultations.*—Appendix VI gives details of important cases on which Government consulted the Commission.

(7) *Non-Consultations.*—In the following cases orders were issued by Government without consulting the Commission :—

(i) In the marginally noted Notifications three Lecturers in the University of Mysore were promoted as Assistant Professors. These were promotions from Non-Gazetted to Gazetted Service. In this connection reference is invited to the observations

1. Notification No. E. 9360—Uni. 2-53-6, dated 31st August 1953.
2. Notification No. E. 13093—Uni. 2-53-12, dated 5th December 1953.
3. Notification No. E. 13509—Uni. 2-53-14, dated 11th December 1953.

of the Commission in item 10 (*d*) (12) of its Annual Report for 1951-52.

(ii) In Notification No. E. 1900—Uni. 9-52-23, dated 4th May 1953 a Lecturer in Textiles in the Sri Krishnarajendra Silver Jubilee Technological Institute, Bangalore, was appointed as Assistant Professor of Weaving in the Institute. This involved promotion from Non-Gazetted to Gazetted service.

(iii) In Notification No. E. 3820—Uni. 12-52-103, dated 1st June 1953 a Lecturer in Mathematics, College of Engineering, Bangalore, was appointed as Assistant Professor of Mathematics, B.D.T. College of Engineering, Davangere. This involved promotion from Non-Gazetted to Gazetted service as well as transfer from one department to another.

(8) *Non-acceptance of the advice tendered by the Commission.*—In the following cases Government did not accept the advice tendered by the Commission either wholly or partly :—

(i) During the period from 1927 to 1939, 271 persons were recruited in seven batches as Surveyors in the Department of Land Records, Survey and Settlement. All these persons except 15 graduates, were started on a pay of Rs. 25. In the case of the 15 Graduates, a higher pay of Rs. 40 each was given on the ground of their qualifications. On the basis of pay, these graduates were ranked by the Department in the gradation list above the non-graduates and as a result of the subsequent revision of scales of pay, these graduates were entitled to higher places of Supervisors in the Department. This had adversely affected the seniority of several senior non-graduate officials who were appointed earlier than the graduates. In the case of 13 other graduates of the subsequent batches no such preferential treatment was extended and they were given only the usual grade, pay and rank along with the non-graduates in the gradation list. In the report of the inspection of this department by the former Public Service Commissioner in the year 1947, it was suggested that this irregularity should be set right by reverting all the 15 graduates to the places they would have been entitled to, had they not been given the rank on the basis of higher starting pay. Government in their order No. E. 2881-5—R. & P.S., 54-48-5, dated 24th September 1949 directed, among other things, that the suggestion of the Public Service Commissioner be accepted. The Department did not give effect to the orders but recommended to Government that the matter might be reconsidered. This was referred to the Commission for opinion. After examining the case in all its aspects, the Commission was of opinion that the Government order dated 24th September 1949 should be given effect to and that the graduate supervisors who were irregularly ranked and promoted should be reverted to the places in the cadre of Surveyors that they would be entitled to with reference to the dates of

appointment in the cadre irrespective of starting pay in the grade and their relative ranks revised accordingly. As this reversion would affect their financial position, the Commission recommended that by way of relief their pay might, as a special case, be fixed at the maximum in the grade of Surveyors, the excess between this and the pay they were drawing being treated as personal absorbable allowance, the vacancies caused by their reversion being filled up in accordance with the existing rules of recruitment.

Government in their order No. R. 2338-40—L.S. 20-52-53, dated 14-5-1953 did not accept the recommendations of the Commission but withdrew the relevant portions of their orders dated 24th September 1949 issued in this behalf.

(ii) The post of Superintendent in grade Rs. 400—25—700, Sri Jayachamarajendra Occupational Institute, Bangalore, was advertised by the Commission and the most suitable candidate among the applicants was selected and recommended to Government for appointment to the post. But Government stated in their letter No. Ch. S. 7268, dated 1st September 1953 that they did not propose to fill up the post of Superintendent for the present. Subsequently, they appointed a retired officer as Principal of the Institute. The Commission was not consulted in regard to the appointment of the Principal.

(iii) A Dafterband, District Court, Shimoga, was appointed to act as II Division Clerk in the Munsiff's Court, Narasimharajapura. It was explained by the District Judge, Shimoga, that the case of the official was treated as one of promotion from Class III to Class II in the interest of office work as the official has undergone the S.S.L.C. Course and had previously acted as clerk. The High Court of Mysore recommended that the official might be absorbed as II Division Clerk in a 'General' vacancy, granting him exemption from the operation of the rules of recruitment. The Commission was of opinion that the continuance of the official as II Division Clerk was irregular and that he might be reverted to his original appointment as Dafterband, the released vacancy of II Division Clerk being filled up as per rules. The opinion of the Commission was not accepted by Government but in their order No. 328-30—Cts. 145-52-4, dated 23rd April 1953 accepted the recommendation of the High Court.

10. *Violation of the Rules of Recruitment by the Appointing Officers.*—As a number of cases relating to irregular appointments and promotions were noticed, the Commission suggested to Government that the Unit Officers might be requested to report without any exception all cases of irregular appointments, promotions and transfers made in all offices under their control for consideration of the Commission. The Government agreeing with these suggestions of the Commission, directed all the Unit Officers to report to the Commission before 31st July 1953, all cases of irregularities. It

was also directed that in future rules of recruitment should be strictly followed in making appointments, promotions and transfers. In accordance with these directions, cases of irregularities which were so far reported to the Commission were under separate examination. Several types of irregularities that were reported and under examination (with the nature of disposal) are given in Appendix VII.

A few of the irregularities noticed by the Commission during the year under report were the following :—

(1) A peon in the office of the Sub-Divisional Officer, Tarikere was promoted as II Grade Toll Mutsaddi on 16th September 1943. He was appointed as Excise Clerk on 14th September 1944 and acting Bonded Depot Clerk in the Taluk Office, Tarikere, on Rs. 25 on 22nd November 1945. Again, he was appointed as Excise Clerk on Rs. 40 from 25th June 1948 and continued as such. The Deputy Commissioner, Chickmagalur, and the Revenue Commissioner recommended the continuance of the official as clerk. In forwarding the recommendation to Government, the Commission observed that a series of irregularities were committed by the Unit Officer which required serious notice, that the promotions had been given to the official in utter disregard to rules of recruitment, that even the audit objection in regard to this had been flouted and that suitable disciplinary action should be taken against the appointing officer. As regards the official, the Commission opined that considering the length of his superior service he might be reverted as Toll Mutsaddi against a 'General' vacancy as a special case and that his superior service might be allowed to count towards leave, pension, etc., under the M.S.R. Government in their orders Nos. R. 10007-10—L.R. 24-53-15 dated 3rd September 1953 and R. 20153, dated 16th March 1954 accepted the recommendation of the Commission in regard to the reversion of the official as a Toll-Gate Mutsaddi but intimated that no action need be taken against the appointing officer concerned for the irregular promotion.

(2) An unqualified local candidate was appointed and continued for 5 years as II Division Clerk by the Director of Hydraulic Research Section (K.R.S.). The Chief Engineer, Public Works Department, recommended for further continuance of the candidate in the same appointment. He was informed by the Commission that the appointment was highly irregular and that the services of the official be terminated immediately, the released vacancy being filled up as per rules. The Chief Engineer reported on 10th June 1953 that the services of this candidate were terminated on 26th March 1953.

11. *Disciplinary cases.*—Sixty-one disciplinary cases as per details given in Appendix VIII were referred to the Commission for advice. In all these cases the Commission furnished its opinion to Government. Orders were passed by Government in 19 cases,

accepting the advice of the Commission wholly in 17 cases, part[illegible] one case and not accepting in one case. Orders of Government were awaited in the remaining 42 cases at the end of the year.

12. *Appeals.*—Thirty cases of appeals were referred to the Commission as per details given in Appendix IX. Of these, 29 were disposed of by the Commission and orders of Government were received in 6 cases accepting the recommendations of the Commission. One case was under the consideration of the Commission and orders of Government in 23 cases were awaited at the close of the year.

13. *Dismissal and Debarment from Employment in Government Service.*—During the year 2 persons in Government service were dismissed from service and 5 persons were debarred permanently from entry into Government Service for misconduct. Two other persons were debarred from entry into service for a period of two years.

14. *Exemptions.*—In 142 cases exemptions were granted by Government on the recommendations of the Commission from the operation of the rules regarding age-limit, qualifications and knowledge of Kannada for purposes of recruitment as well as from passing of departmental examinations for earning increments, confirmations and promotions.

15. *Absorption of Retrenched Officials.*—Due to retrenchments in the several departments as a measure of economy and decontrol of food grains, 167 officials were thrown out of employment, and in accordance with the instructions issued by Government in this behalf, all these officials were shown the topmost priority in filling up the available vacancies for absorption in service. A statement (*vide* Appendix X) showing the Unit Offices in which these officials were retrenched and assigned for absorption is appended

16. *Extension of Service and Re-employment of Pensioners.*—Three cases of extension of services to officers and one case of re-employment of a pensioner were referred to the Commission for opinion. Orders of Government accepting the opinon of the Commission were received in respect of the 3 cases of officers for extension of services and orders in respect of the other case were awaited, *vide* Appendix XI.

The Commission was also consulted by Government on 23rd November 1953 in the matter of grant of extension of service of a superannuated Executive Engineer doing duty as Special Engineer, Bangalore, for the second year from 29th May 1954 to 28th May 1955. The Commission was of opinion that there were no special grounds for grant of second extension of service as the work could be entrusted to any Executive Engineer. But Government in their Order No. Ch. S. 20049-51—GE. 22-53-59, dated 8th March 1954 extended the services of the officer by one more year.

17. *Judicial Service.*—In consultation with the Commission, rules were framed by Government under Article 234 and proviso to Article 309 of the Constitution of India in respect of Recruitment and Promotion to the cadre of Munsiffs in the Mysore Judicial Service (Notification No. 5149—Cts. 223-53-1, dated 21st January 1954).

18. *Services under Local Bodies.*—The general rules of recruitment are applicable to all services under Local Bodies. As there was difficulty in securing suitable candidates for appointment of Teachers in Municipal High Schools, Government in their Order No. L. 4247-61—Ml. 96-44-33, dated 3rd November 1944 relaxed the rules of recruitment for filling up these appointments. These relaxations were discontinued in Government Order No. E. 2161-74—R. & P.S. 14-49-2, dated 31st May 1950. In Government Order No. L.B. 7838-58—L.B. 69-49-2, dated 21st October 1950 certain rules were issued for the management of District Board High Schools in the State. In view of these orders, it was necessary to regularise all appointments of Teachers made in Municipal High Schools prior to 1st June 1950 and in District Board High Schools prior to 21st October 1950. The Director of Public Instruction was, therefore, requested by Government in their letter No. E. 2070, dated 12th May 1953 to submit consolidated proposals in respect of teachers and others of the Municipal High Schools. These were awaited.

In respect of District Board High Schools, Government in their Order No. E. 13961-80—Edn. 83-52-4, dated 31st January 1953 regularised the appointments of 45 Assistant Masters, 6 Pandits and 1 Drill Instructor entertained prior to 21st October 1950 subject to certain conditions suggested by the Commission. Regarding the confirmation of Head Masters of District Board High Schools appointed prior to 21st October 1950, Government directed in the same order that these being responsible posts the suitability of the present incumbents of the posts be assessed after interviewing them by the Commission. Accordingly, the Commission interviewed 12 candidates (one absent out of 13 candidates summoned for interview) and made recommendations to the Director of Public Instruction. The reports of appointments made by the Director of Public Instruction were awaited till the end of the year

In respect of Corporation High Schools in Bangalore City it was directed in Government Order No. L. 6367-70—C M. 1-52-74, dated 28th August 1953 that all teachers who were appointed prior to 1st June 1950 without reference to the rules of recruitment be confirmed in their appointment subject to the same conditions as were applicable to teachers in District Board High Schools. The Corporation was also requested to forward for consideration of the Commission a statement furnishing particulars of all such appointments made. This information was still due from the Corporation. It was further directed that vacancies that have occurred after 1st June 1950 be

reported to the Commission for advertisement as per rules. In spite of this order, the Corporation have not so far reported any vacancies in tutorial cadre for advertisement.

The Corporation continued to make appointments and promotions during the year under report without consulting the Commission. In this connection reference is invited to sub-para of para 21 in the previous year's report. The Commission wishes to reiterate that early action has to be taken by Government to amend the Corporation Act bringing all the appointments of Bangalore City Corporation within the purview of the Commission as proposed in this office U.O. Note No. S. 26—53-54—PSC., dated 8th July 1953.

19. *University.*—All appointments under Gazetted service were continued to be made without reference to the Commission. In this connection reference is invited to this office U.O. No. S. 59—54-55, dated 25th January 1955 furnishing the views of the Commission on this matter. It is hoped that Government would pass early orders thereon.

20. *Examination of Records of Unit Offices relating to Recruitment and Promotions.*—The records relating to recruitment and promotion of the following unit offices of recruitment were arranged to be examined during the year .—

(1) The Inspector of Schools, Civil Station, Bangalore.

(2) The Director of Medical Services in Mysore, Bangalore.

The Inspector-General of Registration in Mysore, Bangalore.

The Registrar of Joint Stock Companies in Mysore, Bangalore.

5) The Excise Commissioner in Mysore, Bangalore.

6) The Director of Agriculture in Mysore, Bangalore.

7) The Director of Geology in Mysore, Bangalore.

8) The General Manager, Mysore Government Road Transport Services in Mysore, Bangalore.

9) The Principal, Agricultural College, Bangalore.

Separate action is being taken in the matter.

21. *Representation of Backward Classes, Scheduled Castes and Scheduled Tribes and Advanced Class in the Services of the State* —The existing classification of communities into 18 groups was continued to be followed in making appointments during the year under report pending reclassification of communities or classes under Article 16 (4) of the Constitution of India. The communal re-presentation in the Gazetted and Non-Gazetted Subordinate Superior Services of

e State during the period is as follows under the three main groups communities :—

APPENDIX XV.

Statement showing the General Remarks of the Public Service Commission.

Sl. No.	Particulars	Remarks (Memorandum)
1	Orders of Government have not yet been received on the proposed amendments to the Mysore Public Service Commission Regulations and Rules (Functions and Limitations of Functions) (Letter No. S. 695—53-54 P.S.C., dated 23rd July 1953).	Notifications relating to classification of Services, the amendments to the Mysore Public Service Commission Regulation (Limitation of Functions), 1953 and rules with regard to the appointment of Personal staff of Ministers were issued in No. E. 14656-756—R. & P.S. 23-55-2, dated 5th November 1955, No. E. 14757-857—R. & P.S. 23-55-3, dated 5th November 1955 and No. E. 14858-958—R. & P.S. 23-55-4, dated 5th November 1955.
2	*University.*—All appointments under Gazetted Service were continued to be made without reference to the Commission. In this connection reference is invited to this office U.O. No. S. 59—54-55, dated 25th January 1955 furnishing the views of the Commission on this matter. It is hoped that Government would pass early orders thereon.	The enactment of the University Bill in this connection is under the consideration of Government.

APPENDIX XVI.

Statement showing particulars of cases where orders of Government were issued without consulting the Public Service Commission in respect of certain Gazetted Appointments.

Sl. No.	Particulars	Remarks (Memorandum)
1	In the marginally noted Notifications three Lecturers in the University of Mysore were promoted as Assistant Professors. These were promotions from non-Gazetted to Gazetted Service. 1. Notification No. E. 9360 – Uni. 2-53-6, dated 31st August 1953. 2. Notification No. E. 13093—Uni. 2-53-12, dated 5th December 1953. 3. Notification No. E. 13509—Uni. 2-53-14, dated 11th December 1953. In this connection reference is invited to the observations of the Commission in item 19(*d*) (12) of its Annual Report for 1951-52.	As it stands at present the appointments under the Mysore University are not particularly excluded from the purview of the Public Service Commission, either under the Mysore Public Service Commission Regulation or Rules. Strictly speaking, therefore, these appointments have to come under the purview of the Public Service Commission. There is the University Act in force which governs the appointments in the University. The Public Service Commission have made a reference that these appointments should be brought under the purview of the Public Service Commission. But the question is still pending in view of the fact that a revised Bill for the reorganisation of University is under consideration.
	In Notification No. E. 1900—Uni. 9-52-23, dated 4th May 1953, a Lecturer in Textiles in the Sri Krishnarajendra Silver Jubilee Technological Institute, Bangalore, was appointed as Assistant Professor of Weaving in the Institute. This involved promotion from non-Gazetted to Gazetted Service.	The omission is regretted.
	In Notification No. E. 3820—Uni. 12-52-103, dated 1st June 1953, a Lecturer in Mathematics, College of Engineering, Bangalore, was appointed as Assistant Professor of Mathematics, B.D.T. College of Engineering, Davangere. This involved promotion from non-Gazetted to Gazetted Service as well as transfer from one Department to another.	The omission is regretted.

APPENDIX XVII.

Statement showing particulars of cases where the advice tendered by the Public Service Commission was not accepted by the Government either wholly or partly.

Sl. No.	Particulars	Remarks (Memorandum)
1	During the period from 1927 to 1939, 271 persons were recruited in seven batches, as Surveyors in the Department of Land Records, Survey and Settlement. All these persons except 15 graduates, were started on a pay of Rs. 25. In the case of 15 graduates, a higher pay of Rs. 40 each was given on the ground of their qualifications. On the basis of pay, these graduates were ranked by the Department in the gradation list above the non-graduates and as a result of the subsequent revision of scales of pay, these graduates were entitled to higher places of Supervisors in the department. This had adversely affected the seniority of several senior non-graduate officials who were appointed earlier than the graduates. In the case of 13 other graduates of the subsequent batches no such preferential treatment was extended and they were given only the usual grade, pay and rank along with the non-graduates in the gradation list. In the report of inspection of this department by the former Public Service Commissioner in the year 1947, it was suggested that this irregularity should be set right by reverting all the 15 graduates to the places they would have been entitled to had they not been given the rank on the basis of higher starting pay. Government in their Order No. 2881-5—R. & P.S. 4-48-5, dated 24th September 1949, directed, among other things that the suggestion of the Public Service Commissioner be accepted. The Department did not give effect to the orders but recommended to Government that the matter might be reconsidered. This was referred to the Commission for opinion. After examining the case in all its aspects, the Commission was of opinion that the Government Order dated 24th September 1949 should be given effect to and that the graduate Supervisors who were irregularly ranked and promoted should be reverted to the places in the cadre of Surveyors that they would be entitled to with reference to the dates of appointment in the cadre irrespective of	The ranking of 15 graduate Supervisors was ordered in the year 1936-37 based on their pay that they were drawing at that time. On the recommendation of the then Public Service Commissioner, it was ordered in G.O. No. E. 2881-5—R. & P.S. 4-48-5, dated 24th September 1949 that these graduate Supervisors be reverted to the places they would have been entitled to, had they not been given the higher ranking on the basis of the higher pay that they drew. But on a further consideration Government having fully considered all the aspects of the matter in all their bearings considered that it was not sound in principle to sit in judgment over the action done by the then Government in office which fixed their ranking 16 year ago. The Government in the year 1936 thought it sound to give preferential treatment to those graduates on the score of their qualifications and the higher initial pay. In the year 1953, Government considered that it was not correct to go into the soundness or othewise of the judgment passed years ago and they also considered that it was not desirable to reopen the question of the graduate Supervisors at that distance of time. Therefore in Government Order No. R. 2338-40—L.S. 20-52-53, dated 14th May 1953, it was ordered that these graduate Supervisors should continue to hold the same rank and position as were assigned to each of them

	starting pay in the grade and their relative ranks revised accordingly. As this reversion would affect their financial position, the Commission recommended that by way of relief their pay might, as a special case, be fixed at the maximum in the grade of Surveyors, the excess between this and the pay they were drawing being treated as personal absorbable allowance, the vacancies caused by their reversion being filled up in accordance with the existing rules of recruitment. Government in their Order No. R. 2338-40—L.S. 20-52-53, dated 14th May 1953 did not accept the recommendations of the Commission but withdrew the relevant portions of their order dated 24th September 1949 issued in this behalf.	in 1936-37, and also ordered that the relevant portions affecting them in Government Order dated 24th September 1949 be deleted.
	The post of the Superintendent in grade Rs. 400–25–700, Sri Jayachamarajendra Occupational Institute, Bangalore, was advertised by the Commission and the most suitable candidate among the applicants was selected and recommended to Government for appointment to the post. But Government stated in their letter No. Ch.S. 7268, dated 1st September 1953 that they did not propose to fill up the post of Superintendent for the present. Subsequently they appointed a retired officer as Principal of the Institute. The Commission was not consulted in regard to the appointment of the Principal.	The advertisement for the post of the Superintendent, Sri Jayachamarajendra Occupational Institute was with reference to the appointment of a Technical Officer as Principal. At the time of taking the decision, Government felt that it was necessary in the circumstances then existing to appoint an administrative officer of high status and ability to improve the administration of the Institute. To achieve this purpose, a retired Head of Department who had associated himself with this Institute before and who had the necessary administrative abilities was appointed as the Principal of the Institute. It was in those circumstances that it was not possible to accept the recommendation of the Public Service Commission to appoint a comparatively junior officer as Principal. Subsequently, Government appointed the candidate recommended by the Public Service Commission as Vice-Principal.

Sl. No.	Particulars	Remarks (Memorandum)
3	A Dafterband, District Court, Shimoga, was appointed to act as II Division Clerk in the Munsiff's Court, Narasimharajapura. It was explained by the District Judge, Shimoga, that the case of the official was treated as one of promotion from Class III to Class II in the interest of office work as the official has undergone the S.S L.C. Course and had previously acted as clerk. The High Court of Mysore recommended that the official might be absorbed as II Division Clerk in a 'General' vacancy, granting him exemption from the operation of the rules of recruitment. The Commission was of opinion that the continuance of the official as II Division Clerk was irregular and that he might be reverted to his original appointment as Dafterband, the released vacancy of II Division Clerk being filled up as per rules. The opinion of the Commission was not accepted by Government but in their Order No. 328-30—Cts. 145-52-4, dated 23rd April 1953 accepted the recommendation of the High Court.	Since the official concerned was working continuously from 8th June 1949 and since the High Court of Mysore also recommended that the work of the official was satisfactory and that therefore he might be continued as a II Division Clerk in a 'General' vacancy exempting him from the operation of the rules of recruitment, Government agreed with the recommendation of the High Court and ordered in Government Order No. 328-30—Cts. 145-52-4, dated 23rd April 1953, that the official be continued as a II Division Clerk in a 'General' vacancy.
4	The Commission was also consulted by Government on 23rd November 1953 in the matter of grant of extension of service of a superannuated Executive Engineer doing duty as Special Engineer, Bangalore, for the second year from 29th May 1954 to 28th May 1955. The Commission was of opinion that there were no special grounds for grant of second extension of service as the work could be entrusted to any Executive Engineer. But Government in their Order No. Ch. S. 20049-51—G.E. 22-53-59, dated 8th March 1954, extended the services of the officer by one more year.	The Officer in question was entrusted with the work relating to the construction of Vidhana Soudha Building. He had become conversant with the work so thoroughly and well that it was found impossible to replace him by posting another officer. The efficient and speedy execution of the work warranted the continuance of the officer in service. Therefore, Government had to differ from the opinion of the Public Service Commission and ordered in their Order No. Ch. S. 20049-51—G.E. 22-53-59, dated 8th March 1954 that the officer be continued in service for one more year from 29th May 1954.

MANUAL OF RECRUITMENT RULES.

Price Re. 0-2-0

PREFACE

THE accompanying Manual summarising the Government Orders and Rules on the subject of Recruitment to the Public Service as revised up to 1st November 1929 is issued for the guidance of all appointing Officers.

By Order,
R. RANGA RAO,
Offg. *Chief Secretary to Government.*

MANUAL OF RECRUITMENT RULES.

INTRODUCTORY.

1. These rules are applicable to ministerial and executive appointments in the superior service.

DEFINITIONS.

2. The term "Backward Communities" as used in these rules includes all communities other than Brahmins. G. O. No. 1827-80—E. A. G. 308, dated 16th May 1921.

The appointment of a person who is not a Mysorean by birth or domicile will be permitted only under exceptional circumstances and will require the previous sanction of Government in each case.

Vacancies available for direct recruitment are classified into "Special" or "General" according as they are open to members of backward communities only or to the best candidates available irrespective of communities.

CENTRAL RECRUITMENT BOARD. ITS CONSTITUTION, FUNCTIONS AND POWERS.

With a view to collect information regarding the various vacancies occurring in the several Departments and Units and to ensure that the rules of recruitment are rigidly carried out, a Central Recruitment Board has been constituted, with a Member of Government as Chairman, certain Heads of Departments and five non-official gentlemen as members and one of the Assistant Secretaries to Government as Secretary.

1. The Central Recruitment Board shall have power to call for returns, statistics and other information relating to recruitment and vacancies in the several offices of the State and all Heads of Departments and officers will comply with their requisitions promptly E. A. 2179-2258—E. A. 30-21-1, dated 28th November 1921.

The Chairman of the Central Recruitment Board may invite the Heads of all major Departments to the meetings of the Board when the returns are reviewed, No. G. 1277-87 G. M. 97-22-1, dated 19th January 1923.

so that those officers and the members of the Board may have a common discussion of the progress of recruitment, work results achieved, difficulties experienced and modifications, if any, in rules, procedure and instructions necessary to secure better results.

E. 3214-17 C R. B. 8-25-1, dated 16th December 1925.

6. To advise Government in the disposal of applications for exemption from the operation of the recruitment rules and of cases of appointments made in contravention of the rules, a Sub-Committee will be constituted from time to time. Cases referred by Government to the Sub-Committee for opinion may be disposed of by circulation or at a meeting of the Sub-Committee.

7. Exemptions granted by Government on their own initiative or with the advice of the Sub-Committee will be communicated to the Board for information.

APPOINTMENTS EXEMPTED FROM THE OPERATION OF RECRUITMENT RULES.

R. S. 1712, dated 6th March 1925.

8. (*a*) All appointments in the Railway Department except those of Clerks and Typists are excluded from the operation of the recruitment rules. But appointments made in such cases should be reported to the Central Recruitment Board.

No. E. D, 8. 1761-1808., dated 16th November 1925.

(*b*) Appointments in the Electrical Department such as Laboratory Assistants, Laboratory Probationers, Operators, Assistant Operators, Metre Inspectors and Lamp and Line Inspectors are excluded from the strict operation of the rules of recruitment, preference being however shown to candidates of the backward communities with equal qualifications, until 50 per cent is reached in each class or grade, provided candidates of such communities are forthcoming.

G. O. No. P. 5666-7—Cts. 73-23-6, dated 5th May 1926.

(*c*) Seventy-five per cent of the vacancies in the grade of Amins of the Judicial Department shall be filled up by promotion and 25 per cent by direct recruitment.

1717-18 C. R. B. 9-29-1, dated 24th September 1929.

(*d*) Appointments of a purely technical character in the Government Press such as Compositors, Proof Readers, Proof Examiners, Foremen and Assistant Foremen are excluded from the operation of the rules of recruitment, but the appointments made should be reported for the information of the Central Recruitment Board.

CLASSIFICATION OF APPOINTMENTS.

9. All appointments are divided into four classes as below :— G. O. No. 3567-3652, C. R. B. 12-28-1, dated 10th October 1928.

I. Appointments carrying a pay of Rs. 50 and above.

II. Appointments on a pay of Rs. 40 and above but less than Rs. 50.

III. Appointments on a pay of Rs. 25 and above but less than Rs. 40.

DEPARTMENTAL TESTS.

11. In addition to the general qualifications mentioned above, candidates for appointments may be required to pass such departmental tests as may be prescribed by Government from time to time.

In such cases, candidates possessing the general educational qualifications prescribed for the appointment may be entertained on probation, subject to their being confirmed in their posts on passing the prescribed departmental test or tests within a period of two years.

G. O. No. 3264-3463/ C. R. B. 10-28-1, dated 2nd October 1928.

AGE LIMIT.

2. The maximum age for entry into service will be 28 years in the case of candidates of backward communities and 25 years in the case of others. In case any over-aged candidates are proposed to be appointed, the provisions of Article 34, of the Mysore Service Regulations should be duly complied with.

No. 1827-80 E. A. G. 308 dated 16th May 1921.

METHOD OF APPOINTMENT.

6396-649. C. R. B. 4-28-6 dated 12th February 1929.

13. (*a*) Appointments in the Ministerial and E cutive Services should be classed separately, as far possible, for purposes of recruitment.

E. A. 2093-172 E. A. G. 14-21-7, dated 28th November 1921. E. 3020-60/ C. R. B. 7-25-3, dated 10th December 1925.

(*b*) All vacancies occurring in Class IV shall filled up by direct recruitment. In the case of progress appointments falling within this class, the officials lower pay may be promoted *seriatim* and the vacai caused by the promotion of the official on the lowest i in the class may be filled up by direct recruitment.

DIRECT RECRUITMENT AND PROMOTION VACANCIES.

(*c*) Out of every three vacancies occurring in each of the other classes, the first two shall be filled up by direct recruitment and the third by promotion of qualified candidates from Class IV, III or II respectively.

E. A. 2093-172 E. A. G. 14-21-7, dated 28th November 1921.

(*d*) Posts on progressive salaries will be treated as falling in the class in which the pay granted to the candidate on appointment falls. Ordinarily, direct recruitment will be only to the posts on the lowest pay in each class. When vacancies occur in posts on higher pay, the officials on lower pay in the same class may be promoted *seriatim* and the vacancy caused by the promotion of the official on the lowest pay in that class may be filled up by direct recruitment. Candidates who possess qualifications which entitle them to appointments in a higher class and are willing to accept the appointment in a lower class may, with the sanction of Government, be appointed on pay higher than the minimum of such lower class.

GENERAL AND SPECIAL VACANCIES.

14. The following is the procedure to be followed in filling up vacancies available for direct recruitment only under the above rule :—

0771-550/C. R. B. 5-26-1, dated 10th June 1927.

(*a*) In Departments where the proportion of appointments held by members of backward communities is less than 50 per cent, three out of four vacancies available for direct recruitment shall be regarded as "Special" and the fourth as "General" in the order of their occurrence, the former being open to members of backward communities and the latter thrown open for

direct recruitment of the best candidate available, irrespective of the community to which he may belong.

(*b*) In Departments where 50 per cent of the appointments are already held by members of backward communities, two out of every three vacancies shall be termed "Special Vacancies" which will be open to candidates of backward communities possessing the required qualifications, while the third vacancy which will be termed "General" will be available to the best qualified candidate, irrespective of the community to which he may belong.

67-126/C. R. B. 5-26-3, dated 8th July 1927.

(*c*) In ascertaining whether a particular vacancy is to be filled up by promotion of men in lower ranks or by direct recruitment and in the latter case, to find out which of the vacancies should be treated as "General" or "Special," all vacancies exceeding three months in duration shall be taken into account in the order of occurrence, the first, second and third, or the first and second only, as the case may be, being treated as "Special" out of the vacancies open to direct recruitment only.

(*d*) The classification of vacancies into General and Special should be made separately for (1) permanent appointments and (2) temporary appointments likely to last for more than three months, without reference to the grade or division to which the vacancies belong. It is important, however, that vacancies, both permanent and temporary, should be registered strictly in the order of their occurrence, so that their classification into General and Special may be uniform, automatic and capable of ready verification.

G. O. No. 465-664/ C. R. B. 4-28-1, dated 16th July 1928.

Vacancies which are temporary at first but are likely to become permanent later, should be treated as permanent vacancies and classed as such.

G. O. No. 2494-2693/ C. R. B. 4-28-2, dated 5th September 1928.

REGISTRATION OF VACANCIES.

(*e*) Vacancies should be registered in the Unit Office in respect of vacancies in that office in the order of their occurrence and in respect of those in the offices subordinate to the Unit Officer, in the order of receipt of the report of vacancies.

3039-3188 / C. R. B. 4-28-3, dated 25th September 1928.

(*f*) All officers entrusted with powers of appointment subordinate to the Unit Officer should report acancies occurring in the office or offices under their

control immediately on their occurrence to the Unit Officer concerned, so as to enable the same being registered and classified in accordance with the Government Order dated 16th July 1928, noted against (*d*) above.

UNITS FOR CALCULATING VACANCIES.

5771-830/C. R. B. 5-26-1, dated 10th June 1927.

15. (*a*) The unit for the purpose of calculating vacancies and determining the method of their disposal will be the District in the case of the Departments under the control of Deputy Commissioners, the Division in the case of the Judicial Department and the entire Department in other cases, unless when specifically indicated otherwise. Care should, however, be taken by Heads of Departments and Deputy Commissioners to ensure by means of transfers, where necessary, that no office is manned entirely or mainly by members of any one community.

362/C. R. B., dated 9th October 1927.

8138-97 / G. M. 1458-22-1, dated 10th May 1923.

A transfer from an appointment in one Department to that in another is regarded as direct recruitment to the new appointment except when both the appointments are under the control of the same officer.

5771-830/ C. R. B. 5-26-1, dated 10th June 1927.

16. The units in the case of the several Departments will be as shown below :—

262/C. R. B., dated 9th October 1927.

(*a*) *Public Works Department.*—

(1) The entire establishment under the Chief Engineer will be a unit for the Public Works Department.

(2) The Krishnarajasagara Works will be treated as a separate unit under the Chief Engineer, Krishnarajasagara Works.

(3) The establishments under the Superintending Engineers of Shimoga and Mysore Circles will be two separate units for their respective Circles in regard to appointments made by them

(*b*) *Education Department.*—

(1) Deputy Directors will be Unit Officers for their respective Divisions.

(2) District Educational Officers will be Unit Officers for the Districts in their charge restricted to their patronage.

(3) The Director will be the Unit Officer for the establishment of the Education Department as regards recruitment under his orders.

(*c*) *General.*—

291-300/ C. R. B. 1-27-1, dated 23rd July 1927.

No. 7292-99 C. R. B. dated 20th March 1929.

The following will be Unit Officers—

All Heads of Departments, except Palace and Military.
All Deputy Commissioners of Districts.
Non-Official Presidents of District Boards.

(*d*) The several branches of the Railway Department, *viz.*, Agency and Secretariat, Traffic, Loco, Engineering and Stores will be treated as forming four separate units. No. 291-300/ C. R. B. 1-27-1, dated 23rd July 1927.

(*e*) The two City Municipalities of Bangalore and Mysore and all Municipalities for which non-official gentlemen are Presidents will be regarded as independent Units. All other Municipalities will be regarded as included in the Units of the respective Deputy Commissioners of Districts who, as Unit Officers for the District, will be responsible for the correct classification of all the vacancies occurring in the Municipalities of the District, to scrutinise the "A" and "B" Statements in respect of the same and to furnish the prescribed returns and reports to the Central Recruitment Board. G. O. No. 1039-1338/ C.R . B. 5-28-1, dated 31st July 1928.

17. The Deputy Commissioner or other officer controlling any establishment regarded as a unit for the purpose of these rules will obtain the necessary particulars regarding vacancies in the several subordinate offices under his control, maintain a Register in the form prescribed in Appendix V and determine the vacancies to be thrown open to promotion and to recruitment on general considerations or otherwise. He will also be responsible for sending to the Central Recruitment Board the "A" and "B" Statements relating to the vacancies that occur in all the offices under his control. This should not, however, be construed as affecting in any way the powers of appointment vested in subordinate officers, who will continue to exercise them subject to the requirements of the rules in force.

Vacancy Registers and Method of Posting the Same.

18. All officers empowered to make appointments and subordinate to the Unit Officers should also maintain a Register in the form given in Appendix V of vacancies of appointments within their powers of patronage.

Three separate registers should be maintained by Deputy Commissioners for the purpose of registering vacancies arising in the following cases:- No. 6169-6268 C. R. B. 22-28-1, dated 30th January 1929.

(1) For the establishments of the Revenue, Judicial, Excise, Income-tax and Registration Departments of the District including the establishments of the Taluk and Sub-Division Offices;

(2) For the Municipalities and District Boards included in the Unit of the Deputy Commissioner; and

(3) For the Police establishment of *Daffedars* and *Sergeants*.

No.6396-64951/ C. R. B. 25-28-5 dated, 12th February 1929.

Separate registers should be maintained for purpose of classifying the vacancies of appointments in th Ministerial and Executive services for purposes of re cruitment.

PROCEDURE FOR DISPOSAL OF VACANCIES.

G. 9155-394/ G. M. 137-23-1 dated 5th December 1923. and E. 5145-203/ C. R. B. 7-25-6 dated 18th March 1926.

19. (i) All vacancies (General and Special) exceeding three months in duration which are proposed to be filled up after or without advertisement, and on general consideration or otherwise, shall be reported to the Central Recruitment Board in the prescribed Form "A" Appendix I by the Deputy Commissioner or other officer controlling any establishment regarded as a unit for the purpose of these rules. This however does not prevent the appointing officer from filling up privilege leave vacancies and other vacancies of not more than three months' duration.

No. 5771-830 C. R. B. 5-26-1 dated 10th June 1927.

NOTE.—In the case of vacancies of less than six months' duration, whenever a sufficient number of qualified candidates are readily available, appointments may be made without advertising the vacancies in the *Gazette* according to the method of disposal prescribed in Rule (9). This discretion of filling up vacancies without advertisement should however be sparingly used.

PUBLICATION OF VACANCIES.

(ii) All vacancies to be filled up after advertisement will be notified by the Central Recruitment Board in the official *Gazette* and applications (in duplicate) will be invited from all candidates seeking employment within a specified time, which will not be generally less than fifteen days from the date of publication of the vacancy in the *Gazette*.

1719-1868 C. R. B. 10-29-1, dated 24th September 1929.

(iii) Notices relating to vacancies to be filled up after advertisement should be forwarded to the Secretary, Central Recruitment Board instead of direct to the Compiler of the *Mysore Gazette*. In cases in which Heads of Departments or other offices consider it necessary for any reason to have the notices of such vacancies published in the *Gazette* otherwise than through the Central Recruitment Board, the permission of Government to adopt such a course should be previously obtained and communicated to the Compiler for necessary action

(iv) Vacancies of less than six months' duration should also be notified on the Notice Boards of the offices concerned and unless the vacancy is for a short period or a substitute is urgently wanted, a reasonable time should be allowed for the receipt of applications. The vacancies advertised in the *Gazette* may also be notified on the Notice Boards of the offices concerned as a means of ensuring wider publicity. No. 7037-7136 C. R. B. 25-28-1, dated 15th March 1929

(v) The Secretary to the Central Recruitment Board will receive all such applications and forward one copy to the appointing officer, retaining the duplicate in his office. No, 476-526 C. R. B. 3-27-1, dated 6th August 1927.

APPOINTMENTS IN ADVERTISED VACANCIES.

(vi) The appointing officer will select and appoint to the vacancy the best available candidate from among those whose applications are forwarded to him by the Central Recruitment Board, in accordance with the principles enunciated in Government Order No. 5771-830—C.R.B. 5-26-1, dated 10th June 1927 and other instructions issued from time to time in the matter of recruitment to the public service.

(vii) All advertised vacancies should be filled up promptly and the "B" Statement of appointment made furnished to the Secretary, Central Recruitment Board, within a fortnight from the date on which applications for the vacancies are received from the Board and in no case should the delay in furnishing the Statement exceed one month.

'OSTS REQUIRING TRAINING.

20. In the case of appointments by direct recruitment to posts carrying a pay exceeding Rs. 45 per mensem and requiring training, it will be open to the appointing officers to make temporary arrangements for a period not exceeding three months during which period the recruit appointed may be given the necessary training. Necessary provision for the extra cost involved should be made in the budgets of the Departments concerned. E. 2588-638—C. R. B. 7-25-2, dated 19th November 1925.

TEMPORARY ARRANGEMENTS TILL SELECTION IS MADE.

21. In the case of vacancies in respect of which the formalities regarding advertisement, etc., have to be observed, the appointing officer will be empowered to make 9155-394 G. M. 137-23-1, dated 5th December 1923.

temporary arrangements for the conduct of urgent work pending the selection of the candidate.

APPOINTMENTS ON THE TUTORIAL STAFF OF THE NIVERSITY.

G. O. No. 1411-12/C. R. B. 6-28-1 dated 7th August 1928.

zz. The following instructions should be followed with regard to appointments in the Tutorial Staff of the University:—

(1) In the case of all tutorial appointments, the main consideration will be the efficiency of teaching in the University, and this must be regarded as paramount. But the University should keep in view the desirability and importance of securing adequate representation of members of Backward Communities on its tutorial staff, as far as may be, with due regard to efficiency.

(2) All vacancies of and above the grade of an Assistant Professor will, as heretofore, be advertised by the University and recommendations for appointments will be sent direct to Government.

No. 450-51/ C. R. B. 3-29-1, dated 19th July 1929

(3) Vacancies in the University in grades below that of an Assistant Professor, *viz.*, in the grades of Tutors, Demonstrators, Lecturers, Pandits, Moulvis, etc., and those of Pandits, Pandit Librarian, Proof Readers and Copyists of the Oriental Library and Pandits in the Archæological Office will be advertised through the Central Recruitment Board; but there will be no special reservation of any vacancies for members of Backward Communities. All applications received by the Board will be forwarded to the University, who will make a selection in accordance with the instructions in clauses (1) and (4). After an appointment is made, with the approval of Government where necessary, the same should be communicated to the Central Recruitment Board in Form "B" Appendix II.

G. O. No. 7872-74/C. R. B. 6-28-4, dated 13th April 1929.

(4) In making selection of candidates for vacancies in the Tutorial Staff of the University, preference should be given to persons belonging to Backward Communities if their qualifications are approximately equal to those of other candidates.

(5) The above instructions relate only to tutorial appointments. Ministerial appointments in the University will continue to be governed by the ordinary rules of recruitment in force for the time being

Disposal of Special Vacancies.

23. The following instructions should be followed in ıe matter of appointing candidates of Backward Com- ıunities in special vacancies :—

When a vacancy reserved for the backward ɔmmunities is advertised and no eligible candidate elonging to such communities applies for it, or having pplied, declines the appointment, the vacancy will not ɜ immediately filled up, but will be advertised a second me after the lapse of three months, except in the case of ıtorial appointments in High Schools and Middle and ncomplete Middle Schools including Lower Secondary ections of these schools and tutorial appointments in ıe University in respect of which the vacancies will be ɜ-advertised at the end of the school or academic year in me to enable the same being filled up from the com- ıencement of the following year. If no applicants elonging to backward communities apply in response ven to the second advertisement, the circumstances hould be reported to Government and their approval btained if it is proposed to appoint a Brahmin candidate in ıe vacancy. No Brahmin candidate should be appointed ı anticipation of Government sanction in such cases.

42479-7/ C. R. B. 5-26- dated 26th June 1927.

Note (i)—When no qualified candidate of a Backward Community ɔplies for a Special Vacancy advertised for the first time according to ıles, a duly qualified Non-Brahmin candidate, may, if locally available, ɜ appointed, instead of re-advertising the vacancy under the rules and ıch appointment reported to the Central Recruitment Board in the ɜscribed form of "B" Statement.

G. O. No. 7395-7494/ C. R. B. 26-28-1, dated 22nd March 1929.

(ii)—Vacancies advertised as temporary at first should be adver- sed as fresh vacancies if they eventually become permanent unless ındidates of Backward Communities recruited under the rules of recruit- ɜnt are already appointed in such vacancies, in which case such candi- ıtes may be confirmed in the vacancies that have become permanent.

No. 9158-9407/C. R. B. 35-28-1, dated 1st June 1929.

(iii)—If qualified candidates belonging to Backward Communities ɜ available for appointment in vacancies in Urdu Girls' Schools, the ɔpointing officers are authorised to fill up such vacancies without lvertising them in the *Gazette* and to furnish a report to the Central ecruitment Board in the prescribed Form as soon as they are made.

No. 4587-8/ C. R. B. 7-25-4, dated 23rd February 1928.

Preference to Candidates of Depressed Classes.

24. The following instructions should be followed ı the matter of showing preference to candidates of)epressed Classes in advertised vacancies :—

(*a*) In the case of General Vacancies open to ındidates of all communities, candidates possessing the

G. O. No. 7993-8142 C.R. B. 1-28-4, dated 2nd April 1929.

highest qualifications should be preferred for appointment irrespective of the communities to which they belong; and candidates of Depressed Classes possessing the minimum qualifications prescribed for the particular appointment need not be shown preference over others possessing better qualifications.

(*b*) In the case of Special Vacancies open to candidates of all Backward Communities, candidates of Depressed Classes possessing the minimum qualifications prescribed should be shown preference over candidates of all other communities though the latter may possess higher qualifications.

No. 123-373/ C. R. B. 1-28-1, dated 10th July 1928.

(*c*) Officers entrusted with powers of appointment should see that, in making selection for appointments, preference is not shown to candidates belonging to Depressed Classes to the extent of creating an undue preponderance of these classes in any office.

G. O. No. 454-55/C. R. B. 1-28-3, dated 14th July 1928.

(*d*) Qualified Adi-Karnataka candidates available for employment may be appointed direct for vacancies in Adi-Karnataka Schools without advertising the same, intimation of the fact being sent to the Central Recruitment Board.

INCONVENIENCE DUE TO RESIGNATION, ETC.

G. O. No. 2385-2444/ C. R. B. 11-27-1, dated 8th February 1928.

25. With a view to remove the inconvenience to work in public offices caused by the resignation of recruits soon after joining their appointments, the following instructions are issued for the guidance of officers :—

(1) Men already in service, temporary or permanent, should invariably submit their applications for new appointments through their official superiors, who will have the discretion to forward them or not according to the exigencies of service.

(2) Orders of appointment should be communicated to the selected applicant, if already in service, through the Head of the Office or Department in which he is employed to enable proper arrangements being made for work before relieving the official to take up his new appointment.

(3) If [illegible] who has applied for a number of vacancies and has taken up appointment in one is subsequently appointed in another vacancy and proposes to join the other appointment, he should give sufficient notice to the Head of the Office before leaving his post.

(4) No official who has taken up service shall be allowed to resign or leave his appointment with a view to take up another appointment, unless the officer under whom he is employed permits him to do so.

(5) Failure on the part of a recruit to comply with any of the foregoing instructions will render him liable to be declared ineligible for holding any appointment in the service of Government.

APPOINTMENTS IN CONTRAVENTION OF RULES.

26. Appointments made in contravention of rules of recruitment are liable to be vetoed by Government. Orders of Government vetoing appointments will be communicated to the officer and to the Head of the Department concerned as well as the Comptroller for necessary action. Such orders should be given effect to immediately

RETURNS RELATING TO RECRUITMENT.

27. The following Returns are due to the Central Recruitment Board from the several officers on the dates noted against them :—

EXEMPTIONS FROM THE OPERATION OF THE RULES OF RECRUITMENT.

G. O. No. E. 4560-620/ C. R. B. 1-24-29, dated 31st January 1925.

28. No appointments in contravention of the rule should be made in anticipation of sanction *under any circumstances.* When once a vacancy is advertised, the selection should be confined to the candidates whose applications are forwarded by the Central Recruitment Board. Exemption from the operation of the rules in favour of any candidate should be asked for before the vacancy is advertised.

Should an appointing Officer in any particular case consider it necessary in the interests of the work to show preference to a discharged official, such appointment should be made only with the previous sanction of Government obtained through the Central Recruitment Board.

29. With a view to ensure uniformity of practice in the matter of appointing candidates who are exempted from the operation of the rules of recruitment, the following instructions are issued for the guidance of all officers concerned :—

No. 6805-6904/ C. R. B. 17-28-2, dated 7th March 1929.

(1) Appointments of private candidates under special exemption made subsequent to Government Order No. 5771-830—C. R. B. 5-26-1, dated 10th June 1927 should be counted against general or special vacancies in a unit according as the candidates concerned belong to the Brahmin or Non-Brahmin communities respectively

(2) The vacancies in which permanent officials thrown out of employment as a result of retrenchment of establishments are absorbed should be treated as not having occurred at all for purposes of classification of vacancies into general and special or for being filled up by direct recruitment or promotion under the rules of recruitment.

No. 2729-2928—C R. B. 10-28-1, dated 11th September 1928.

30. Recommendations to Government relating to proposals or suggestions in respect of matters involving departure from the rules of the Central Recruitment Board or exemption therefrom should be made only by the Head of the Department concerned or a Unit Officer not below the grade of a Deputy Commissioner.

EXEMPTIONS FROM PASSING DEPARTMENTAL XAMINATIONS.

1053-12/ No. M. 11-23-1, dated 12th July 1923, No. 4316-75—G.M. 11-23-2, dated

31. Recommendations for exemption from passing the Departmental examinations in respect of specific

appointments may be made to Government through the Central Recruitment Board in the case of officials of long standing who have acquired by wide experience, a thorough knowledge of Codes and Rules pertaining to the Department in which they serve and who are unable on account of age or other sufficent cause to pass the departmental tests prescribed for promotion to higher posts, provided they have put in not less than 15 years' service and are not less than 45 years of age. The exemption should be only in respect of specific appointments and no general exemption from passing Departmental examinations will be granted to any official.

6th September 1923 and G. 11874-933-G. M. 11-23-4 dated 20th February 1924

32. Such recommendations for exemptions should be submitted in the first instance to the Head of the Deprrtment concerned, who will submit the same for the orders of Government through the Central Recruitment Board with his opinion.

E. 61-31-90/C. R. B. dated 6th April 1925

MISCELLANEOUS.

INSPECTION OF OFFICES.

33. Heads of Departments and Offices are repuested to scrutinise during their inspection of subordinate offices whether all vacancies exceeding three months in duration are duly reported to the Central Recruitment Board and whether oppointments are made according to Standing Orders. Instances where Standing Orders have been deliberately violated should be brought to the notice of Government.

No. E. 5463-522/C. R. B. 1-24-12, dated 3rd March 1925.

34. With a view to ensure the proper observance of the rules of recruitment and to rectify any defects or irregularities that may be noticed, the Secretary to the Central Recruitment Board may also be deputed by Government to examine the Registers and Returns maintained in the various offices of the State and submit notes of inspection to Government.

CABINET NOTE.

SUBJECT:- C.84/58-59.

The Mysore Public Service Commission (Conduct of Business and Additional Functions) Bill, 1958.

The former Ministry had approved a proposal to enact legislation extending the jurisdiction of the Public Service Commission to local bodies and also to entrust the Commission with the conduct of Departmental Examinations. The draft Bill placed below embodying the decision taken by the former Ministry provides for:

i) statutory authority to enable Government to frame rules for the procedure to be followed by the Commission;

ii) the entrustment to the Commission the conduct of Departmental Examinations;

iii) and the entrustment to the Commission duties in respect of employees of local authorities to the same extent as in respect of Government servants.

2. The present Ministry will have to pilot the Bill in the Legislature, and steps to introduce the Bill in the Legislature have to be taken. Hence the Bill is placed before the Council for consideration.

STATEMENT OF OBJECTS AND REASONS.

Article 320 of the Constitution of India specifies the functions of the Public Service Commission and Article 321 empowers the State Legislature by an enactment to provide for exercise of additional functions by the Public Service Commission as respects the services of the State and also as respects the services of any local authority or other body corporate constituted by law or of any public institution. In order to ensure that proper persons are appointed to the services of local authorities, it is considered necessary to entrust the Public Service Commission with the same functions as it exercises as respects the services of the State. In respect of Taluk Boards, provision has been made separately in the Mysore Village Panvhayats and Local Boards Bill, 1958. In respect of Municipalities, it is proposed to make provision in the uniform law relating to Municipalities which is under consideration of Government. Provision has been made in the Bill for amendment of the City of Bangalore Municipal Corporation Act, 1949, to enable the Commission to exercise functions in respect of the staff of the Corporation.

It is also considered necessary to entrust the Commission with the function of conducting the departmental examinations which Government servants are required to pass either to secure confirmation or promotion. The procedure to be followed by the Commission in the performance of its functions has also to be regulated by an enactment. Hence the Bill.

CHIEF MINISTER.

FINANCIAL MEMORANDUM relating to the Mysore Public Service Commission (Conduct of Business and Additional Functions) Bill, 1958.

-----:o:----

The additional functions of the Commission as a result of the enactment under the proposed Bill would be --

(i) extension of functions of the Commission to all Local Bodies including the Corporation of the City of Bangalore;

(ii) inspection of Unit Offices of Local authorities:

(iii) the conduct of Local Service Examinations which are now being conducted by the Local Service Examination Board.

Some additional staff have already been sanctioned for the Office of the Public Service Commission in December 1957 and the proposals of the Public Service Commission for some more additional staff, involving recurring extra expenditure of Rs.46,000/- per annum, recently received are under examination. For the conduct of the Local Service Examinations, the staff now attending to this work will continue under the Public Service Commission; and the provision for the contingent and other items of expenditure now incurred on the above account will also be placed at the disposal of the Public Service Commission.

In view of the above, no extra cost, specifically for these additional functions, will be necessary.

(Minister for Law)

N O T E.

According to Rule 9 of the Annexure 2 of the Mysore Public Service Commission Consultation Regulations, 1958, all gazetted posts sanctioned in connection with the implementation of the Community Development Project are excluded from the purview of the Public Service Commission (see Rule 3 B of the above mentioned Notification).

The post of the Principal, Gram Sevaks Training Centre, Mandya, is a gazetted post carrying a pay scale of Rs.300-700. The appointment of Shri V.J. Hudli as Principal, without consulting the Public Service Commission therefore cannot be considered as irregular. It may be mentioned that this person was employed as Principal in view of his very high qualifications. He is a graduate in Agriculture of the Karnatak University and M.S., M.A., Ph.D., of Minnesota University, United States. It may also be stated that the Government of India have included him in the pool of highly qualified scientific officers and guaranteed him a salary of Rs.500/- whenever he chooses to take it.

So far as the non-gazetted staff of this Department is concerned, (Gramsevaks, Gramsevikas, Social Education Organisers, Ministerial staff etc.), the recruitment is bei done through the Public Service Commission. It may also be mentioned that B.D.Os. who are gazetted officers of this Department and whose recruitment could be done without consultation of the Public Service Commission are also being recruited in consultation with the Public Service Commission so as to ensure selection of really qualifie candidates of outstanding merits.
